From the Editor

Monday, Oct 27, 2025

Some beautiful fall weather we're having! We got several inches of rain, and now we again have lots of sunshine. We had our first killer frost on Saturday morning with a low around 32 degrees. Maybe this will get the leaves on their downward journey—it seems like the leaf fall is later than normal this year.

I want to put metal over the shingles on my barn roof yet before winter sets in. We have church coming up at our house in four weeks and again in six weeks. That's always a good motivator to get projects done!

The October third issue was a mailing nightmare. We sent it to the post office like normal on October 1, but it sounds like a lot of you didn't get it until two weeks later—after some of the auctions were already past. The frustrating part is not knowing where the hold up was and what happened, and you can't get to first base at the post office. I hope this was a one-off deal, as it had been mailing fine for the last several months. Thanks for your patience, and thanks for letting us know.

Bright Star has again given some free subscriptions for 2026—some for six months and some for the whole year. I've updated most of the records for that, so make sure to check your back cover for an updated expiration date. The credit cards on file I have not charged yet, so sit tight if you paid with a card and wanted to keep it on file. I'll try to get that done soon.

We're also offering a discounted subscription rate if you pay for more than one year. See the subscription form on page 5 for details.

I've redone the lumber price report a bit. It seemed to be getting a bit stale, and I wasn't receiving many reports on 6- and 8-quarter pricing, so I took that page off in this issue. I also removed the mat pricing. At the Paul Bunyan Show, a customer suggested that it would be helpful if the prices had a +/- sign to show whether the price is up or down from the previous issue. I'm thinking of getting rid of 3C prices to make room for that and hope to implement it soon.

And the latest news from Showcase Equipment: they've purchased the Echo Enterprises business from Andy Stoltzfus in New York and plan to build those quality band mills in Wolcottville, IN. There's a full-page ad on page 74 with more information about that transition. Congrats, Showcase!

Our advertising promotion for this quarter is again a 10% discount on any listing and display ads through the end of the year. This would also be a great time to lock in your display ads for 2026 at discounted annual rates. Talk with Gaylord about getting a package deal for 2026.

Thanks for your continued support of our magazine and auctions! Happy Fall, y'all.

Until next time,

Wayne Nisley, Editor

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

October has been a full month of auctions across several regions, from the Appalachian auction in North Carolina to multiple online events and another strong IronRing showing. While overall pricing held steady, there were clear signs of buyer selectiveness—good equipment continued to sell well, while average or outdated pieces proved tougher to move. Here's a look back at the highlights and what's ahead as we round out the year.

2021 Komatsu - Sold for \$77,500

1999 Cat - Sold for \$120,000

The Appalachian auction on October 10th marked the final auction at Bright Star's Elkin, North Carolina yard. Prices were fair overall, with several solid buys on quality equipment. Nothing sold off the charts, but it was a respectable day of bidding. The 2021 Komatsu excavator brought \$77,500, showing continued interest in good late-model construction machines.

With the Elkin yard officially sold, future Appalachian auctions are expected to continue at a nearby location in the region, ensuring continued service to our strong southeastern customer base.

Just a few days later, the October 14 IronRing Auction delivered one of the more energetic first halves we've seen in some time. The 1999 Cat grapple dozer sold for \$120,000, a 2016 Woodpecker went for \$105,000, and the 2023 Echo band mill brought \$83,000. The 540D John Deere skidder also found a new home at \$25,000. Those results speak to the continuing appetite for late-model, ready-to-work equipment, especially in the logging and band mill sectors.

However, the mediocre sawmill pieces were a tougher go. Two separate internet cutouts during the auction certainly didn't help the flow, and the late delivery of the printed Bid Book due to mail delays added to the challenges. Still, the IronRing team pushed through, and by day's end, most consignors went home satisfied.

October 21 brought several auctions including lumber and three virtual sawmill liquidations.

2024 Wood-Mizer - Sold! \$30,000

2023 Echo - Sold! \$83,000

2016 Woodpecker - Sold! \$105,000

CRD Metalworks Processor- Sold! \$25,000

John Deere 540D - Sold! \$25,000

The Lumber Auction saw a slight dip in prices, particularly on the 1-1/8 stringers, with the first two loads selling at \$0.55 per piece. The 5/4 material held steady around \$0.80. Mulch season appears to be wrapped up for the year as those two loads did not move. The load of pallets sold for \$8.50 each, keeping in line with recent pricing trends. Looking ahead, the next lumber auction will feature a reduced 5% buyer's premium, a welcome incentive for repeat customers.

The Virtual Liquidation Auctions that same day were tough going, but offered some outstanding buying opportunities. The pellet mill from Hershberger Stave sold as an entirety for \$20,000, and the gang saw line went for \$10,000. The #2 Meadows mill at J&M Timbers went for \$5,000, as did the Hershberger slab saw. The Procut chop saw sold for \$7,000—all great buys for the new owners. Likewise, the Pallets Yesterday liquidation featured mostly newer, smaller-scale machinery—ideal for a one-man setup or a start-up operator looking to enter the business without overextending financially.

Looking ahead, November will be a busy month with two Indiana auctions on back-to-back days, November 13 and 14—located about an hour and twenty minutes apart. The Nov. 13 auction features a strong lineup including three 2014 Wood-Mizer WM4000 band mills, plus a full complement of transfer and support equipment. With so much quality equipment in both auctions, it's worth planning your route and attending both.

As the year winds down, November and December are shaping up to be some of the busiest months yet. Consignments are still being accepted for upcoming auctions, including the Michiana Auction now rescheduled to December 17. An additional IronRing Auction has been added for December 31, which may take the place of the usual January IronRing auction.

Equipment prices have largely stabilized as we approach the end of 2025, and with dealers and consignors eager to close out inventory before the new year, there's plenty of opportunity for both buyers and sellers to make educated moves in this market.

Sold! We'll see you at the next auction!

11/14 Midwest Highlights!

This complete sawmill operation in Lewiston, MI is being sold at absolute auction, offering a full line of quality, late-model equipment. Highlights include a JD wheel loader, Cleereman/MD double-cut band mill, 17" slant double-cut band mill, and Morbark chip pac, along with a 10" gang saw and supporting machinery. The equipment has been well-maintained and is ready for production. In addition to the machinery, the real estate is also selling, making this a rare opportunity to acquire both a turn-key sawmill setup and property in one event.

