100.00 %	Mix Price/lb Bulk:	\$15.49

Seeding Rate: 20 lb per acre, or 1/2 lb per 1,000 sq ft
Stormwater Management

The native grasses, sedges and rushes establish quickly in areas where mowing is not anticipated. With a high seed count per pound, it can achieve native establishment with minimum risk and tolerate low-fertility. Mix formulations are subject to change without notice depending on the availability of existing and new products. While the formula may change, the guiding philosophy and function of the mix will not.

Price quotes guaranteed for 30 days.
