

Advanced Practice Provider Leadership Mini-Conference

December 4, 2020
Virtual | Online (via Zoom)

INTRODUCTION

About

In September 2020, APPex's annual conference—the Advanced Practice Provider (APRN & PA) Leadership Summit—was forced to pivot to a virtual/online environment for the first time in 13 years due to an unprecedented global pandemic (COVID-19) which made it unsafe for travel and large gatherings (e.g., non-essential conferences). While months of planning had to be re-done, a positive opportunity from the process of developing and preparing to host virtual sessions arose: the ability to continue delivering valuable advanced practice administrative and leadership content that was easily accessible and offered more frequently.

Mini-conferences are one (1) full day virtual/online sessions that are offered quarterly on the first Fridays in March, June, and December and assemble the same great speakers and presentations as the live, in-person annual summit in mid-September. Each mini-conference features a leading organization regarding its advanced practice infrastructure, operations, APRN & PA utilization, and/or innovation. They are designed to be a continuation of the forum, networking, community-building, and sharing/learning about advanced practice administration and leadership from colleagues across the U.S. that so many have meaningfully and positively experienced attending the annual summit.

Benefits to Attendance

- Engage with other advanced practice administrators and health-care leaders
- Learn best practices, novel strategies, and evidence-based approaches to a variety of advanced practice topics
- Participate in sharing ideas, resources, and support within the national advanced practice leadership community
- Support your organization, staff, and colleagues by integrating new knowledge and insights to improve the advanced practice infrastructure at your organization
- Discuss new and upcoming changes, challenges, and successes at the national, state, and regional/local levels

Who Should Attend?

- Advanced practice administrators, managers, leads/chiefs, chairs of shared governance/nursing/medical councils & committees
- Hospital and healthcare administrators and executives, physician leaders and nursing leaders involved directly or indirectly with advanced practice
- Chief Nursing Officers (CNOs), Chief Medical Officers (CMOs), Directors of Nursing (DONs), Chiefs/Chairs of Departments, Patient Care Directors, Nurse Managers, and Clinical Nurse Leaders (CNLs)
- Advanced Practice Providers (APPs): PAs, NPs, CRNAs, CNMs, and CNSs
- Other healthcare roles involved with APRNs & PAs: medical staff services, compliance, risk management, finance/revenue, billing & coding; physicians, nurses, pharmacists, etc.
