ART 208	Advanced Digital Photography	Prereq: ART 115,117, and 201	3 cr
ART 209	Photography Seminar	Prereq: ART 115	3 cr
ART Elective	Recommend : ART 116	Prereq: ART 115	3 cr
ART Elective	Recommend : ART 202	Prereq : ART 115	3 cr
Open Elective *			3 cr

## Advising Notes

**\*Students are to select courses that meet the requirements of their intended transfer institution or their individual career-focus.**

**\*\* This course requires placement testing because ENGL 101 eligibility is required.**

The Photography Associate in Fine Arts degree prepares students for entry-level employment in both artistic and commercial photography. This hands-on curriculum teaches students the fundamental skills and techniques involved in traditional photography with an added emphasis on the digital arena. Students have the opportunity to create and prepare their photographic works in state-of-the-art digital and traditional photographic labs and a studio, as well as attend lectures and critiques. Upon successful completion of the program, students will have acquired the appropriate photography and art portfolio necessary for admission by four-year institutions. While this program prepares students for entry-level employment, it may also serve to transfer to many four-year institutions and professional photography schools

Training is provided in both artistic and commercial photographic applications for entry-level job opportunities, as well as for transferring to a four-year institution, or professional art schools. In addition, this program may be taken for personal growth or for advancement by those already employed in some phase of photography or graphic arts. Students should recognize that this field often requires an apprenticeship after graduation (photographic "assisting") before higher level jobs may be secured.

**PLEASE NOTE, a portfolio will be required for a job interview.**

**NOTE: Extensive Program changes have occurred. Students are asked to work with their faculty advisor to insure they are enrolled in the proper courses.**

Approximate Art Supply Cost: Students can expect to spend approximately \$100-\$300 per Art course

**A digital single lens reflex camera (DSLR) and a fully adjustable non digital single lens reflex (SLR) camera are required for all photography majors.**

### Recommended Program Sequencing
