

TOP 10 ESGI FACTS

1. ESGI is an **online, one on one, teacher-led progress monitoring platform**.
2. ESGI is not aligned with any specific curriculum or program. It is **fully customizable** to meet district and teacher needs.
3. ESGI is sold as a **yearly subscription** per teacher with up to 35 student slots on the class list. The subscription runs on a calendar year (not school year).
4. The Test Explorer has over **2,000 tests available** to use as-is or customize. Or create your own.
5. There are **2 testing formats**: Yes/No, or Single Score.
6. District and School **Admin accounts are free** with purchase.
7. **Product training** via live webinar available for accounts with 50+ licenses.
8. ESGI meets the requirements for **ESSER, Title I Part A, Title III Part A, IDEA, and School Improvement Grants**.
9. ESGI offers a **FREE 60 day trial**. No credit card required. www.esgisoftware.com
10. Pre-Screening accounts for **incoming kindergarten students** available for free upon request (paid accounts only).

ESGI=Education Software for Guiding Instruction

Teachers Love ESGI

- Save 400 hours a year with progress monitoring
- Provides real-time data to make decisions in the classroom

Students Love ESGI

- Love the engagement and one-on-one time with teachers
- Love to see pie charts fill up!

Administrators Love ESGI

- Free admin account shows data from district down to student level
- Identify strengths and gaps as well as class and program placement

We surveyed **4,000 PreK-1st** grade
ESGI teachers around the country
and found:

60% shared they use ESGI once a
week with many teachers using it
every day.

They all agreed it saves them **over
400 hours** a year in progress
monitoring!
