From the Editor

Monday, Nov 10, 2025

Wow! We're having our first snowstorm of the season. When the forecast called for snow and rain, I expected a mix that wouldn't stick—but what a surprise! We've got about two inches on the ground, and it's cold and windy. It's kind of neat to see snow clinging to the leaves while more leaves fall on top of the snow. Maybe if we get enough snow, I won't have to clean up the leaves before church at our house, which is scheduled in two and four weeks.

The equipment market report is a little different this time with only one lumber auction to cover, so I included the businesses for sale listings. There are several good opportunities if you're looking to buy a complete operation.

Please check your expiration date by your address on the back cover of the magazine. I tried to run all the credit cards on file for subscriptions but may have missed a few. We recently switched from using Stripe to QuickBooks Online to process credit cards, so if you had one on file and don't see your subscription updated, give me a call and we'll get it fixed. Don't delay, the end of the year will be here before we know it!

You'll notice a few changes in the lumber report. I took out the 3C columns, and I added plus or minus signs to show which prices went up or down since the last issue. Should I also include how much the prices changed—for example, +\$0.05 / \$3.20? We could use a few more lumber price reporters, so if that interests you, please let me know. And for those who haven't reported in a while, here's your wake-up call!

The survey results are finally published in this book. You can find it on pages 68 and 69. I left out the questions about mailing and advertising since those were mostly for internal use and I ran out of space, but overall it looks like I need to write more sawmill stories. The classified ads section idea is still on the long-term planning list, but we hope to come up with something soon. We randomly selected a winner from all the survey replies—congratulations to John Raber from Frewsburg, New York, who won the Equipment Edge water mug!

The November 28th Lake Erie Auction is shaping up to be a big one. Ring 2 starts at 7:00 AM with over 700 factory-direct items, followed by Ring 1 at 9:00 AM with equipment and general consignments. Ring 3 will also start at 9:00 AM with the gun auction. Mark your calendars and plan to attend!

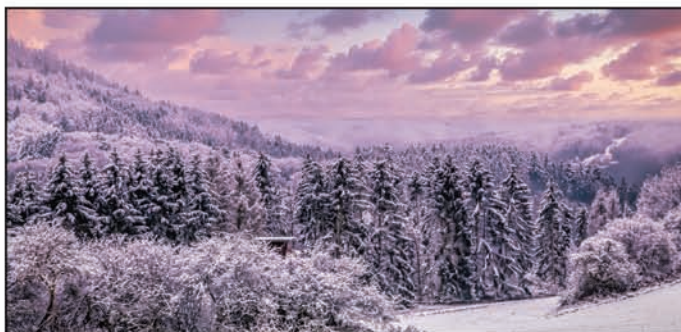

Thanksgiving season is upon us. Take a day or two off to spend time with family, appreciate each other, and give thanks for all our blessings.

Happy Thanksgiving!

Until next time,

Wayne Nisley, Editor

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

The November 4th lumber auction is the only one to report on in this issue, so we've also included the Businesses for Sale information in this section. For more information you can visit our website at brightstarauctions.com or call Eugene Hochstetler.

T&G 5/8 Plywood - Sold for \$13

5/4 Hardwood Stringers - Sold for \$0.89

Lumber auction prices held steady all the way through, showing consistent demand across all categories. Even with more loads of cut stock than we've seen in a while, prices held their own. A number of new bidders and buyers joined in again this time, which is always good to see and helps strengthen the overall market.

For producers whose orders have slowed, this auction continues to be a solid outlet to keep inventory moving and production steady. If you're looking for ways to fill the schedule, consider trying a few loads through the lumber auction — it might be the answer to keeping your crew busy through the winter months. If you'd like to hear directly from a client who has been selling successfully through the auction for more than six months, call Jonathon at (574) 349-4380 and he'll be glad to connect you.

Looking ahead, there's a busy stretch coming to finish out the year. Our December 3rd, 4th, and 5th auctions promise to be an exciting three days with strong variety, good quality, and solid volume of equipment hitting the open market — all unreserved. Whether you're buying or selling, there will be something for everyone as we close out this final quarter of 2025.

Thanksgiving Why the Turkey?

