WHITEFISH » WASABI SUSHI BAR

Nibbling on Nigiri Far From the Ocean in Whitefish, Montana

Hamachi drizzled with hot curry oil. Tempura shrimp and asparagus enveloped by sushi rice and phenomenally-fresh tuna. And fusion rolls that incorporate innovative flavors, from sriracha and jalapeno to quinoa, but retain the elegance of traditional, simple sushi. Even though [Wasabi Sushi Bar](#) is hundreds of miles from the coast, the freshness of their fish selections rivals anything I've found in the Pacific Northwest—probably because Chef Phil Vilar insists on importing the freshest fish from jets arriving from Seattle.
