Resort Style Community Living

Westlake Golf and Country Club is one of the premier 55 and over communities in New Jersey. Located in Ocean County, our homes are in a private and upscale gated community with easy access to major highways. We're about an hour from New York, Atlantic City and Philadelphia, minutes to the Jersey shore, and close to many shopping centers and outlets.

Our visitors and residents often say their first impression of Westlake is the beautiful landscaping, wooded areas and, famously, our 18-hole championship golf course. The shining jewel of the community, our course attracts golf enthusiasts from all over -- but above all, it's a course exclusively for our residents. Even if golf isn't your thing (although that just might change!), other adult communities in New Jersey can't come close to the beauty of the Westlake homes artfully arranged around the course and its lovely design.

What Makes Us Different?

If you want to live the country club lifestyle without paying through the nose to join a country club, Westlake is a great choice. Our homes are premium, and available in a variety of floor plans and price ranges. Our upscale community living means every home boasts a beautiful view -- whether of the golf course, one of our many lakes, or the privacy of the woods. For details on the homes, visit our Real Estate page.

This easy, club lifestyle is a plus for the 55 and over community. There's something for everyone here, with friendly and active neighbors. Our residents take pride in Westlake, helping form clubs and organizations, and working together for charitable foundations. Our golf and tennis clubs are second to none. And, the Westlake Grill bar and restaurant -- located right on site -- boasts an award-winning chef with special event menus (and a great place to bring friends and family). We even bring in Broadway-caliber entertainment for performances in our beautiful ballroom throughout the year.

Ready for more? Visit our exercise room to stay in shape. We regularly update and upgrade our equipment to stay current with area gyms. Relax in our indoor or outdoor pools after a great game of golf or tennis, or just for some light laps and fun. The outdoor pool features a snack bar and a spectacular view, with great ambience -- you might feel like you're on vacation right at home! As we've overheard our residents say, it really is the perfect place to live.

Come Experience the Country Club Lifestyle at Westlake

Become a part of something exclusive -- while getting the most out of your dollar. Contact us at your convenience to talk about the Westgate lifestyle. Get in on New Jersey's best-kept secret. We look forward to meeting you.
