LIC-N4DRIVER-01

Mitsubishi Electric Centralized Controller Driver

MITSUBISHI ELECTRIC
HEATING & AIR CONDITIONING

Job Name:	
System Reference:	Date:

Features

- Integrates AE-200/AE-50/EW-50 centralized controllers with Tridium Niagara 4.
- Manage up to 50 groups per centralized controller, each overseeing 1 to 16 indoor units collectively.
- License options tailored to your needs, with unlimited connections and cost based on the number of controllers.
- Supports dual set-point control (model dependent) and provides comprehensive diagnostic data for proactive maintenance.
- Transform your HVAC management into a cohesive, efficient system with Mitsubishi Electric's advanced integration solutions.

Specifications are subject to change without notice.
