

Planned Parenthood of Northern,
Central, and Southern New Jersey

Hiring Nurse Practitioners

Planned Parenthood of Northern, Central and Southern New Jersey (PPNCSNJ) provides comprehensive reproductive and sexual health care, abortion services, education and information at 16 health centers throughout New Jersey.

PPNCSNJ is seeking a licensed and certified Advanced Practice Nurse (APN), Nurse Practitioner (NP), or Physician Assistant (PA) to provide family planning care, reproductive and sexual health care, abortion care, education and information, in accordance with agency policies and procedures.

This health care provider will be an integral part of our dynamic team, contributing high-quality patient care, providing excellent customer service, ensuring efficient and effective patient flow and a safe clinic environment. In addition, they will work collaboratively with all team members to create a great workplace.

Why work for Planned Parenthood?

Are you ready to work with passionate, smart individuals from all walks of life who represent the diversity that makes us all special? If so, this is one of the many reasons you should join us. From your first day on the job, you'll be immersed in a hands-on, hit-the-ground running experience. Each day will be unique and meaningful. Beyond your day to day contribution and an excellent benefits package, we offer a tangible work-life balance with career development opportunities and a supportive work culture.
