

# Best Practices for Clinical Excellence

NTNP's Annual CE Conference April 4th and 5th, 2025 Dallas, Texas

## Call for Research/Project Poster Abstracts!

**Sharing new knowledge, integration of evidence-based practice, creative solutions to problems, or other improvements** is a fantastic way to enhance the learning experiences of others and help build your own portfolio of scholarly works. We invite you to submit a poster abstract of your work for presentation at the conference.

### General Poster Abstract Information:

- Members, non-members and students are invited to submit a poster abstract for presentation.
- Abstracts should be sent to **bethfarren@verizon.net** by February 17, 2025 deadline.
- All authors of submitted abstracts will be notified of acceptance by email no later than March 10 2025. Once you agree to present please take your commitment seriously and keep Dr. Farren apprised of any problems that may impact your ability to be present.
- Presenter of accepted abstracts must agree to be present during the “meet the authors” sessions during the conference time, which this year will be midmorning, April 5, 2025. In the case of multiple authors, at least one must be present.
- The preferred size of poster is 36x48” although other sizes will be accepted. The presenter names and affiliations should appear on the poster.
- Presenters can bring an easel and foam board or can have a tri-fold board mounted poster which will be displayed on a provided table.
- Authors names and contact information should be displayed on poster
- Poster Presenters will receive a \$50.00 refund on their registration for the conference.

### General Poster Abstract Criteria:

- Abstracts/Posters may represent research, Evidence-Based Practice Implementation, Creative Solutions, Process Improvement, or Best Practices. Case Study and Program Evaluation posters will also be considered. Permission from agency involved is required. Co-author or co-workers permission should also be made available.
- It is preferred that research or project has been completed with identified outcomes; however, works in progress will also be considered. Completed projects will be given priority.
- Research poster abstracts must include proof of human subjects review.
- Research poster abstracts should address at minimum:
  - Purpose, Background & Significance, Method, Results and Conclusions
- Abstracts from evidence-based practice integration, creative solutions, or process improvements should include at minimum:

- Purpose, description, methods, evaluation, and outcomes.
- Best practices abstracts should include at minimum:
  - Purpose, description, and practice pearls, new or novel management of a condition or treatment.
  - All presentations involving agencies and/or private practices must show permission from same.
