

## **Pediatric Nurse Practitioner (Primary Care)**

### **Job Opening: Bountiful, Utah**

Busy Bee Pediatrics (formerly Dr. Coombs' office of 35 years) has made a transition. Dr. Coombs retired last year and sold his well established pediatric practice to Bonnie B. Feola, MD, FAAP. "Dr. Bonnie" has 23 years of experience as a board certified Pediatrician and five years as a pediatric administrative director.

We are truly an "independent" pediatric office. This allows us to be flexible and intentional in ways that larger organizations may not. We have a caring and dedicated staff that is excited to be relevant and active in today's health market.

We love helping Utah babies and children stay as healthy as possible.

Our office is outpatient only, flexible hours.

Consider joining our experienced team!

#### **Skills:**

Excellent pediatric training and experience in primary care

Excellent communication skills and strong work ethic

Compassion, patience, organizational skills and critical thinking

Behavioral medicine and mental health experience a plus, but not required

Strong sense of customer service and patient relations

Responsible, energetic and self-motivated to provide excellent care

#### **Requirements:**

Certified Pediatric Nurse Practitioner (MSN, CPNP)

Three to five years work experience, especially in pediatric primary care

Licensed to work in Utah

This is a great opportunity for a long-term position.