Thanksgiving, celebrated on the fourth Thursday of November, is a holiday steeped in tradition, history, and family gatherings. Its roots trace back to 1621, when the Pilgrims of Plymouth Colony and the Wampanoag people shared a three-day harvest feast. This gathering symbolized gratitude for survival and cooperation between two cultures, though the menu was far from today's Thanksgiving staples. Historical accounts suggest the meal likely included venison, fish, and a variety of vegetables rather than the iconic turkey we know today.

The journey from a regional celebration to a national holiday began centuries later. In 1863, amid the turmoil of the Civil War, President Abraham Lincoln proclaimed a national day of Thanksgiving to promote unity. By 1941, Congress cemented its place in the American calendar by designating the fourth Thursday of November as the official day.

Central to Thanksgiving's modern celebration is the turkey dinner. But how did turkey become the star of the show? While the original 1621 feast might have included wild turkey, it was Sarah Josepha Hale, a 19th-century writer and magazine editor, who popularized the bird as the centerpiece of the holiday meal. In her novel "Northwood" and her editorial campaigns, she portrayed a roasted turkey as the heart of a proper Thanksgiving feast. Her influence was so significant that she earned the nickname "Mother of Thanksgiving." Combined with turkey's practicality as a large, affordable bird raised primarily for meat, it became the go-to choice for feeding families during the holiday.

Today, turkey remains synonymous with Thanksgiving. In 2024, U.S. turkey production totaled about 5.12 billion pounds, with roughly 45 million turkeys consumed during the Thanksgiving season alone. This is a significant increase from the production numbers of the 1970s, when Americans consumed only about 1.5 billion pounds of turkey annually. Alongside turkey, families spend millions on side dishes, desserts, decorations, and travel, making Thanksgiving a cornerstone of the holiday economy.

Yet, Thanksgiving is about more than just food. It's a time for families to gather, reflect, and express gratitude. For some, it's a cherished day of reconnecting and sharing laughs, while for others, it can be a test of patience. After all, sitting across the table from an overly opinionated uncle or a sibling who always "knows best" isn't everyone's idea of fun. Whether it's dodging political debates or enduring Aunt Marge's third retelling of the same story, Thanksgiving gatherings can be both heartwarming and hilariously awkward.

Still, the essence of Thanksgiving remains strong: a celebration of gratitude, togetherness, and tradition. Whether you're savoring a perfectly roasted turkey, dodging family drama, or simply appreciating a day off work, Thanksgiving serves as a reminder of the importance of pausing to give thanks for life's blessings—big or small.

*Thanksgiving dinner, oh the spread
Jams and jellies, rolls and bread,
Taters, stuffing, gravy galore,
We can't wait to get in the door.*

*Turkey and gravy, the main dish,
Cooked just right, that was our wish.
We stuff our faces, with thick and thin,
Gravy just dripping off of our chin.*

*Where did this start? What is the reason?
Wasn't it thanks for a bounteous season?
Did this get lost, across the years?
Too much splurge—did we change gears?*

*This year, as we stuff it all down,
Let's not forget that blessings abound.
So praise the Lord for giving us all,
The bounteous season we call Fall.*

*After the dinner, the chatting all through,
Sing a hymn of praise and say, "Thank You!"*

Enjoy! - Wayne Nisley, Editor

Free Weekly Email for Dads

Do you ever wish a guy would come to your house, slug you in the arm, and tell you to straighten up, be a good dad, and be loving to your wife? Well, now your wildest dreams have come true, because I'll come to your home or office each week and do just that. Now, don't be expecting a theological treatise on husbanding, because the Familyman Weekly isn't that. Think of it more as one dad encouraging another over the backyard fence.

Lead with Christ's Generosity

By Levi Fisher, Symbiz Operations Manager

Generosity is more than an act of giving—it is a reflection of the very heart of God. From Genesis to Revelation, Scripture reveals that God is abundantly generous, and nowhere is this seen more clearly than in the life of Jesus Christ.

As followers of Christ, and as a community of business leaders, we are called not merely to admire His generosity but to live it out in tangible ways. Generosity is not confined to finances; it flows through willingness to serve, compassion toward others, and a lifestyle that mirrors Christ's sacrificial love.

