## Role of Peptide-Based Nutrition Therapy for Patients with Malabsorption and Maldigestion Conditions

### SPEAKER

### Baraa Alrazzak, MD

Dr. Alrazzak is dual Board-Certified in pediatric gastroenterology and general pediatrics. He is devoted to kids' health and wellbeing. He established Kids GI Kare with the aim of providing patients with the best care possible and keeping the parents well-informed about the unique medical needs of their kids, giving them the time and attention to discuss their questions and worries. He also strives to create a relaxed and friendly ambient environment where kids feel more comfortable and capable of addressing their concerns. Dr. Alrazzak is so passionate and dedicated to improving the health of his patients and is always willing to discuss any health-related unease they might have.
