WHERE PLEASURE IS BLISS

Founded in New York in 1996, Bliss® ignited a modern spa revolution by combining a clever menu of super-effective services and a fun, 'no-attitude' atmosphere. With trademark touches like rhythm and blues tunes, a brownie buffet and the friendliest, most talented staff on the planet, it's no wonder we've gained a gaggle of grooming groupies over the past decade.

Bliss' lauded line of bath, body and skincare stuff is all inspired by countless hours of tension-nixing and skin-fixing at our spas—so every formula receives the 'esthetician seal of approval'.

Just imagine: Carrot and Sesame Body Buff-booking concierges, Hot Milk and Almond Pedicure and wake-up calls, Triple Oxygen Treatment and turndown service—that's just the start of the brilliant Bliss®/W Hotel mix.

WHAT YOUR BODY WANTS

Sweat® is our state-of-the-art fitness center where energizing is easy. Whether you prefer yoga, pilates or just jogging to the beat of your favorite music, Sweat® has it all.

So stretch high and reach for the sky... Or splish splash in our cool cool Wet® pool.
