Nemours.

Children's Health System

Please Join Us!

In the past year, Shepherd's Hope has provided more than 20,000 patient and medical visits to the uninsured men, women and children in Central Florida. These services were provided with only 235 physicians, physician assistants and advanced registered nurse practitioners dedicating one night a month at one of our five health centers. With so many patients to serve, we need you to join us as a volunteer to help those who need us most.

Join some of your peers who are already volunteering at Shepherd's Hope as they share how inspiring and gratifying it is to get involved.

Beer, wine and a light buffet will be served at our

Bring a Doc event

Thursday, September 11, 2014

5:30 to 7:00 p.m.

Dubsdread Country Club

549 West Par Street, Orlando, Florida 32804

RSVP's by September 8, 2014
