

Psychiatric-Mental Health Nurses: Preparing for Recovery-Oriented Practice

May 17, 2014

Colorado Mental Health Institute, Fort Logan

Transforming illness-centered mental health care to recovery-oriented systems of care through a program developed around SAMHSA's 10 components of recovery.

Presented in conjunction with the American Psychiatric Nurses Association, to promote greater awareness, acceptance, and adoption of mental health recovery principles and practices among psychiatric-mental health nurses. CE credit, lunch and materials are included.
