UPDO UPGRADE

There are bobby pins, and then there are bobby pins by **Gabriela Artigas & Company**.

Crafted in 14K yellow, white or rose gold and complete with pavé diamonds, these sparkling stunners are anything but ordinary. Designed by Gabriela Artigas (whose sister,

Teresita, handles operations for the L.A.-cool label), the fine-jewelry brand boasts an impressive assortment of polished yet playful baubles—and this month, the stylish siblings are paying a visit to Chicago with a two-day pop-up event at SPACE 519. Here, shoppers can sip margaritas as they learn how to style the label's curated mix of luxe hairpins, combs and barrettes—as well as its necklaces, earrings, rings and bracelets—and place preorders and custom orders with the sisters for holiday delivery. 'Tis the season to shine! *Trunk show*