Band Blade Sharpening Equipment

BLADE SHARPENER

- Standard equipment sharpens 1"-3" blades.
- Can be converted for CBN Stones.
- Coolant Pumps
- Pink Ruby Grindstone which gives you a razor-sharp tooth.
- Moving parts are ball-bearing equipped for precision sharpening.

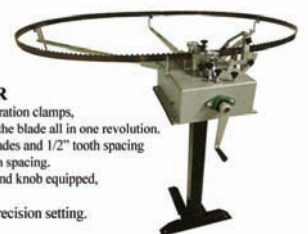

BLADE ROLLER

- Band Roller does 1"-3" blades.
- Both rollers are ball-bearing mounted for easier turning.

BLADE SETTER

- Single hand crank operation clamps, sets 2 teeth and index the blade all in one revolution.
- Will set 1"-3" wide blades and 1/2" tooth spacing through to 1-1/4" tooth spacing.
- All adjustments are hand knob equipped, no wrench required.
- Dial Indicators for precision setting.

Free Weekly Email for Dads

Do you ever wish a guy would come to your house, slug you in the arm, and tell you to straighten up, be a good dad, and be loving to your wife? Well, now your wildest dreams have come true, because I'll come to your home or office each week and do just that.

Now, don't be expecting a theological treatise on husbanding, because the Familyman Weekly isn't that.

Think of it more as one dad encouraging another over the backyard fence.

Bounce Back

Hey Dad,

Hope you've been enjoying this amazing warm fall weather. It's been perfect for campfires, kickball, and being outside. It won't be long before we've all been pushed indoors by the brutal cold. So enjoy it while you can.

I thought I'd share with you ONE of TWO secrets of successful fathering (the first one was "Just keep trying"). The second one is called "Bounce Back," and I recently discovered it on my way to speak in southern Indiana.

Actually, at the time I learned it, I wasn't much in the mood for traveling or for speaking because it had been "one of those days." More accurately, I had just gone head-to-head with one of my children.

It was one of those ugly moments in fatherdom when your blood boils, the veins in your neck pop out, and your voice gets mighty loud. What made it worse is that the child I was 'dealing' with showed no signs of softening under my godly correction, which made me even madder.

Eventually, we worked it out; he softened ... we prayed. But inside, I was still mad, and the thought of traveling for five hours alone with him didn't appeal to me. In fact, by the time we got into the car, I had half a mind to ignore him all the way there and back.

Then it happened. I looked over at him and realized that he needed me to "bounce back." He needed me to forgive him, move on, and restore our relationship.

So a few miles down the road, I reached over, grabbed his hand, and squeezed it three times ... I—Love—You. He squeezed back I—Love—You—More.

I'd like to say that that melted my icy heart, but it didn't. It took several miles of talking, teasing, and effort on my behalf before we were ... right.

So here's the point: fathering is tough. Sometimes you succeed, but often you don't. That's where "bounce back" comes in. Our children are resilient and are easy forgivers and forgetters, but they need a dad who "bounces back"—who jumps back into the game and hugs after he hollers.

Yet some dads don't bounce back. Some hunker down and refuse to move on. In fact, I know of fathers who have spent years holding on to past failures and offenses, to their own detriment.

So, the next time you blow it, get caught in a battle of the wills, or feel like making someone pay ... "bounce back." Like a great prizefighter, you have to say, "I float like a butterfly, sting like a bee, and then 'bounce back' for my great fam-i-ly."

You 'da dad!

Todd Wilson

Efficiency Edge

Efficiency Tips for Sawmill Operations

John Yoder, General Manager / (260) 214-1481

Energy Efficiency in Sawmills: Simple Changes that Save Big

In a world of rising utility costs, improving energy efficiency isn't just about being green — it's about keeping your operation profitable. Whether your mill is powered by electricity, diesel, or a mix of both, small improvements can make a big difference to your bottom line.

Start with the Basics

Before investing in new systems, take time to walk your plant and observe. Where do you hear air hissing from leaks? Which motors are running even when no lumber is moving? You might be surprised at how many kilowatts or gallons of fuel are wasted simply because no one noticed.

Compressed air is one of the biggest energy thieves in a sawmill. A single 1/8-inch air leak can cost hundreds of dollars per year in wasted power. Regular leak checks, better pipe layouts, and replacing old fittings can dramatically cut your compressor's run time.

Lighting is another easy win. Swapping fluorescent or halogen bulbs for LEDs can reduce energy use by 50–70%. The bonus is better, brighter light on your work areas — something your employees will appreciate every day.

Motor and Drive Efficiency

Most mills have a mix of new and old motors scattered across production lines. If a motor is over 15 years old, there's a good chance it's costing more to run than it should. Modern premium-efficiency motors can reduce energy use by 5–10%, and variable-frequency drives (VFDs) can cut even more by matching motor speed to the actual load.

It doesn't always make sense to replace every motor, but when one fails, replacing it with a premium model rather than a rebuilt standard-efficiency unit pays off quickly.

Managing Power Demand

If your mill runs on electricity, your utility bill is made up of two parts: total energy used and your demand charge — the highest 15-minute spike in power usage during the month. Starting too many machines at once can cause a costly spike that lingers on your bill.

Stagger machine startups by 30 to 60 seconds to reduce peak demand. Installing soft starts or VFDs on large motors can smooth out power draw. Some mills even add energy monitors that display real-time usage so operators can see when they're nearing a peak.

Diesel and Genset Operations

For mills running on diesel or with backup gensets, maintenance is key. Dirty air filters, clogged fuel lines, and worn injectors increase fuel burn. Keeping engines tuned and radiators clean maintains combustion efficiency.

Where possible, consider running lighter loads on electric power if your grid rates are stable. Diesel engines are most efficient when loaded to 70–80% of their rated capacity — anything less can lead to wasted fuel and unnecessary wear.

If you're using a generator as your primary power source, check that it's properly sized. Too small and it's overloaded; too large and it idles inefficiently. A good rule of thumb is to have it run at least half load during normal operation.

