

COMMUNITY EDUCATION PROGRAM  
CME PROVIDED

*Screening and Diagnosis for Prevention of  
Breast, GI, and Lung Cancers*

Moffitt Cancer Center Speakers:  
Deanna Grubbs, PA-C - Thoracic  
Susan Hoover, MD - Breast Surgeon  
Luis Pena, MD - GI Advanced Endoscopy

June 16, 2016  
6:00-6:30 pm General Meeting  
6:30-8:30 pm Dinner Program

Brio Tuscan Grille  
2223 N. Westshore Blvd  
Tampa, FL 33607  
813-877-3939

**REGISTRATION:**

This program is free, however registration is necessary. Please visit [www.moffitt.org/conferences](http://www.moffitt.org/conferences) and select Community Education Programs. Go to Available Programs to register. For questions please contact [Marsha.Moyer@Moffitt.org](mailto:Marsha.Moyer@Moffitt.org); 813-745-2286.

**OBJECTIVES:**

At the end of the presentation nurse practitioners will be able to:

1. Describe reasoning for early lung cancer screening
2. Summarize updates in diagnostics for breast cancer
3. Review guidelines for colon cancer screening
4. Recall indications for screening endoscopy in patients with GERD

USF Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

USF Health designates this live activity for a maximum of 2.0 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Provided by

**Target Audience:** This course is designed for community nurse practitioners who may diagnose various types of cancer.

**Course Description:** This program discusses current screening and diagnostics for early detection and prevention of breast, colon, esophageal, and lung cancer.

**Needs Assessment:** Cancer affects a large population, comes in many forms, and is a concern for healthcare professionals and patients alike. If not caught early, many cancers can be difficult to treat and lead to morbidity. The community nurse practitioner, a primary interface to patients for their care, requires multidisciplinary knowledge to assess conditions such as cancer. This program will address screening and diagnostics for various cancer types to improve early detection and patient outcomes.

**Faculty Disclosure:** USF Health adheres to ACCME Standards regarding commercial support of continuing medical education. It is the policy of USF Health that the faculty and planning committee disclose real or apparent conflicts of interest relating to the topics of this educational activity, that relevant conflict(s) of interest are resolved and also that speakers will disclose any unlabeled/unapproved use of drug(s) or device(s) during their presentation. Faculty disclosures will be made available at the program.

**Disclaimer:** The information provided at this CME activity is for continuing education purposes only and is not meant to substitute for the independent medical/clinical judgment of a healthcare provider relative to diagnostic and treatment options of a specific patient's medical condition.

**EEO:** USF and Moffitt Cancer Center are Equal Opportunity/Affirmative Action/Equal Access Institutions. For disability accommodations contact Marsha Moyer, by e-mail at [marsha.moyer@moffitt.org](mailto:marsha.moyer@moffitt.org), within five days of the event.
