September Gallery

IMAGES: PHOTOWALKERS MEMBERS

Photowalkers Taiwan is a group of Photowalkers who love to get out and take photographs in a range of genres: street, architecture, culture, history, landscape, etc.

We host our events and share our photography through the Facebook group of the same name. With over a hundred different events, galleries, critiques and other events already organized, we've covered quite a few places in the north of Taiwan over the years.

Today, we present a selection of images taken by members of Photowalkers in recent events around the island. The images provided by Photowalkers members are taken over a variety of environments, challenges, and events.

Enjoy! If you're interested in taking photos with any kind of camera, you are welcome to join us on our photowalks.
