

RN-TO-NP STUDY

[Above and below – Nursing students at UMass Chan Medical School's Tan Chingfen Graduate School of Nursing; UMass Chan Medical School campus, Worcester, MA]

Want to help us better understand how RNs transition to the NP Role?

Please consider joining our study as a participant! This research, led by Dr. Pat White and Dr. Mary Fischer at UMass Chan Medical School's Tan Chingfen Graduate School of Nursing examines whether experience as an RN influences transition and socialization to the role of NP. Few studies explore this transition, and we seek to learn more from recent alumni (Class of 2018 through 2022) of accelerated, direct-entry RN-to-NP programs who have been practicing NPs for at least six months. Participants will be asked to complete an interview on Zoom with a Co-Principal Investigator (Co-PI), or a survey with interview questions to complete on their own. Participants will receive a \$25 gift card for their time.

Questions? To learn more, contact:

- Pat White, PhD, ANP-BC, FAANP, Co-PI/Associate Professor, at Patricia.White@umassmed.edu, or (617) 512-5688
- Mary Fischer, PhD, WHNP-BC, Co-PI/Assistant Professor, at Mary.Fischer@umassmed.edu, or (774) 455-5666
