## Get Waivered Texas (GWTX)

Texas Nurse Practitioners (TNP) introduces GetWaiveredTX, a Texas wide state funded training initiative from UT Health San Antonio. GetWaiveredTX aims to increase the number of nurse practitioners delivering evidence-based buprenorphine treatment for opioid use disorder. TNP views nurse practitioners as an essential part in addressing substance use disorder and ending opioid use deaths. [To register for a training.](https://www.getwaiveredtx.com/training/)

The Coastal Bend APRN's aim is to improve the health of our community and our purpose:

- ◆ To promote professional standards and quality practice of advanced practice registered nurses through education and mentorship.
- ◆ To foster professional community and networking to support professional identity and community awareness of advanced practice nurses in the Coastal Bend area.
- ◆ To promote the interests of area population and advanced practice registered nurses through advocacy.
