

## Installationsguide

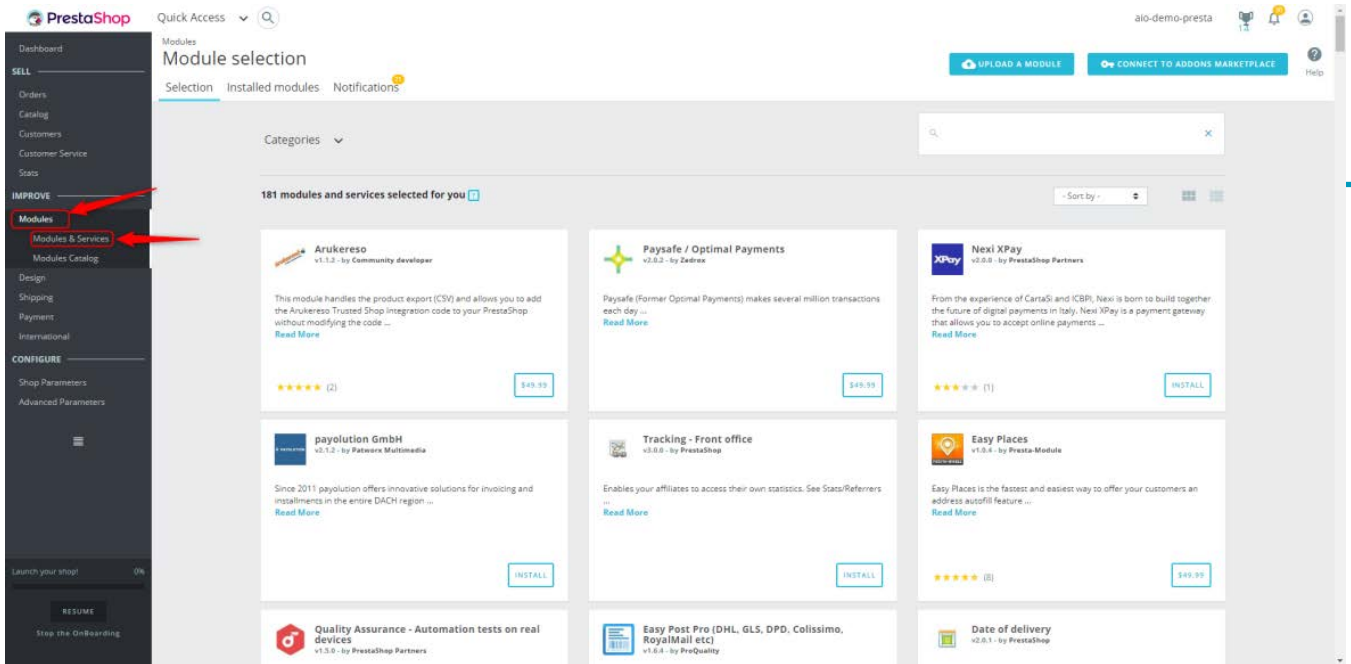

# Installera PostNord Delivery Checkout i PrestaShop

### 1. Gå till backend i PrestaShop för din live sida.

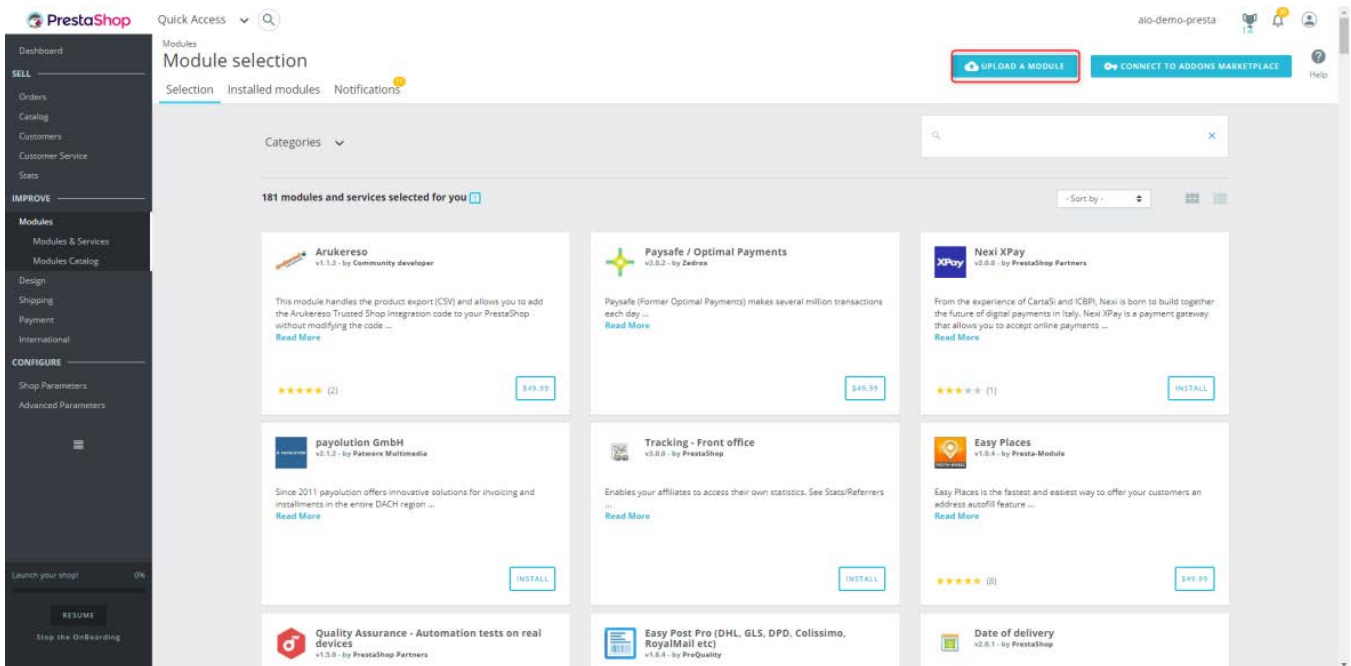

Sida 1/5

The screenshot displays the PrestaShop admin dashboard. On the left is a dark sidebar with navigation menus: 'SELL' (Orders, Catalog, Customers, Customer Service, Stats), 'IMPROVE' (Modules, Design, Shipping, Payment, International), and 'CONFIGURE' (Shop Parameters, Advanced Parameters). The main content area is titled 'Dashboard' and includes a search bar, a date range selector (set to 'Month'), and a 'Dashboard' title. Below this, there are several widgets: 'ACTIVITY OVERVIEW' with 'Online Visitors' (0) and 'Active Shopping Carts' (0); 'CURRENTLY PENDING' with 'Orders' (0), 'Return/Exchanges' (0), 'Abandoned Carts' (0), and 'Out of Stock Products' (6); 'NOTIFICATIONS' with 'New Messages' (0); 'CUSTOMERS & NEWSLETTERS' with 'New Customers' (1), 'New Subscribers' (0), and 'Total Subscribers' (1); and 'TRAFFIC' (FROM 2017-07-11 TO 2017-08-11). The 'DASHBOARD' widget shows a summary table: Sales (DKK0.00 Tax excl), Orders (0), Cart Value (DKK0.00 Tax excl), VIBs (2), Conversion Rate (0%), and Net Profit (DKK0.00 Tax excl). Below the table is a line chart for 'Sales' from 7/11/2017 to 8/11/2017. On the right, there are sections for 'PRESTASHOP NEWS' (Meet Jetyson, Ambassador of the month | January 2018), 'PRESTASHOP UPDATE' (You can update to PrestaShop 1.7.2.4), and 'USEFUL LINKS' (Official Documentation, PrestaShop Forum, PrestaShop Addons).

