Bellingham, WA 98225

Dear Colleague,

Well, the time has finally come for me to retire and enjoy a life of gardening, travel, and quality time with family! It has been my pleasure serving the Point Roberts community the past nine years by providing local access to quality primary care. That wouldn't have been possible without your support and willingness to accept my referrals. As you know, access to specialty care is a challenge for this remote community. I have greatly appreciated your cooperation over the years and I trust those relationships will continue with my replacement.

I would like to introduce you to Alexandra Hunt, FNP. She comes to us with more than 25 years of experience as a family nurse practitioner. A Master's Degree in Community Health Nursing/FNP from Yale University and her undergraduate degree from UC Berkeley, Alexandra is highly qualified and will be a great asset to the Point Roberts community.

Alexandra relocated from a small town in New Hampshire and is joining us on September 4th. I will remain on staff through September to assist her with the transition and ensure it is as smooth as possible. Please help us welcome her to Whatcom County.

Thank you again for your past and continued support of our small community clinic in Point Roberts. It has been very professionally rewarding to work with such high caliber colleagues over the years.

Sincerely,

A handwritten signature in cursive script that reads "Virginia Lester".

Virginia Lester, ARNP
