

The Voice of the Nurse Practitioner ®

Thank you for joining us to learn about policy updates affecting nurse practitioners (NPs) and their patients. The American Association of Nurse Practitioners® (AANP) is committed to working to remove barriers and improve patient care. This handout has resources to help you dig deeper into the concepts presented during the session and stay up to date on the policy issues that impact your practice.

Here's how you can follow up on the session content and increase your impact!
