ED Seminar for Healthcare Providers

Erectile dysfunction is not only a problem in the bedroom

Up to 50 million men in the US suffer from ED,¹ yet less than 1% of them move on to receive a long-term solution.²

As an early indicator of cardiovascular disease³ and other serious illnesses, screening patients for ED is more important than ever.

Connect with an ED specialist

- Learn about advanced treatment options
- Improve patient care

Dr. Laith Alzweri

He graduated from the school of medicine, Jordan University of Science and Technology, Jordan and completed internship, general surgery and urology residency in the UK.