The Example of Jesus

Jesus is the ultimate model of generosity. Paul writes, *"For you know the grace of our Lord Jesus Christ, that though He was rich, yet for your sake He became poor, so that you by His poverty might become rich"* (2 Corinthians 8:9). This verse captures the heart of divine generosity—Jesus gave up the riches of heaven to walk among us, serve us, and ultimately lay down His life for us.

His generosity was not limited to material gifts. Jesus gave His time to the outcast, His compassion to the broken, His healing to the sick, and His teaching to those hungry for truth. He poured Himself out fully for the sake of others. In Christ-centered leadership, we must see generosity not as an occasional practice but as a way of life, because it was Jesus' way of life.

Generosity Through Willingness to Serve

When we think of generosity, financial giving often comes to mind first. Yet the generosity of service is equally powerful. Jesus demonstrated this on the night before His crucifixion when He washed the feet of His disciples (John 13:1–17). In doing so, the King of Kings took the posture of a servant, teaching us that true greatness is found in humble service.

This act reminds us that generosity is not about what we give from abundance, but what we give of ourselves. To serve is to give our time, energy, and skills for the benefit of others without seeking recognition. Generosity through service can take many forms: mentoring a fellow business leader, listening with patience to someone's struggles, or using our professional expertise to help another flourish. A Christlike willingness to serve sets the tone for relationships that are not transactional, but transformational.

Generosity Through Caring for and About Others

Jesus' ministry overflowed with compassion. He noticed people others ignored. He touched the leper, healed the blind, and welcomed the sinner. His generosity was not only in what He did but in how He cared. Matthew 9:36 tells us, *"When He saw the crowds, He had compassion for them, because they were harassed and helpless, like sheep without a shepherd."*

This type of generosity calls us to slow down, see people as image-bearers of God, and treat them with dignity. In a business environment, this means prioritizing people over profit, cultivating relationships that extend beyond transactions, and showing care that is genuine rather than strategic.

At Symbiz Network, we believe that "the answer is in the room." That conviction rests on the generosity of listening, caring, and sharing with one another in small peer groups called Growth Rings. When we take the time to invest in others—praying with them, walking alongside them in challenges, or simply encouraging them—we embody the compassion of Christ.

Generosity in Action

The Early Church modeled this generosity powerfully. Acts 2:44–45 tells us, *"All who believed were together and had all things in common. And they were selling their possessions and belongings and distributing the proceeds to all, as any had need."* This was not forced sharing but joyful, voluntary generosity springing from love and unity in Christ.

Today, we are called to practice generosity in ways that fit our context. For some, it will be financial support of missions, ministries, or individuals in need. For others, it will be investing time and attention into mentoring the next generation of leaders. For all of us, it should include cultivating a generous spirit in everyday interactions.

At Symbiz, this means creating spaces where leaders not only sharpen one another's skills but also share life together—supporting, serving, and caring as Jesus did. It means leading businesses where generosity is embedded in our culture, blessing employees, customers, and communities alike.

Why Generosity Matters

Generosity reflects the gospel itself. John 3:16 begins with, "For God so loved the world that He gave..." Love gives—it cannot help but do so. When we live generously, we reveal God's character to the world around us. Moreover, generosity frees us from the grip of self-interest.

Jesus said, "It is more blessed to give than to receive" (Acts 20:35). This blessing is not measured in material return but in joy, freedom, and deeper fellowship with God and others. We are tempted to think we'll be happy when we accumulate enough. But the biblical story consistently emphasizes the life we truly desire comes when we give, not when we consume or hoard.

Following Jesus Together

As Christian leaders, we must remember that generosity is not a strategy but a calling. It is a daily choice to pattern our lives after Jesus—the One who gave everything for us. At Symbiz, this means holding one another accountable to generosity in service, generosity in compassion, and generosity in leadership.

When we follow Jesus' teachings in this way, our businesses become more than profit-making ventures—they become platforms of grace. Our relationships become more than professional networks—they become Christ-centered communities of care. Our leadership becomes more than influence—it becomes a ministry of generosity that reflects the kingdom of God.

