

MEDICAL ASSISTING, Certificate - 3210

Health & Public Service Department

CIP Code: 51.0801

Medical Assisting is a multi-skilled allied health profession with practitioners working primarily in ambulatory care settings such as medical offices and clinics. This program offers the student foundation skills in medical office administration and clinical patient care required for beginning practice in the field, as well as, grounding in the legal and ethical principles governing medical practice. The program is accredited by the Commission on Accreditation of Allied Health Education Programs based upon the recommendation of the Medical Assisting Education Review Board (MAERB). Students must take the Certified Medical Assisting (CMA AAMA) exam in order to fulfill the requirements of this degree to graduate. However, failure to pass this exam will not prevent a student from receiving their certificate in Medical Assisting. The complete program is available at the Harrisburg, Gettysburg and Lebanon campuses.

Selective Program: Entry into this program is not guaranteed with admission to the College; this is a selective and competitive admission program, specific admissions criteria must be met. Please go to the Health Careers website (www.hacc.edu/healthcareers), or contact us by email at start@hacc.edu for specific program entry requirements.

The following requirements must be completed (at the student's expense) after being selected for, but prior to starting the clinical portion of the program. Requirements include physical examination and immunizations, background checks, drug and alcohol screens and CPR certification. The student should consider these factors before enrolling. If the student has any questions regarding this, he or she should contact the program director.

Career Opportunities

Graduates find employment in various health care facilities as Medical Assistants. (SOC Code: 31-9092 Medical Assistants)