Heat Recovery and Waste Reduction

Sawmills create heat — lots of it. Instead of venting warm air outdoors, consider using that energy. Simple heat exchangers can capture warm air from kilns or compressors and redirect it to preheat water or air for other parts of the operation.

Even something as simple as insulating steam lines and hot water pipes can make a noticeable dent in your fuel bill.

Wood waste can also be part of your efficiency plan. Some mills burn sawdust and bark for boiler fuel or sell it to pellet producers. Turning waste into energy or revenue helps close the loop and offset power costs.

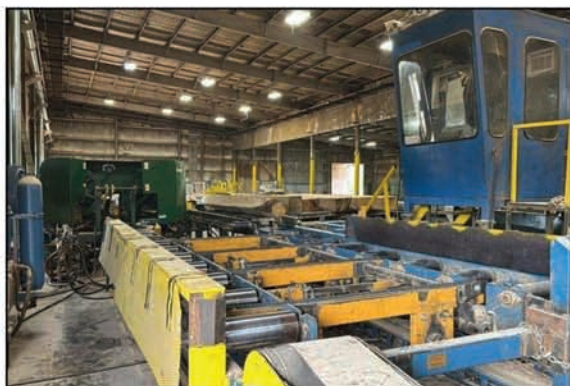

Employee Awareness

Technology helps, but people make the biggest difference. Encourage your team to shut down idle motors, close air valves, and report leaks. Post reminders in key areas about turning off equipment and lights. A mill full of energy-conscious employees is far more efficient than one that depends solely on equipment upgrades.

The Bottom Line

Energy efficiency doesn't require expensive overhauls or brand-new systems. The most effective savings often come from consistent attention to small details. A few changes here and there — fixing leaks, tuning motors, upgrading lighting, or managing demand — can lead to thousands of dollars in annual savings.

Take a fresh walk through your mill this month. Listen, look, and measure. The easiest dollars to earn might be the ones you never spend.

Dynamic Dates?: Why Late December Matters When Buying or Selling Equipment

By Loren Beachy, President, Bright Star Auctions

When Timing Is Everything

Let me tell you a story—hypothetical, but based on situations we've seen play out many times over the years.

Picture a sawmill operator we'll call Marcus. Marcus had been running his operation for fifteen years and had accumulated several pieces of equipment that were no longer central to his business model. He had a debarker that was in fine shape but had been replaced by a newer model, and a portable sawmill that was collecting dust in the back corner of his shop.

Marcus called us in early December with an interesting strategy in mind. He wanted to sell the equipment before year-end but didn't particularly want the income showing up on his current year's books. The equipment had been fully depreciated years ago, so selling it would generate taxable income—income he'd rather defer if possible and ethical.

Here's where the timing of our December 31st auction proved perfect. Marcus consigned his equipment before the December 5th deadline, we marketed it through all our channels, and the auction took place on the last day of the year. The equipment sold well—his debarker brought \$48,000, and the portable mill fetched \$32,000.

But here's the key: because of how our payment processing works, Marcus received his check in early January. The sale occurred in one tax year, but the payment landed in the next. After consulting with his accountant (and we always recommend folks talk to their tax professionals about their specific situations), Marcus was able to structure the transaction in a way that worked favorably for his tax planning on both ends.

"I got to clear out equipment I wasn't using anyway," Marcus told us afterward, "and the timing let me start the new year with some working capital I could put toward expansion." He sounded like a man who'd just discovered that fruitcake actually has a purpose—surprised and pleased in equal measure.

A December Bidding War

Of course, every seller needs a buyer, and this scenario—which again, mirrors situations we see regularly—provided a perfect example of how year-end tax advantages can create unexpected competition.

Marcus's debarker attracted considerable attention during the auction. Three serious buyers had their eyes on it, each with their own reasons for wanting to close a deal before midnight on December 31st.

The first was a sawmill operator from Tennessee who'd had an exceptionally profitable year. He'd been considering upgrading his debarking operation for months but had been putting it off. When his accountant ran the numbers in early December and showed him how much bonus depreciation he could claim if he purchased equipment before year-end, suddenly that "someday" decision became a "right now" necessity.

The second bidder ran a logging operation in Michigan that had landed several large contracts for the coming year. He knew he'd need better debarking capacity to handle the volume, and he had budget approval to spend before January 1st. "Use it or lose it," as the saying goes—only in this case, it was more like "use it or pay it to Uncle Sam."

The third bidder was from Pennsylvania, and his situation combined both tax strategy and genuine equipment need. His operation had grown beyond his current debarker's capacity, and he was facing the classic end-of-year dilemma: spend the money on equipment he actually needed and get a tax deduction, or let the cash sit idle and hand more of it over in taxes.

When Marcus's debarker came up for sale, all three buyers were ready. The Tennessee operator opened with a solid bid. The Michigan logger countered immediately. Pennsylvania jumped in next. Back and forth they went, each increment pushing the price higher.

Now, in a typical auction during spring or summer, one of these buyers might have dropped out earlier. But with the clock ticking toward midnight on December 31st (figuratively speaking—our auction actually began at 9 AM), and with tax deductions hanging in the balance, nobody wanted to blink first.

The Pennsylvania operator ultimately won with that \$48,000 bid—probably \$5,000 more than the debarker might have brought in February or March. When we spoke with him afterward, was he upset about paying a premium? Not remotely.

"Look," he explained, "I needed the equipment anyway. I was going to buy something within the next few months regardless. But by buying it in December instead of waiting, I got to write off the full amount this tax year. Even paying a little extra made perfect sense when I factored in the tax benefits." He paused and chuckled. "Plus, I get to start the new year already equipped instead of spending January shopping around."

The Michigan logger who came in second wasn't entirely disappointed either. "I gave it my best shot," he told us. "I'll catch the next one." And indeed, he did—we sold him a different debarker at our February auction, and he seemed quite satisfied with both the equipment and the price.

Why December 31st Matters

These scenarios play out year after year, and there's a reason for it. December 31st isn't just another date on the calendar. For businesses, it represents a unique opportunity window. We've scheduled this special IronRing auction for the last day of the year to give sellers the chance to turn equipment into cash before the year closes and to give buyers the opportunity to make strategic purchases that can benefit their bottom line.