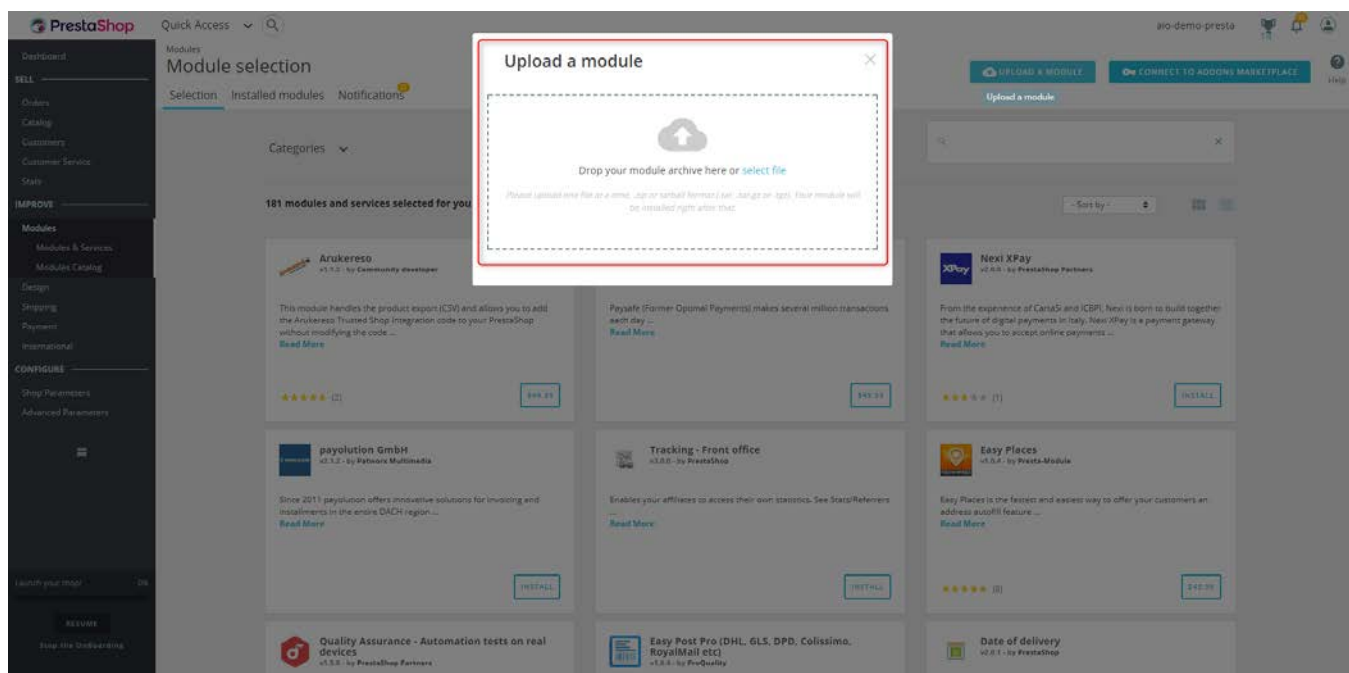

## 2. Gå till Moduler och tjänster

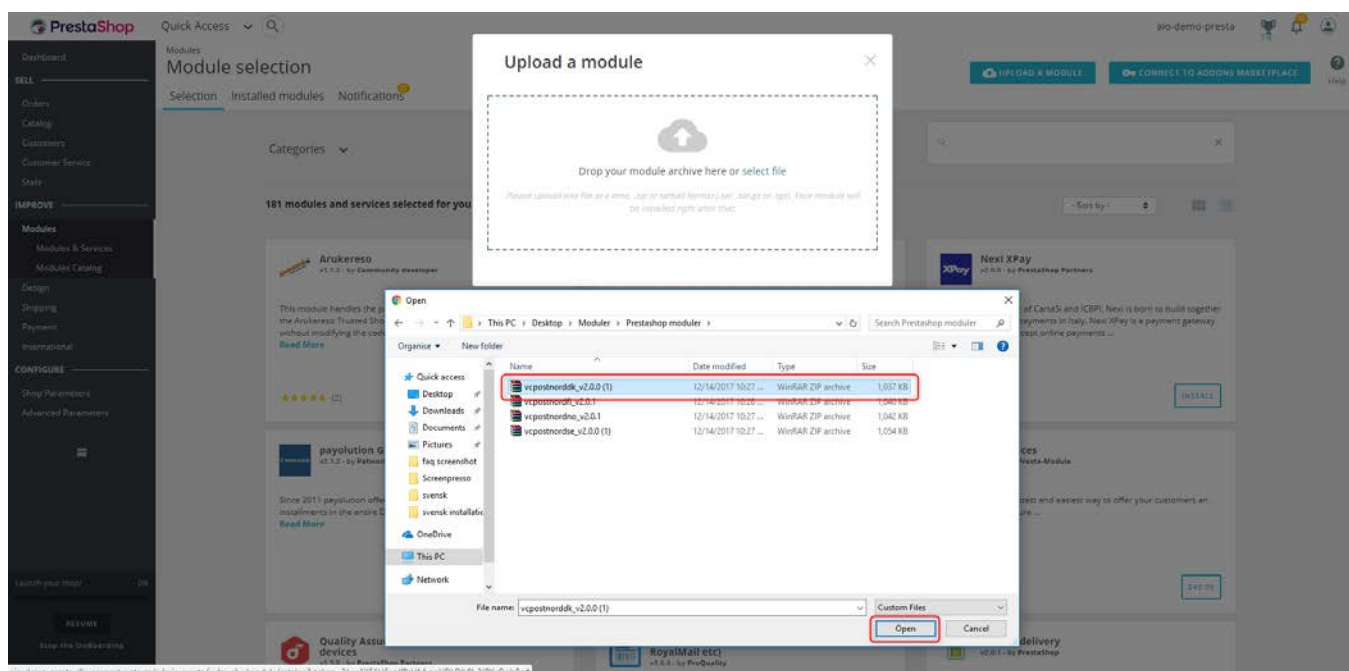

## 3. Klicka på "Upload a module"

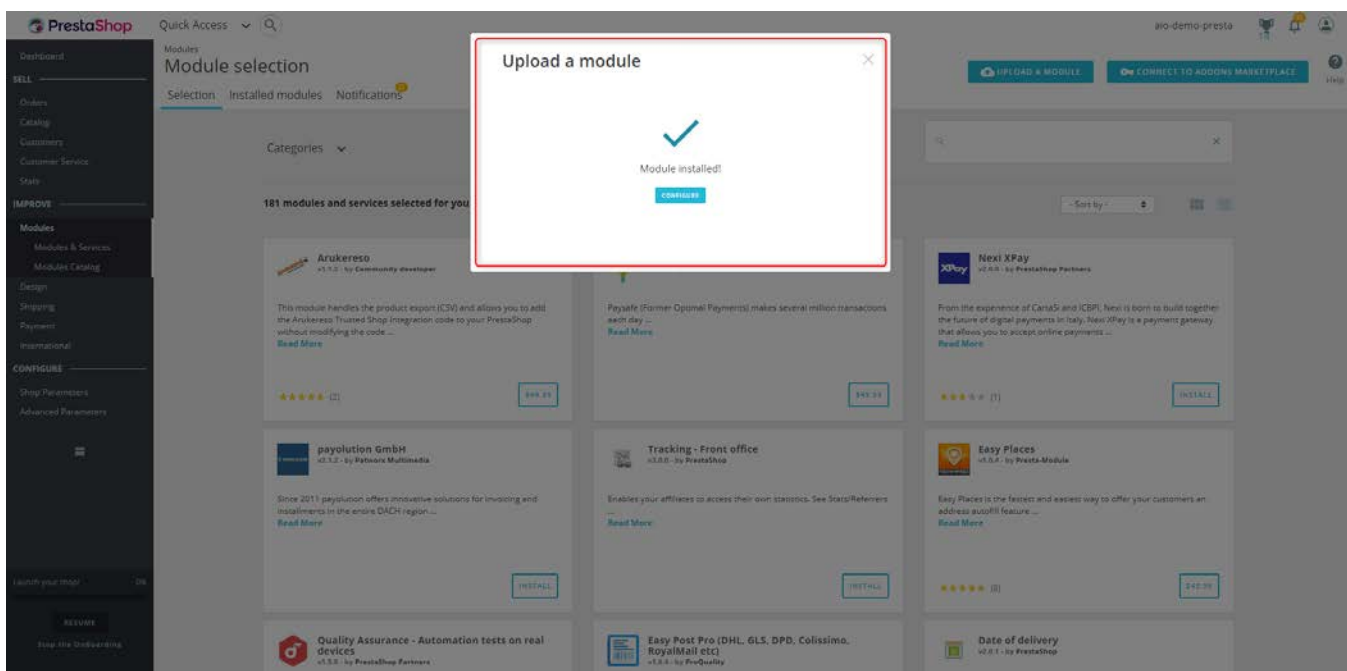

