Objective

To seek board membership of the NDNPA: I am a nurse practitioner (NP), graduated with my doctoral degree from North Dakota State University in 2016. I have worked as an NP since 2016 at Sanford Urgent Care. I have been on the NDNPA as the Fargo planning Liaison about 4 years ago, but left due to compounding life constraints with leadership/volunteer/Sanford counsel work and family-work life balance strain. I was most previously the Sanford Advance Practice Provider (APP) Council chair from 2020-2024, now serving as the past chair. I still serving as one of the Sanford APP Enterprise Council, representative of Fargo Market. I am the APP clinician on the Sanford APP Clinical Rotation Committee in Fargo.

Experience

Nurse Practitioner — Sanford Health

July 2016 — Present

- Urgent care (South University and Broadway locations)- Treats and diagnoses across the lifespan and various medical conditions and medical stabilities. We do extensive workups, including CT, US, XR, near full panel lab diagnostic, as well as, parenteral/IM treatment.
