## INNOVATIVE TREATMENT OPTION FOR OBSTRUCTIVE SLEEP APNEA

### Why Untreated OSA Impacts Cardiovascular Outcomes

Join Dr. Amit Patel and Dr. Mehta for a practical discussion on the relationship between OSA and cardiovascular disease. This session will explore how untreated OSA impacts conditions such as hypertension, atrial fibrillation, and heart failure, while highlighting opportunities to identify at-risk patients within cardiology and primary care settings.

#### Speakers

Dr. Amit Patel  
MD  
Virginia Heart Sleep Center, Falls Church

Dr. Rohit Mehta  
MD  
Heart Rhythm Partners

**Date: Thursday, August 27**
