

ART ENNS

INVOLVEMENT

Art's role is to provide overall strategic leadership and management for implementation of EWB-USA's fundraising efforts. Our goal is to create numerous, efficient, and compelling opportunities for donors to support EWB-USA and to make the experience of giving satisfying and rewarding. Responsibilities include annual giving, major gifts, foundation giving, planned giving, and all fundraising support functions.

EXPERIENCE

Following graduation Art went to work for IBM. During his years at IBM he held several engineering and management positions in product development and research and eventually moved into product planning and marketing.

After leaving IBM, Art worked for Hunkeler Corporation, a Swiss based company as their US Sales and Marketing Manager for computer print center automation.

In 1992 Art became Vice President for Advancement at Fresno Pacific University. He was responsible for cultivation and solicitation of major gifts for the University's capital campaign efforts. He also oversaw alumni relations, annual giving, public relations/publications, donor records and research, and foundation and corporate relations for the university.

Art started his own consulting business in 2000, assisting nonprofits with development operations, fundraising planning, strategic business planning, and board development. During this time he volunteered his services as Finance Chair for the Central Valley Billy Graham Crusade.

In 2003 Art became the Vice President Resource Development for the United Way of Fresno County.

Art became the Director of Development for Engineers Without Borders USA in September 2009.

He is past president of the California Valley Chapter, Association of Fundraising Professionals and active in Rotary International.
