### Surprise

[Learn More »](#)

The Office of the Associate Provost for Undergraduate Education (APUE) and Dean of Undergraduate Studies oversees undergraduate academic policies and facilitates institutional wide initiatives focused on enhancing undergraduate learning. We are involved in everything from the orientation and welcome of first-year students to the enhancement and oversight of selected academic programs and co-curricular initiatives. Learn more about what we do, what we offer, and what we advance as important to the undergraduate experience.

Programs & Services		
Academic Advising	Living & Learning Programs	Office of Supportive Services

Our Commitment:  
Fostering a culture of safety & respect

### Diversity and Inclusion

Inclusion is a core value at Michigan State University. Our goal is for our students to engage with their fellow Spartans with an open mind and willingness to learn from one other. The Diversity & Inclusion@MSU eLearning was developed to give a general overview of diversity and inclusion at MSU, an introduction to basic terms and concepts, and a sense of how students can engage with each other more deeply at MSU. All undergraduate, first-year incoming students and transfer students are required to complete the eLearning, which takes 30-45 minutes.

We are reminded on a daily basis that as much effort as we put into building inclusive communities, our sense of progress can be dismantled by tragic events that target certain members of our society because of their race, ethnicity, sexual orientation, religion, gender, gender identity, and national origin. Learn more about what we are doing to advance equity, diversity and inclusion here.

### Upcoming Events

### Academic Integrity

In every arena—academically, socially, interpersonally—Spartans act with integrity. Spartans recognize the value of intellectual work, represent themselves honestly, and prove their trustworthiness in their interactions.
