## MIZANI NATURAL CURL KEY TYPE VII-VIII

Locs showcase your hair's organic beauty. When it's time for monthly maintenance, visit your salon.

- Shampoo fully locked, mature locs weekly, bi-weekly or monthly. Shampoo beginning locs monthly. Use **Mizani Cleansing Cream**. Dry locs completely before styling.
- Use **Mizani Supreme Oil** in a hot oil treatment as a substitute for conditioners to alleviate build up or a weighted look.
- Use a satin bonnet when sleeping. With proper maintenance, locs can last up to 4 weeks without tightening. Use equal amounts of **Perfect Curl** and **Pure Style** to help keep neat and in place.
- To maintain shine and moisture between salon visits, apply a small amount of **Mizani Supreme Oil**, or mist locs with **Mizani Shyne**.

## MIZANI NATURAL CURL KEY TYPE V-VI

This braided style is great for transitioning your hair to its natural beauty.

- For healthy looking natural hair, cleanse and condition with **Mizani Thermasmooth Shampoo** and **Conditioner**.
- **Mizani Thermasmooth Smooth Guard Serum** is a great tool when blow drying to smooth the hair and tame loose ends.
- For added shine and control, use **Mizani Shine Extend** to protect your natural hair when using thermal appliances.
- Smoothe hair on the sides and cornrow from the nape towards the crown and swing to the side for eye-appeal.
- An eye-catching roll can be created by rolling and tucking the front fringe back towards the crown.
- This set can last about 2 weeks.

# POETIC RHYTHM

with a patterned similarity  
of freedom and pride

## MIZANI NATURAL CURL KEY TYPE VI-VII

Showcase your natural texture by asking your stylist for a set that combines twists and Nubian knots.

- Natural luster and great manageability comes first from regular cleansing and conditioning with sulfate-free **Mizani Supreme Oil Shampoo** and **Conditioner**.
- To extend your style and keep your curls defined, apply a small amount of **Mizani Pure Style** to the hair, finger twirl in sections and wear a satin bonnet at night.
- In the morning, rub a nickel-sized amount of **Mizani Supreme Oil** between your palms. Massage it into the scalp, then pull it through large sections from roots to ends.
- To maintain shine, gently mist style with **Mizani Shyne**.
- The set can last about two weeks.

## MIZANI NATURAL CURL KEY TYPE IV-V

Ask your stylist to showcase a trio of terrific textures with a lacer set.

**Mizani Lacers** create fun free formed curls with great definition and hold.

- Mizani **True Textures Curl Balance Shampoo** provides sulfate-free benefits to keep your natural hair vibrant and healthy looking.
- For a quick texture boost and to add extra spring to curl, create a nightcap with a small amount of **Mizani True Textures Moisture Stretch** and double strand twist the hair. Wear a satin bonnet at night to preserve moisture and curl formation.
- If your hair feels dry, take a pea-sized amount of **Mizani True Textures Perfect Curl** between your fingers and twirl it through the ends or pull it through the lengths to add moisture and eliminate frizz.
- To refresh your curls throughout the day mist **Mizani Curl Recharge** to revitalize and moisturize your curls.