Many businesses need to purchase equipment before year-end to take full advantage of bonus depreciation and Section 179 tax deductions. These provisions allow businesses to deduct the full purchase price of qualifying equipment purchased and put into service during the tax year. That's a powerful incentive for buyers who've been on the fence about upgrading equipment or expanding their operations.

For sellers, December presents its own advantages. If you have equipment that's been sitting idle or machinery you've planned to sell, converting it to cash before the calendar flips can offer some interesting tax planning opportunities—particularly when the timing of payment receipt can be structured favorably.

Additionally and just in time for the big End-of-Year Auction, we at Bright Star have lowered our buyer fees for the IronRing auction, leaving more money in both buyers' and sellers' pockets.

A Proven Track Record

Over the past two years, our December auctions have demonstrated the consistent strength of year-end buying. The combination of motivated buyers with year-end deadlines and sellers looking to reposition for the new year creates a dynamic marketplace.

Let me share some examples of actual equipment that found new homes in December:

- An MIC sorter in Mississippi sold for \$450,000. Two Peterbilt wrecker trucks brought \$285,000 and \$240,000 respectively. A Morbark debarker commanded \$190,000, while a John Deere wheel loader fetched \$175,000. We also saw a pair of Peterbilt log trucks each sell for \$175,000.
- Other notable sales included a West Plains resaw at \$140,000, a John Deere tractor for \$121,000, and a Bell tractor for \$120,000. A Siebert lowboy trailer brought \$120,000, and processing equipment like a Powerscreen crusher and wire screener sold for \$112,500 and \$100,000.
- Sawmill equipment proved popular too. An Echo band mill sold for \$90,000, a Morbark chip harvester for \$84,000, and a John Deere 548 G3 grapple skidder for \$75,000. Wood-Mizer sawmills ranged from \$60,000 to \$72,000 depending on model and year. Even specialized equipment like a 2023 Dyna firewood processor found a buyer at \$63,000, and a 2007 Morbark horizontal grinder sold for \$60,000.

These results tell us something important: December buyers are serious buyers with real purchasing power and immediate needs. They're not window shopping or kicking tires. They're making decisions, signing checks, and taking equipment home.

The December 5th Deadline

If you have equipment to sell in this year-end auction, time is of the essence. The deadline to consign equipment is December 5th. That gives our team enough time to photograph, document, and market your equipment to reach the maximum number of qualified buyers. And if you have someone that can send us quality pictures and videos, it may even buy you a few more days to get your equipment in past the deadline.

You might be thinking, "December 5th? But that's barely three weeks before the auction!" True enough. But remember, we're not asking you to haul your equipment anywhere. One of the advantages of our IronRing platform is that your equipment stays right where it is. We come to you, gather the information and images we need, and then market it to buyers across the country and beyond.

Our process is straightforward. One of our equipment specialists will work with you to gather the necessary information and images. We'll then market your equipment through all our proven channels—print advertising, digital campaigns, our signature BidBook catalog, email blasts to our targeted buyer lists, and across multiple online platforms.

If You Miss the Deadline

If you're interested in selling but can't make the December 5th deadline, don't let that stop you from reaching out. We have an extra-large IronRing auction scheduled for February, and there's a good reason for that timing.

February is historically when the greatest amount of heavy equipment changes hands. Businesses are gearing up for a new year of operations with fresh budgets, expanded plans, and renewed energy. They've closed out the previous year's books, shaken off the winter doldrums (or tried to, at least), and are ready to invest in the machinery they need to hit the ground running.

This makes our February auction an excellent alternative if you miss the December deadline. You'll still benefit from Bright Star's comprehensive marketing approach and our ability to connect your equipment with serious buyers from across the country and beyond. The competition might be different—February buyers are operating on new-year momentum rather than year-end urgency—but the results speak for themselves year after year.

How to Get Started

Whether you're a seller looking to convert equipment to cash or a buyer searching for year-end opportunities, getting started is simple.

For sellers, call our sales team to discuss your equipment. We'll walk you through the process, answer your questions, and help you determine the best approach for your situation. Remember, the December 5th deadline is approaching quickly for the year-end auction. If you're thinking about it, don't wait until December 4th at 5 PM to call. We promise we'll still be polite, but we might be moving a bit faster than usual.

For buyers, now is the time to identify what equipment your business needs and register for the December 31st auction. You can participate online through our brightstarauctions.com platform, via our phone bidding system, using our BidBook or through absentee bidding.

The beauty of our IronRing platform is that it brings together the best of both worlds—the excitement and competitive spirit of a live auction with the convenience and accessibility of online and phone participation. You don't need to drive through a snowstorm to compete for equipment. You can bid from your office, your kitchen table, or wherever you happen to be, as long as you have internet access or a phone.

Equipment stays at sellers' locations until pickup, which eliminates unnecessary trucking and keeps logistics simple for everyone involved. Once you've won your bid and payment clears, you arrange pickup directly with the seller at a mutually convenient time.

Looking Ahead

As we wrap up 2025 and look toward 2026, we're grateful for the trust our clients have placed in Bright Star. Whether you're a first-time consignor, a repeat buyer, or someone who's simply curious about the auction world, we'd love to work with you.

If you have questions or equipment to discuss, don't wait. Call our sales team today. And if December doesn't work for your timeline, mark your calendar for our February auction when businesses across the industry will be ready to invest in the equipment they need for a successful year ahead.

Until next time, may your bids be high, and your equipment run smoothly!

Bright Star Auctions works for sellers of sawmill, logging, woodworking equipment, and real estate around the country. Bright Star has sold millions of dollars of equipment and real estate around the country and has probably dealt with many situations much like yours. Eugene would be happy to meet with you, discuss your situation, and present you with options. Whether it is arranging a cash buyout by a retailer or conducting an auction, the team at Bright Star keeps your best interests in mind, and then lets you make the decision. Their mission is: Showing Christ to the World by Delivering the Most Accessible Heavy Equipment Auctions. Loren Beachy serves as president of the company. For a free consultation, call Vice-President Eugene Hochstetler at 574.825.0704.

