

MATHEMATICS, Associate in Science Degree - 4076

Mathematics & Computer Science Department

The Mathematics AS degree prepares students to transfer to four-year institutions offering degrees in mathematics, operations research, and statistics. Since the requirements of senior institutions vary widely, it is essential to choose an intended transfer institution as soon as possible and carefully follow the program described in that college's catalog. The complete program is available at the Harrisburg and Lancaster campuses. Students may also complete the program at the York Campus by taking courses through Virtual Learning.

Transfer Opportunities

This transfer curriculum is provided as a guide for students planning to transfer to a baccalaureate degree granting institution.

Competency Profile

The curriculum is designed to prepare students to:

- Demonstrate the relationship between mathematical and visual representations
- Demonstrate the connections between mathematical concepts
- Solve problems by developing mathematical models, analyzing data, and creating or applying algorithms
- Effectively communicate mathematical ideas and their applications
- Demonstrate the ability to communicate, create, and collaborate effectively using technologies in multiple modalities
