Brooklyn Flavors

BROOKLYN FLAVORS PRODUCES NATURAL SKIN CARE PRODUCTS THAT ARE STRONG AND LONG LASTING

Brooklyn Flavors offers fragrances that reflect the vibrant communities in Brooklyn, NYC

Brooklyn, N.Y. – Apr. 30, 2011- Have you fed your skin lately? Brooklyn Flavors prides itself in providing organic skin care and candles that are produced with botanical resources from the Earth. Founder Sophia Sylvester created Brooklyn Flavors after working for a major retail candle manufacturer and several customers complained about the candles and their lack of scents.

“In 2004 I decided to make my own candles after noticing that many customers weren’t satisfied with the scent not being strong enough when burned continuously,” Sylvester said. Her signature candle “Red Hook” took off and her loyal customers loved how the candles stayed true to its illuminating scent. “In 2006, I decided to go a step further and make natural skin care products, that way I knew what was specifically going in the products.” Ingredients such as soy and Shea butter coupled with other natural oils nourish the skin without any harsh chemicals.

What sets Brooklyn Flavors apart from other skin care lines is that the strong fragrances are representative of the vibrant neighborhoods in Brooklyn, NY. From Park Slope to Red hook to Church Avenue to Bed Stuy, there are 11 flavors that are sure to complement your home and fancy your skin. Many of the handmade soaps, soufflés and lotions are great for even the most sensitive skin.

Staying true in their commitment to the environment, the candles are made from soy products which are better for the environment. The candles burn longer keeping the exact same intense scent from the first time it’s burned through the life of the candle.

For a limited time all orders of \$50 or more will receive free shipping.

Brooklyn Flavors’ products can be found online at: <http://www.brooklynflavors.com>. Products can also be found at various upcoming vendor events. Please reference the site for upcoming vendor events.