SHOWCASE EQUIPMENT ACQUIRES ECHO ENTERPRISES

**Ensuring Continuity of Heavy-Duty and Custom-Length
Bandmill Manufacturing & Customer Service Excellence.**

Showcase Equipment is excited to announce the acquisition of Echo Enterprises, based in Hector, New York. This strategic move will allow Showcase to continue building the heavy-duty and custom-length bandmills that Echo is known for, while maintaining the exceptional customer service that has defined Echo's reputation.

"We are very excited about this opportunity. Showcase wants to continue doing what Echo has become known for, and this acquisition fits perfectly with what Showcase does now and plans to do in the future—being your go-to source for all your sawmill equipment needs." — **John Yoder, Showcase Equipment**

"I'm excited about this transition and look forward to working with Showcase. I'll remain involved for an extended period, assisting with design and engineering for these mills and providing training to ensure a smooth transition." — **Andy Stoltzfus, Echo Enterprises**

**The operational transition is planned
for January 2026, marking a new
chapter for both companies.**

Premium Cut Stock Lumber Twice Monthly Auction Series

This auction provides an excellent opportunity to purchase high-quality pallet stringers in bulk. Each sale will feature up to 10 semi loads of premium cut stock lumber, supplied by a trusted source and ideal for pallet manufacturers and regional distributors. While specific inventory will vary from sale to sale, buyers can expect notched #1-grade stringers with a 99% usability rate - perfect for restocking at competitive prices. Auctions are held twice monthly, and all items sell absolute with no reserves. For an updated catalog and full details, please call our office at (574) 825-0704, closer to the auction date.

We are also actively seeking additional consignments to meet growing buyer demand. If you have cut stock lumber or related materials to sell, we'd love to talk. Our team can help you reach a national audience and turn your inventory into cash - quickly and effectively.

**Got Lumber?
Consign Today!**

We're excited to announce that we will be holding lumber auctions on a regular schedule—every 1st and 3rd Tuesday of the month. Mark your calendars for the upcoming dates through the end of the year:

- November 4th
- November 18th
- December 2nd
- December 16th

New U.S. Tariffs on Lumber and Furniture Stir Mixed Reactions

Beginning Oct. 14, the United States imposed a 10 percent tariff on all imported softwood timber and lumber and a 25 percent tariff on imported wooden furniture, kitchen cabinets, and vanities.

The move—part of a proclamation signed Sept. 29 by President Donald Trump—will raise the furniture tariff to 30 percent and cabinets to 50 percent by 2026. The White House said the action was taken under Section 232 of the Trade Expansion Act, citing national security concerns over America's reliance on foreign wood products.

Support From Domestic Producers

Many in the U.S. lumber and cabinetry sectors welcomed the change. Zoltan van Heyningen, executive director of the U.S. Lumber Coalition, said the decision shows the administration's intent to support "domestic production over foreign production." He called it a step toward addressing what he described as Canada's unfair trade practices in softwood lumber.

The American Kitchen Cabinet Alliance also praised the tariffs, saying they would "save American cabinet manufacturers from a flood of unfairly traded imports." The group claims foreign competitors, especially from Asia, have undercut U.S. producers by as much as 70 percent in recent years, resulting in billions in lost revenue and thousands of jobs.

Concerns From Furniture Makers

Furniture manufacturers, however, warn that higher tariffs will worsen existing struggles tied to slow housing demand and labor shortages. The Furniture for America association argued that tariffs will not restore the domestic furniture industry, noting that no amount of tariffs will bring U.S. furniture manufacturing back to prior levels given the current shortage of skilled workers and domestic materials.

Williams-Sonoma CEO Laura Alber echoed those concerns, saying the company has already been forced to raise prices and adjust supply chains. She warned it will be "very difficult for the industry to bring a huge amount back to the United States in a short window of time."

Impact on Prices

The National Association of Home Builders cautioned that new tariffs could further raise construction and renovation costs, adding "headwinds to an already challenged housing market." Van Heyningen disagreed, arguing that the tariffs target foreign exporters rather than U.S. consumers, and that lumber represents only about 2 percent of a new home's cost. Still, some analysts predict prices will edge upward as companies eventually pass along higher costs.

Economist Wayne Winegarden of the Pacific Research Institute believes consumers will begin to feel those effects by 2025, calling it "a particularly bad time to be increasing the cost of construction." For now, the policy divides an industry already navigating uncertainty—but one thing is clear: the long-running U.S.-Canada lumber feud is far from over.

Premium Cut Stock Lumber Twice Monthly Auction Series

This auction provides an excellent opportunity to purchase high-quality pallet stringers in bulk. Each sale will feature up to 10 semi loads of premium cut stock lumber, supplied by a trusted source and ideal for pallet manufacturers and regional distributors. While specific inventory will vary from sale to sale, buyers can expect notched #1-grade stringers with a 99% usability rate - perfect for restocking at competitive prices. Auctions are held twice monthly, and all items sell absolute with no reserves. For an updated catalog and full details, please call our office at (574) 825-0704, closer to the auction date.

We are also actively seeking additional consignments to meet growing buyer demand. If you have cut stock lumber or related materials to sell, we'd love to talk. Our team can help you reach a national audience and turn your inventory into cash - quickly and effectively.

**Got Lumber?
Consign Today!**

We're excited to announce that we will be holding lumber auctions on a regular schedule—every 1st and 3rd Tuesday of the month. Mark your calendars for the upcoming dates through the end of the year:

- November 4th
- November 18th
- December 2nd
- December 16th

AC32100007 (574) 825-0704

Factory Direct Absolute Equipment Auction

Online & Phone Bidding Only

Date: November 19th

Auction start time: 9 AM EST

★ **For phone bidding, please register during the week prior to the auction if possible by calling (574) 825-0704 ext 5** ★

Auction Manager: Myron Miller; (574) 536-6306.

Auction Location: 11751 CR 12 Middlebury, IN 46540.

Preview & Inspection: Buyers are responsible to do their own inspection to determine the condition of the items they purchase. Inspections times are available as follows: Preview is available Monday - Friday from 8AM to 4PM prior to the auction.

