

## Lysosomal Acid Lipase Deficiency (LAL-D) – A Silent Killer:

Will Your Patient's Fatty Liver rapidly progress to Fibrosis, Cirrhosis, and Premature Mortality?

## Krista Havlin, RN, ANP, FNP

Clinical Lipid Specialist Mercy Heart and Vascular St. Louis, MO

**Presents** 

Recognizing and Diagnosing LAL-D: A genetic, progressive, multi-systemic, life-threatening disease

## Tuesday, January 24, 2017 6:30 PM

Parkside 23 | 2300 Pilgrim Square Drive | Brookfield, WI 53005 Please RSVP by January 22, 2017 You may register for this program

by calling or texting Rebekah Jonjak at

608-469-5613 or email rebekah.jonjak@alexion.com

Historically referred to as Wolman Disease and Cholesteryl Ester Storage Disease, LAL-D is commonly misdiagnosed as NAFLD, NASH, Metabolic Syndrome, and other diseases with liver and/or lipid manifestations, but the devastating consequences of LAL-D make early and accurate diagnosis critical.

Diagnose LAL-D with an Enzymatic Blood Test. Please contact your Alexion RAM for additional information on how to add to your Routine Testing Panel.

Alexion is committed to complying with all applicable laws and regulations and adhering to the highest standards in its interactions with healthcare professionals. Minnesota, Vermont, the Department of Defense, and the Department of Veteran Affairs have regulations or policies that prohibit the receipt of meals at company sponsored events. You are accountable for understanding such restrictions and complying with them. Alexion may restrict your participation in this program. Please note, per industry guidelines, we are unable to accommodate spouses or guests at this event. The invitation is nontransferable and is for relevant healthcare professionals only. In order to ensure accurate transparency reporting of meals, Alexion requires program attendees to sign in upon arrival. Subject to all applicable federal and/or state regulations Alexion will disclose information related to meals provided to you. In most cases, this information will be made public. Attendees may opt out of the meal by indicating on their RSVP.
