

## Is It COPD or Something More?

The Answer May Be Right at Your Fingertips

*You are invited...*

To attend an educational program titled "Is it COPD or Something More? The Answer May Be Right at Your Fingertips."

During this engaging meeting we will investigate the many myths associated with COPD and alpha<sub>1</sub>-antitrypsin (AAT) deficiency. I will review information about COPD and AAT deficiency and, together, I hope we can help to improve identification, diagnosis, and treatment of AAT deficiency.

Some of the many myths we will examine are the ideas that all COPD is caused by smoking, AAT deficiency is rare and testing is unnecessary, and the misconceptions surrounding the diagnosis, consequences, and treatment of AAT deficiency.

**When:** Tuesday, April 25, 2017 at 6:00 PM

**Where:** Ruth's Chris Steak House  
720 Gallatin Street SW  
Huntsville, AL 35801  
(256) 327-7890

<b>Speaker:</b> Jerrod Taylor, M.D. Pulmonary & Critical Care Physician & Huntsville Hospital Lung Center Huntsville, AL	Len Geiger, BS Alpha-1 Advocate Dohmen Life Science Services Jacksonville, FL