Loadout Information: Free loadout will be available by appointment only for 3 weeks post auction. 574.825.0704

Late Model Grade Mill

Live, onsite: 3293 County Road 491, Lewiston, MI 49756

Date: November 21st

Auction start time: 9 AM EST

►►► For phone bidding, please register during the week prior to the auction if possible by calling 574.825.0704 ext 5 ◀◀◀

Titled Vehicles: Once your payment is received and clears our bank, you will be contacted to confirm your information. You can expect Your title within 7 business days after the information is confirmed. If you do not contact us to confirm your information, you will receive the title approx. 30 days after the auction and it will be filled in with the information that you registered with.

Preview & Inspection: Buyers are responsible to do their own inspection to determine the condition of the items they purchase. Inspections times are available as follows: Buyers may preview and inspect the equipment the day before the auction from 8 AM to 4 PM or by scheduling an appointment with the agent.

Loadout Information: To help avoid confusion, please make sure the Trucking Broker and/or the Truck Driver has a copy of your invoice when he arrives pick up your items. Please coordinate with rigger! Loadout is available by appointment and the information will be on your invoice. Uninstalled Items must be removed within 7 days. Installed equipment shall be removed within 45 days.

Rigging Information: RIGGING IS COMPLETELY THE BUYER'S RESPONSIBILITY. WE HIGHLY RECOMMEND YOU HIRE THE RECOMMENDED RIGGERS. IF YOU DO CHOOSE TO DO YOUR OWN RIGGING OR HIRE ANOTHER RIGGER, YOU MUST PROVIDE US WITH SATISFACTORY PROOF OF LIABILITY INSURANCE COVERAGE OF UP TO 1 MILLION DOLLARS IN COVERAGE. ALL BUYERS ARE COMPLETELY RESPONSIBLE FOR ANY DAMAGE THEY DO TO THEIR OWN EQUIPMENT OR ANYONE ELSE'S PROPERTY OR EQUIPMENT WHILE RIGGING. Recommended Rigger: For all rigging purposes call Nick Marco at (810) 705-6242.

Payment Information: Payment terms: 10% Onsite and 13% Online Buyer's Premium in affect for all purchases. Cash, check, wire transfer. Cash Payments totaling \$10,000 or more will not be accepted. Credit cards are only accepted on invoices with a total of less than \$2500. All payments are due immediately upon receipt of your invoice. Onsite buyers, payment is due the day of the auction. Onsite payments will only be accepted at the auction location on auction day up to one hour post auction. After that, payment must be made to the corporate office by calling 574-825-0704. If onsite bidders wish to send a wire and still be assessed only the onsite buyer's premium, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction.

Financing Available: Secure the equipment you need with Bright Star Financial Services. Enjoy fast, flexible options tailored to your business needs. Apply now for pre-approval and bid with confidence! Learn more at brightstarauctions.com/finance.

— Description — 4 carts total, 2 carts: 5'x42" with 3' back, 1 cart: 85"x42" with 3' back, 1 cart: 6'x3' with 3' up posts

LOT 217

Steel Sub Structure and Catwalks

— Description — Structure and catwalk around mill has been previously lotted. Includes the rest of substructure and cat walks not previously lotted. Lots of 6 x 6 steel posts and 6.5" x 8" I- beams.

LOT 217A

Steel sub structure

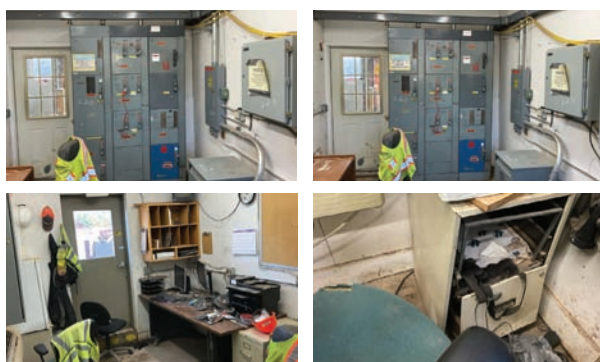

— Description — One Debarker substructure in building and outside . One debarker substructure on outside that has cab on top that sells separately. Plus some steel on outside. Considered scrap steel.

LOT 219

Hydraulic PAC
— Description — 40 hp electric motor

LOT 220

Motor Control Center and Control Room Contents
— Description — MCC with starters, all electrical in room, power will need to be cut. Includes Square D transformer 37.5 kva, h.v. 240/480, currently has power to it. Desk with monitors and supply's, mini fridge, contents of room.

LOT 250

Wheeled Lumber Cart
— Description — 7'x44"x61"high, Includes three 20" shelves on each side

LOT 251

Simonds Automated Bench
— Description — Simonds, SN 04-980-163, model RSMO-980, automated band leveler, level, tension, pull back, set tires

LOT 252

Armstrong Stretcher Roller and Bench
— Description — Model 16 welding clamp, top and bottom anvil hammering bench, stretcher roller.

LOT 253

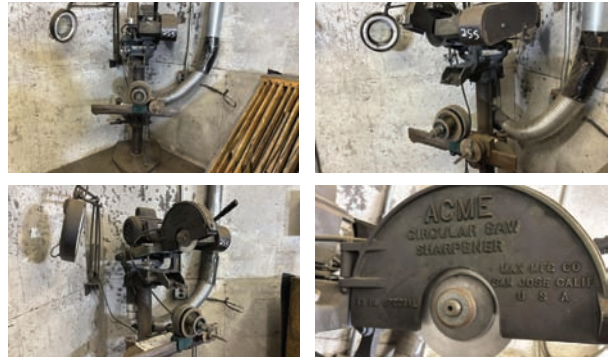

Wright W-350 Automatic Dual Side Sawblade Grinder Sharpener
— Specifications & Features — Make: Wright. Model: W-350 HD. Serial #: E9505.

