

Texas Austin NAPNAP Chapter

SPRING NEWSLETTER

February, March and April 2021

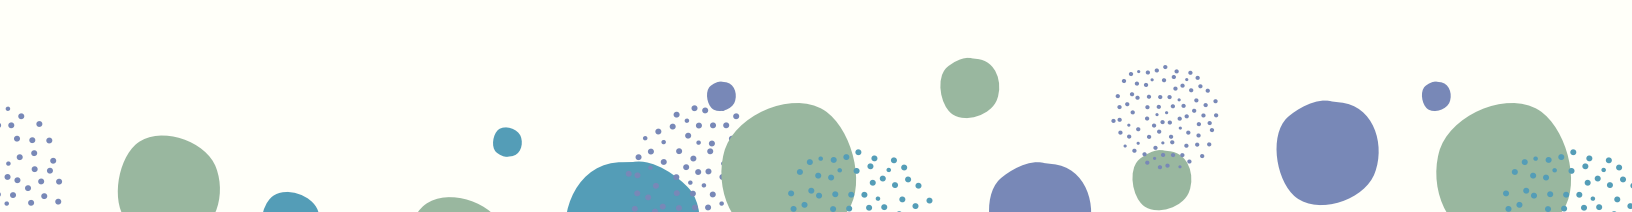

Thank you to all of our members!

Thank you for continuing to care and advocate for the children of Austin throughout this past year and into the next.

We know each of you is dealing with stressors both personal and professional. We hope the continued presence and advocacy within NAPNAP has provided a source of information, resource, and community.

We hope you'll continue your membership in 2021 (renewals are based on the month you joined) or choose to join NAPNAP and help be an advocate for pediatric healthcare!

Please reach out to our team by email or social media for questions, comments and concerns!

MEMBER SPOTLIGHT

- Bachelor of Science in Nursing from the University of Texas at Austin
- Master of Science in Nursing, Pediatric Nurse Practitioner (Primary Care) from the University of Texas at Arlington
- Post-Masters Certification Pediatric Nurse Practitioner (Acute Care) from the University of Texas at Arlington

My mother is in the medical field and I've always admired her passion for helping others. There's something so rewarding and humbling about being in a position to bring others comfort. I learned a lot as a floor nurse, but I wanted to care for my patients on a different level, which is why I became a Nurse Practitioner and I continue to love what I do!

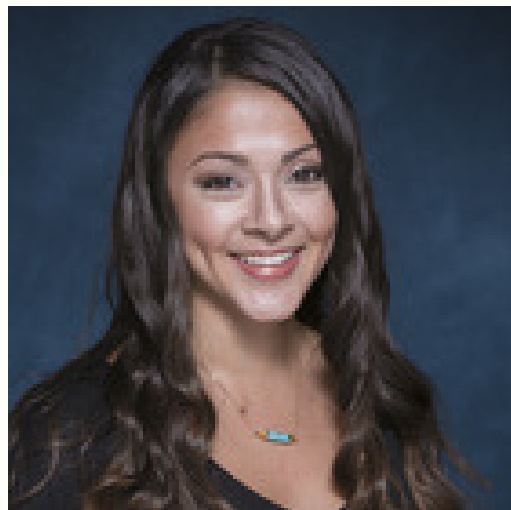

Nursing Experience:

Children's Medical Center Dallas: General Pediatrics-floor nurse (5 years)
Dell Children's Medical Center: Epilepsy Monitoring Unit- NP (6 years)
Child Neurology Consultants of Austin/Pediatric Rheumatology
Consultants: NP/Program Manager (Current)

FUN FACT: Worked with UT Football when they won the National Championship.

NP TIP: Lead with compassion and always remember why you chose this profession

Why are you a TANC member?: Among many other things, TANC is a great way to network with amazing NPs in the community.
