

29TH ANNUAL COLIN J. CONDRON, MD CARE OF THE SICK CHILD CONFERENCE

November 7-9, 2012

Conference Location & Hotel Accommodations:

Walt Disney World Swan Resort
Lake Buena Vista, Florida

Presented by:

***Orlando Health • Arnold Palmer Hospital for Children
The Florida State University College of Medicine***

THE FLORIDA STATE UNIVERSITY
COLLEGE OF MEDICINE
ORLANDO REGIONAL CAMPUS

DESCRIPTION

This conference is specifically designed for pediatricians, primary care physicians, physician extenders, nurses, and other health care professionals involved in the care of children. Emphasis has been placed on the day-to-day issues the pediatric provider encounters and challenging diagnostic or management dilemmas. Topics are based on current trends.

COURSE OBJECTIVES

At the conclusion of the course, the participant should be able to:

- Describe optimal infant feeding recommendations as defined by the WHO, the US Surgeon General, US Public Health Service, CDC, and Medical and Health specialty societies, such as, the American Academy of Pediatrics.
- Develop strategies to overcome barriers to breastfeeding.
- Illustrate differences between adult and pediatric palliative care and examine barriers encountered when trying to access comprehensive pediatric palliative care and how to overcome them.
- Examine the essential components of a successful, integrated, trans-disciplinary pediatric team for children with life-threatening illnesses and their families.
- Illustrate how to reassure parents about the need for and safety of following the recommended vaccine schedule.
- Recognize risk factors for sudden cardiac death in pediatric patients.
- Examine the most recent changes to the Pediatric and Adult immunization schedules.
- Illustrate recommendations for screening children for cardiac conditions that are associated with sudden cardiac death and refer to a pediatric cardiologist as needed.
- Demonstrate the recommended protocol for screening newborns for critical congenital heart disease and establish a screening program for infants in the well-baby nursery.
- Illustrate the importance of family and personal history of cardiac disease that should prompt further cardiac evaluation and the indications to refer a child to a pediatric cardiologist for further evaluation before starting stimulant medications or allowing competitive sports.
- Explain the genetic and immune basis for "daycare" syndrome and the keys to the treatment plan for this condition.
- Illustrate the causes and current treatment options for urticaria, angioedema, atopic dermatitis, and medication rashes.
- Examine the latest recommendations in the care of asthma patients and explain how to implement them in practice.
- Recognize numerous disease entities affecting children through visual diagnosis, physical examination, and appropriate use of technology in an effort to reduce costs to patients.
- Employ information and recommendations from the latest edition of the Red Book concerning infectious diseases in children to improve patient outcomes.
- Illustrate the effects of iron deficiency and how to effectively counsel parents about proper iron nutrition.

- Examine the nature of monitoring the MMWR for public health information to improve his/her Pediatric practice and improve outcomes for children.
- Differentiate the diagnosis and management of both benign and serious dermatologic conditions in children.
- Demonstrate ability to accurately code patient encounters in a pediatric practice applying knowledge of new ICD10 codes.

ACCREDITATION

PHYSICIANS

This live activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Orlando Health and The Florida State College of Medicine. Orlando Health is accredited by the ACCME to provide continuing medical education for physicians.

Orlando Health designates this live activity for a maximum of 18.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSING:

Nursing Continuing Education pending.

CONFLICT-OF-INTEREST POLICY STATEMENT

As a sponsor by the ACCME, it is the policy of Orlando Health to require the disclosure of the existence of any significant financial interest or any other relationship a faculty member or a sponsor has with the manufacturer(s) of any commercial product(s) discussed in an educational presentation. This information can be found in the program materials distributed at the meeting.

SPONSOR DESCRIPTIONS

Orlando Health is one of Florida's most comprehensive private, not-for-profit healthcare networks that include Arnold Palmer Hospital for Children and Winnie Palmer Hospital for Women & Babies.

Arnold Palmer Hospital for Children is truly the "hospital built for kids." Dedicated exclusively to serving the special health care needs of children, Arnold Palmer Hospital is a 158-bed facility providing highly specialized services for children in a family-centered environment. In addition to newly renovated and expanded services in general pediatrics, critical care, and pediatric subspecialty care, Arnold Palmer Hospital for Children opened its emergency department in 2008. Attached by an over-the-street connector, Winnie Palmer Hospital for Women & Babies is a 285-bed facility providing comprehensive fetal diagnostic, obstetric, and neonatal services. Winnie Palmer Hospital is the busiest labor and delivery facility in the State of Florida.

The Florida State University College of Medicine's mission is to educate and develop exemplary physicians who practice patient-centered health care, discover and advance knowledge, and are responsive to community needs, especially through service to elder, rural, minority, and underserved populations. FSU uses a distributive, community-based model in which students spend the first two years on the FSU campus in Tallahassee and complete the third and fourth years of clinical training at regional campuses around the state, with one of those sites being in Orlando.

SPECIAL NEEDS

Orlando Health fully complies with the legal requirements of the Americans with Disabilities Act rules and regulations thereof. If any participant of the Care of the Sick Child Conference is in need of accommodation, please do not hesitate to submit written requests at least one month in advance to the CME staff, Orlando Health, 1414 Kuhl Avenue, MP 40, Orlando, FL 32806.

CONFERENCE LOCATION

The conference will be held at the Walt Disney World Swan Resort, 1200 Epcot Resorts Boulevard, Lake Buena Vista, Florida, 32830

HOTEL INFORMATION

A block of rooms has been reserved at the Walt Disney World Swan Resort, Lake Buena Vista, Florida from November 4, 2012 thru November 12, 2012 at the rate of \$190 per night. To reserve your room, please visit:

<http://www.swandolphin.com/groupres/oh/>

To buy discounted theme park tickets and reserve dining, please use the link below: <http://www.mydisneymeetings.com/cjccotsc/>

REGISTRATION

In the unlikely event that the conference is cancelled, conference registration fees will be refunded; however, Orlando Health is not responsible for any hotel or travel costs you may incur.

MULTIPLE REGISTRATION DISCOUNTS

\$50 per person will be discounted if three or more attendees are from the same organization and payment is made together. Please complete separate registration forms, but submit them together with a single payment.

CANCELLATION POLICY

Registration cancellations must be received by October 26, 2012. An administrative fee of \$100 will be retained on all cancellations.