LOT 254

Williams & White Stretcher Roller
— Description — SN 36330, model 36 EB,
for circular saws

LOT 255

Circular Saw Sharpener
— Description — SN 6348, Tall model,

LOT 256

1992 Vollmer Automatic Sharpener
— Description — Model. CHC SN.2298
Circular sharpener

LOT 257

Guide Dressing Machine and Jig
— Description — Setting jig, Includes 12" guide blocks

LOT 258

Hammering Block

LOT 259

Hammering Table
— Description — 13" diameter

LOT 260

Chipper Knives and Cart
— Description — Thirty Two 19 1/2" blades,
Includes cart 83"x16"x57" tall

LOT 261

Gang Saw Guides
— Description — Holding jigs and guides

LOT 262

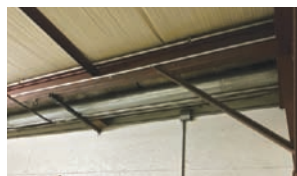

Double cut Bandsaw Blades
— Description — 89 plate, VDP, 14 gauge,
2" space, 10 blades,

LOT 263

Skilsaw 10" Electric Table Saw
— Description — Works

LOT 264

Blower, Pipe and Cyclone
— Description — 18" blower and cyclone,
7" steel pipe, some 4" branches,
approximately 100' total

LOT 280

RENS Log Metal Detector
— Description — Type 80-40, sn 091200,
14' feed thru trough, 40" coil, control box

LOT 300

John Deere 544J Wheel Loader
 — Specifications & Features — Year: unknown. Make: John Deere. Model: 544J. Serial #: DW544JP595726. Engine: John Deere 6068. Fuel: Diesel. Meter Reads: 37,997 hours. 3rd Valve: no. ROPS: Enclosed. Heat: yes. AC: yes. Tire Size: 20.5 R25. Attachment: 6"x48" forks. Quick Attach: Hydraulic. Center to Center of Pins: bottom 39.5" top 30.5". — Seller Statement — Runs and operates, a little rough ,

LOT 301

John Deere 544K Wheel Loader
 — Specifications & Features — Year: unknown. Make: John Deere. Model: 544K. Serial #: DW544KP624328. Engine: John Deere 6068. Fuel: Diesel. Meter Reads: unknown. 3rd Valve: yes. ROPS: Enclosed. Heat: yes. AC: yes. Tire Size: 20.5 R25. Lift Capacity: unknown. Attachment: 6"x48" forks. Quick Attach: Hydraulic. Center to Center of Pins: bottom 39.5" top 30.5". — Seller Statement — Some rust, currently not running

LOT 302

Grapple Forks Attachment
 — Description — Rockland, model CV1 5 44K, SN R56476, 7"x40" forks, 52"x 60" grapple, center to center pins 31", top to bottom 17"

LOT 304

Timberpro Forwarder
 — Specifications & Features — Year: na. Model: na. Serial #: 860F-0099-022805. Meter Reads: 13226.

BRIGHT STAR REALTY AND AUCTIONS, LLC
11751 CR 12, Middlebury, IN 46540
("Auctioneer")

Bidder Terms and Conditions

There is a 13% online buyer's premium in effect for all purchases made online. Buyer's premium is 10% for onsite bidders. All items sell where is as is with no warranties or guarantees. Buyer is responsible to inspect all merchandise prior to placing bids. Payment terms: Cash, check, wire transfer. Cash Payments totaling \$10,000 or more will not be accepted. Credit cards are only accepted on invoices with a total of less than \$2500. All payments are due immediately upon receipt of your invoice. Onsite buyers, payment is due the day of the auction. If onsite bidders wish to send a wire and still be assessed only the onsite buyer's premium, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. All items are pick-up only. Smalls must be removed within 2 days. All items must be removed within 30 days unless otherwise noted. Loadout available day of auction, after that by appointment. Please call agent for more info. Buyer shall assume responsibility of all property when auctioneer says sold. Auction company is not responsible for any missing or stolen items.

These Bidder Terms and Conditions ("**Terms**") apply to auctions conducted by BRIGHT STAR REALTY AND AUCTIONS, LLC and constitute a legal, valid, binding, and enforceable contract between Auctioneer and the Bidder. These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

1. **Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. By participating in the Auction, whether at the auction site, online, telephonically, or through any other means (including Absentee Bid), Bidder agrees to be bound by, and to abide by, these Terms.

Auctioneer's Licensing and Bonding. Auctioneer is licensed and bonded where required.

2. **Definitions.** The following definitions apply to these Bidder Terms for each auction conducted by Auctioneer:
"Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.
"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Buyer" means the Winning Bidder with respect to each Lot of Personal Property.

"Buyer's Premium" is an amount with respect to each Lot of Personal Property sold at the Auction, calculated as a percentage of the Hammer Price, that is payable by the Buyer to Auctioneer for Auctioneer's own account.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

"Lot" means each individual item or grouping of Personal Property offered at one time by Auctioneer.

"No Sale" occurs if Property is put up at the Auction but is not Knocked Down or sold, and Auctioneer passes on such Property or declares a No Sale.

"Online Auction Platform" means the hardware and software utilized to conduct the Auction online and to facilitate online bidding, including any associated, adjunct, and/or complementary websites, services, premiums and promotions.

"Online Auction Platform Provider" means the provider of the Online Auction Platform and related services to conduct Auction online.

"Online Bidding Period" means, with respect to an Auction conducted in whole or in part online, any established period during which bids may be tendered.

"Participant" means any person who attends, or otherwise participates in, the Auction (in person or remotely). The term Participant includes, but is not limited to, Registered Bidders, Bidder, and Buyers.

Bidder Terms and Conditions Continued...

“Personal Property” means all tangible and moveable property, including fixtures, designated as Property.

“Pick-up” means the act of picking up or removing sold Lots by respective Winning Bidders at the date(s), time(s), and location indicated for such during the Auction or as later agreed to by Seller and Buyer.

“Private Sale” means an event in which Property is sold by Seller, or on Seller’s behalf, other than at the Auction (including a sale at an auction conducted by a person or entity other than Auctioneer).

“Private Sale Price” means the fair market purchase price of the Property paid, or agreed to, at a Private Sale in an arms-length transaction between Seller and the purchaser of the Property. If the Property is sold through a Private Sale for less than its fair market value, or in a transaction that is not an arms-length transaction, or is gifted by Seller, the Private Sale Price will be an amount equal to the fair market value of the Property in an arms-length transaction.

“Property” means the Real Property and the Personal Property.

“Purchase Price” means an amount equal to the Hammer Price or High Bid Subject to Confirmation, as the case may be, plus the Buyer’s Premium.

