What do they have in common? They are people whom we admire, even aspire to be. They are our heroes and idols. Some fans, in their delusional states, go as far as putting them on a pedestal and believing they would do no wrong.

Find out why we can be idol-crazy and test yourself on how much you know about the accolades your favourite teen idols have earned. Read about how some idols fall from grace, as one teenager discovers, and be ready to be startled by some of the unfortunate turn of events in the lives of popular stars.

Get a fresh perspective on heroines as we explore the changing role of heroines in the movie-world and learn about how Superman was not just a hero in his reel life but also in his real life.

Be amazed by freedom-fighter heroes who fought relentlessly for justice to prevail and journey with us to the fascinating land of heroes, the fantasy world where hobbits, dwarfs and elves co-exist.
