

Primary Care for Children Vaccine Confidence Webinar Series

Event Summary

Despite recommendations, COVID-19 vaccination coverage among children has been low. Please join The University of Iowa Prevention Research Center for Rural Health and Iowa Immunizes in a webinar about the safety and importance of children receiving COVID-19 and routine vaccines and ways to communicate vaccine information to parents.

Non-endorsement of products

A decorative graphic on the left side of the text block consisting of a grid of blue triangles of varying sizes, arranged in a pattern that tapers to the left.

As an Accredited Provider of Continuing Education (CE) Credits for Health Education (CHES), Nursing (CNE), Medicine (CME), and Public Health (CPH) the American Public Health Association Center for Professional Development (CPD) Unit and its respective Continuing Education accrediting organizations do not endorse any products or services that are displayed or referred to in conjunction with this activity and are not responsible for the actual presentation of content during scientific sessions.

Policy on disclosures to learners

The University of Iowa Prevention and Research Center for Rural Health strives to ensure balance, independence, objectivity and scientific rigor in all of its educational programs. All planners, faculty members, moderators, discussants, panelist and presenters participating in this program have been required to disclose any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of this program. This includes relationships with pharmaceutical companies, biomedical device manufacturers or other corporations whose products or services are related to the subject matter of the presentation topic. The intent of this policy is to identify openly any conflict of interest so that the attendees may form their own judgments about the presentation with full disclosure of the facts. In addition, faculty is expected to openly disclose any off-label, experimental and/or investigational uses of drugs or devices in their presentation.

Disclosures, Conflict of Interest (COI) and Resolution of COI policies are available via the APHA's website and in the printed program

Instructions on how to obtain credit

Participants must attend the entire webinar and complete the evaluation online in order to earn credit hours and obtain a CE certificate. A link to the online evaluation system will be sent to all registered participants who attend the activity that will contain instructions for access to the system. All online evaluations must be submitted six (6) weeks after the first day of activity.