“Registered Bidder” means a person or entity that has registered to bid at the Auction.

“Registration Deposit” means, if required by Auctioneer, the deposit, in certified funds, made by a Registered Bidder in order to register for the Auction.

“Reserve” or “With Reserve” means that the Auctioneer may Withdraw Property put up at Auction and/or bids may be rejected prior to the Fall of the Hammer. UNLESS SPECIFICALLY AND EXPRESSLY STATED OTHERWISE BY AUCTIONEER IN WRITING, ALL PROPERTY IS BEING WITH RESERVE.

“Reserve Price” means the minimum price that Seller is willing to accept for specific Property.

“Seller’s Confirmation” means Seller’s confirmation, approval, and acceptance of the High Bid Subject to Confirmation acknowledged and recorded by Auctioneer.

“Subject to Seller’s Confirmation” means, with respect to any Property expressly identified in this Agreement as being sold Subject to Seller’s Confirmation, that after the High Bid Subject to Seller’s Confirmation has been received and acknowledged by Auctioneer, Seller may determine, in Seller’s sole and absolute discretion, to (i) accept such bid or (ii) reject such bid.

“Winning Bid” means the highest bid received and accepted (and if Subject to Seller’s Confirmation, confirmed by Seller).

“Winning Bidder” means the Bidder who is recognized by Auctioneer as having made the Winning Bid.

“Withdraw” refers to the circumstance in which the Property is removed from the Auction, or in which it is determined that such Property will not be offered or sold at the Auction.

3. **Bidder Registration.** All persons desiring to bid at the Auction, must register to bid and be issued a Bidder Number. In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer’s discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.

4. **Governing Law.**

1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. Notwithstanding the physical location of the Bidder or any Participant, these Terms are deemed to be entered into in the State of Indiana, all bids and payments are deemed to be received in the State of Indiana, and the contract, if any, will be deemed to be formed and entered into in the State of Indiana.

5. **Buyer’s Premium.** All Property offered at the Auction is subject to a Buyer’s Premium, which will be paid by the Buyer to Auctioneer for Auctioneer’s own account. The Buyer’s Premium will be calculated as a percentage of the Hammer Price, and will be added to the Hammer Price to determine the final Purchase Price. Buyer agrees to pay the Winning Bid plus the applicable Buyer’s Premium.

6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer’s discretion.

7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.

8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. By bidding, each Registered Bidder acknowledges and agrees that such Registered Bidder has had a full and fair opportunity to read, and understands, these Bidder Terms, and affirms that such Registered Bidder is subject to and bound by these Bidder Terms.

9. **No Bid Retraction.** Bidder may not retract a bid that has been acknowledged by Auctioneer or that has been submitted online. Bidder acknowledges and agrees that Auctioneer is acting in reliance on tendered bids in the conduct of the Auction, and that bid retraction is disruptive and interferes with the Auction, and that, as an inducement for Auctioneer to accept such Bidder’s Bidder Registration and for such Bidder to bid at the Auction, Bidder agrees not to withdraw or to attempt to withdraw any tendered bid that has been acknowledged by Auctioneer.

10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:

10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.

10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer’s Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer’s website.

10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer’s sole and absolute discretion.

Bidder Terms and Conditions Continued...

- 10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer's sole and absolute discretion.
- 10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer's records will be deemed final and conclusive.
- 10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder's internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.
- 10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.
- 10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.
- 10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.
- 10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.
- 10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.
- 10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer's discretion, reopen the bidding.
- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY,

Bidder Terms and Conditions Continued...

ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTY MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.

17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.
26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.

Bidder Terms and Conditions Continued...

28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused by Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.

Phone Bidding instructions for Bright Star Auctions

If you can't make the auction, Bright Star is happy to accommodate you over the phone. By following the instructions below, you will be able to listen to the auctioneer and announcer and enjoy the crystal clear audio on the Bright Star Auction line.

Registration:

- Call the office at (574) 825-0704 ext 5 to register and get a bidder number. Preferably do this before auction day. Share your fax or email to receive the updated catalog the day before the auction.

Joining the Auction:

- **Ring 1: Call (419) 677-0715 and enter ID#: 904 359 662#.**
 - Ring 2 (if applicable): Call (832) 680 -1799 and enter ID#: 464 897 846#.
- You'll be placed in the auction audience upon calling.

Bidding Process:

- To bid, press *6 to unmute, state your bidder number and "yes" (e.g., "bidder 2532, yes").
- The ringman communicates your bid to the auctioneer.
- Press *6 to mute yourself when you are done bidding.
- Be sure to speak your bidder number first, loudly, and clearly.

Post-Auction Payment:

- Call (574) 825-0704 ext 4 within two hours after the auction to arrange payment.
- Credit cards are only accepted on invoices with a total of less than \$2500. Cash payments are only accepted on invoices with a total of less than \$10,000.
- Payments are due immediately post-auction.
- If you don't have fax or email, you'll be notified of your total by phone.
- Mail checks to: Bright Star Auctions, 11751 CR 12, Middlebury, IN 46540.

Additional Tips:

- Buyer's Premium for phone bidders is 13%.
- Please do not try to bid on speaker phone.
- Hundreds of photos in the online catalog.
- Log into the conference line 15 minutes early to avoid missing your lot.
- If you have trouble getting logged in, please call the office at 574-825-0704.

Trucking Services:

- US Logistics
 - Contact Nathaniel Stoltzfus
 - Phone: (570) 660-4246

- **Enjoy the convenience of bidding from home with Bright Star!**

Auction recordings are again available on the conference line:

Call: (712) 432-8774 - Conference id: 274448 # - Recording id: [6-digit date of auction] For example Williamsfield Valley Veneer was on September 21st, 2022. So, the recording id is 092122.

Press 1 to **pause or restart**, press 4 to **rewind** 2 minutes, press 6 to **fast forward** 2 minutes.

Appalachian Equipment Auction - 10.10.25

I highly recommend Bright Star. They are all very professional and easy to work with. They were very organized when they came to catalog all my equipment. I really appreciate that they stayed during the loadout and the contact they kept with me until all buyers picked up their items. They are a great group to work with. - Northern Wood Products