4. Klicka på "Choose file" i fältet som visas.

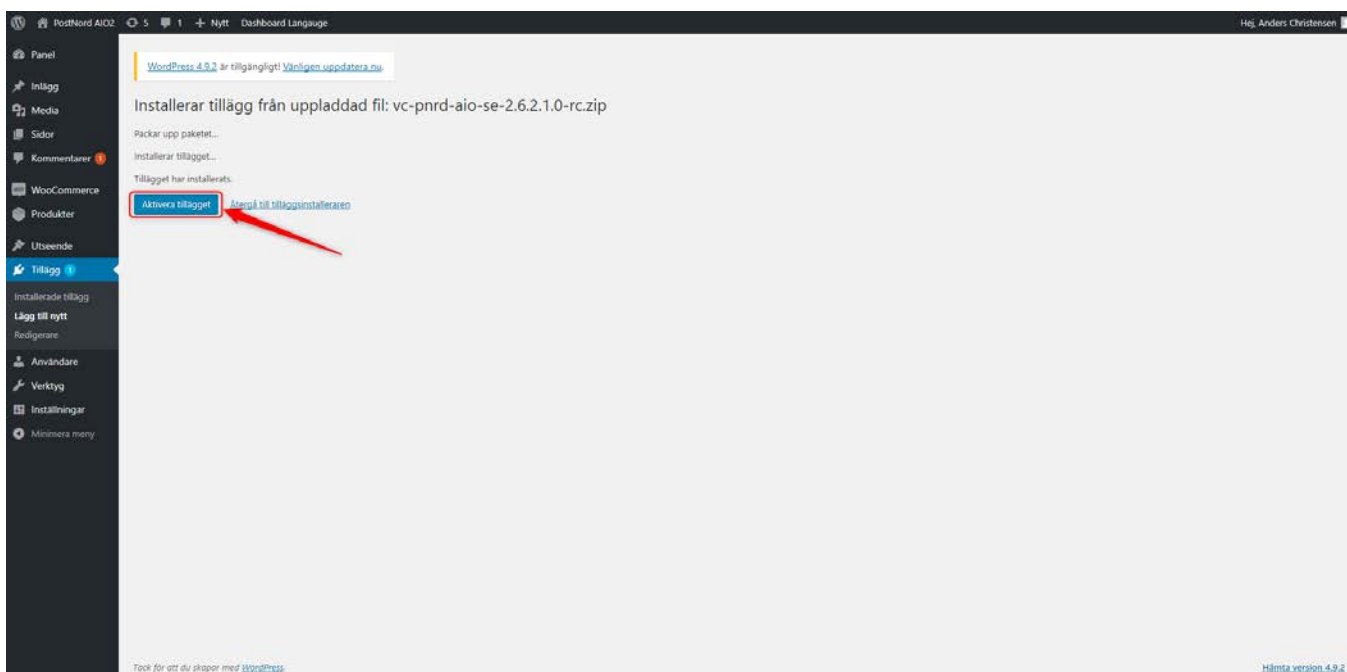

5. Navigera till var ZIP-filen är på din dator och klicka på "Ladda upp modulen".

6. Efter detta är modulen redo att ställas in.

7. Klicka på "Aktivera"

8. Nu är modulen redo i din backend och du kan börja lägga till priser och andra detaljer.
