BIOGRAPHY

Rocio Harbison, MD

Endocrinologist

**Advanced Endocrinology and Diabetes Clinic
Houston, TX**

Dr Harbison earned her medical degree from the University of Puerto Rico School of Medicine in San Juan. She fulfilled her internal medicine residency requirement at St Vincent Hospital in Indianapolis, Indiana. Her postgraduate training also includes an endocrinology, metabolism, and diabetes fellowship at the University of Michigan in Ann Arbor. Board certified in endocrinology, Dr Harbison was faculty at the University of Texas Houston Health Science Center and worked in a large group practice prior to founding Advanced Endocrinology and Diabetes Clinic.

Dr Harbison is a member of several national and regional professional societies, including the Association of Clinical Endocrinologists, American Diabetes Association, The Endocrine Society, Texas Medical Association, Harris County Medical Society, The Obesity Society, Obesity Action Coalition, Hispanic Women's Network of Texas, and Houston Hispanic Chamber of Commerce. She is a primary investigator for Juno Research, and has several literature contributions to her credit in the area of human growth hormone and other endocrinology-related topics. Dr Harbison also serves as a volunteer and speaker for the American Heart Association.
