WHO SHOULD ATTEND

This continuing medical education program is designed to meet the educational needs of primary care providers, registered nurses, and other health care professionals.

LEARNING OBJECTIVES

At the conclusion of the conference, participants should be able to do the following in primary care settings:

- Review the available evidence and best practice guidelines for patients
- Assess the advantages and limitations of current medical, and interventional therapies for patients
- Design treatment and surveillance strategies to manage patients

ACCREDITATION STATEMENT

This continuing nursing educational activity was approved by the Arizona Nurse's Association, an accredited approver by the American Nurse's Credentialing Center's Commission on Accreditation. All participants must attend full conference. After filling out evaluation, participants will earn 7.0 CME (this includes 2 CME for pharmacology)