The Right Size Hinge

Hello loggers,

I've known for a long time that I should get another article written. Every time another Equipment Edge came, there was still no article from me. It's my fault! All it took was a message from Wayne a day before a rainy day. Thanks, Wayne, for your encouragement. 😊

I was glad to see a few more safety articles other than just mine. Come on — we need more articles written by someone who has experienced accidents or near accidents. Logging is ever dangerous, and there are so many younger loggers starting up who should know the precautions. That's still my desire — they need to know some of the things that can and already have happened.

Now I need to write about my embarrassing moment that I didn't get written last time. One of the locals couldn't wait for me to get this written, so he went and asked my brother what happened.

This big pine tree dropped perfectly down in the yard. Number one, it didn't even reach the board fence. Number two, it fell in the section of board fence beside the one that was taken away! The tree fell where it was notched — I simply didn't aim the notch well enough to hit that big hole in the fence. I did accomplish my goal, though, and that was to save the board fence.

Out in the woods, if such things happen, there's no fuss. Another incident years ago in one of my cousin's yards — I was to cut a huge pine tree. I wish I could quickly find in my diary what size that tree was. It was the tallest pine I ever cut. It seems to me it was over 100 feet tall and more or less 4 feet in diameter.

It was along the main road with just enough room to drop it between the corn crib and the road. I was shy from the main road, so I notched it a little closer toward the crib. When that tree started to fall, it moved more toward the corn crib. A huge tree like that, out in midair, is totally going to go where it wants to if it's not properly notched! It came down and smashed part of that corn crib.

I thought I had the wrong size hinge to hold it while it was dropping. My cousin figured out what happened by studying my stump. When I made the top notch, I cut too deep, and that cut had been lower than my bottom cut. That made the hinge only half as big as it should have been. That's why it's so important to have the right size hinge. I thought it was the right size, but it wasn't, with so much of the bottom cut off.

I'd like to see an article written about how to estimate how tall a tree is before it's cut. I don't want to tear down board fences or repair corn crib roofs in my older years! Let's prevent rather than repair. Next time, I should write about timber felling on steep slopes. Milk cows need attention, so I better be a farmer again instead of doing this.

Sincerely,

Henry J. Brenneman

Rigging Information: Recommended Rigger Daniel Stoltzfus #717-406-9611 Rigging is completely the buyer's responsibility. We highly recommend you hire the recommended riggers. If you do choose to do your own rigging or hire another rigger, you must provide us with satisfactory proof of liability insurance coverage of at least 1 million dollars (more if specified in the auction terms). All buyers are completely responsible for any damage they do to their own equipment or anyone else's property or equipment while rigging. The Recommended Rigger will make available a rigging price list by request. The list will also be available on auction day. Please note that this quote takes into consideration removing these items individually and in such a way so as they can be used again in the manner they were assembled in. If a buyer purchases multiple items around each other such an entirety of a mill setup, the rigger may be able to improve on the original price. However, you the buyer are responsible for doing your own homework on the rigging costs associated with the items you purchase. Bright Star Auctions is only recommending the rigger to the buyers. If a buyer elects to hire this rigger, they must understand that they are entering into an agreement and hiring him and not hiring Bright Star Auctions. Any issues that come forth from this arrangement are to be resolved between the buyer and the rigger. It is the buyer's responsibility to communicate with the rigger any special rigging requests. If the buyer elects to do their own rigging or hire a different rigger, they must communicate and abide by the timelines set forth in this auction. Failure to do so will result in the recommended rigger removing the said item and the buyer will be responsible to pay the price that was set forth on the original quote. They must also provide their own equipment to load the items, or they will be subject to paying a loading fee. The buyer is responsible for providing the trucking/logistics to have his items shipped. Once the rigger completes the job and leaves the auction, the buyers are on their own and may need to bring in their own equipment to loadout.

These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

1. **Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. "Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer’s discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.

4. **Governing Law.**

1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. 10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:

10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.

10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer’s Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer’s website.

10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer’s sole and absolute discretion.

Bidder Terms and Conditions Continued...

- 10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer's sole and absolute discretion.
- 10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer's records will be deemed final and conclusive.
- 10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder's internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.
- 10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.
- 10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.
- 10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.
- 10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.
- 10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.
- 10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer's discretion, reopen the bidding.
- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY,

Bidder Terms and Conditions Continued...

ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTY MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.

17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.
26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.

Bidder Terms and Conditions Continued...

28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused by Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.
