## FEATURED PROGRAM

**The focalize.health NP Entrepreneur Startup Program**

Cost is the biggest obstacle to starting a practice — we want to change that. Selected NP entrepreneurs get the technology and infrastructure to launch with **little to no upfront technology cost**, ramping up as your patient base grows.

Start small

Keep overhead low

Build your patient panel

Grow on your own timeline

**This isn't just about opening an office.** It's about giving Nurse Practitioners the tools to become practice owners and healthcare entrepreneurs.
