From the Editor

Monday, Sept 8, 2025

Nice sunshiny but chilly weather in our area—46 degrees this morning with a full moon shining. What a beautiful time and temperature to ride your bike to work in the predawn hours.

I hope you had a good Labor Day weekend. We went biking on the Pumpkinvine Trail, a nice paved trail here in our community. We biked to Goshen's Shanklin Park for a picnic, stopped at Mooney's ice cream shop for a treat, and ended the ride at the Middlebury Dairy Queen for supper. It was a beautiful day—lower 70s, a slight breeze, and sunshine—perfect biking weather. Made all the better by spending the day with family.

We plan to attend the Paul Bunyan Show in Ohio the first weekend in October. If you plan to attend, stop by and say hi.

I enjoyed reading through the comments from the surveys you sent in. Here are a few highlights:

- "I don't really have suggestions on improving the magazine, but do wish to thank everyone that puts time and effort into this to make it work. I greatly appreciate having advertising like this even though there are many things I do not have use for. Thanks everyone for your efforts!"
- "Sometimes the Bid Book doesn't have all the lots listed, which I'm sure can be a challenge. Otherwise, very well satisfied. I look forward to the magazine every month."
- "I have a welding shop and would like a magazine just like it but geared for metal fab—welding shops also with auctions, etc. You have just enough auctions with some metal fab/weld equipment that it is worth getting it. Maybe have a special section for metal fab/welding?"
- "A classified ad section would be interesting."

Hopefully I can get some graphs made of the survey answers and print them in one of the next issues. This issue happens to be our thickest to date—228 pages.

Enjoy these last few strands of summer. Make a campfire, roast some s'mores, spend time with the kids, and keep on keeping on in whatever your occupation is.

Until next time,

Wayne Nisley, Editor

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

As summer winds down, auction activity has stayed steady across the board. From factory direct equipment to lumber consignments and regional lineups, buyers continue to show up and bid competitively. While certain categories, like pallets and containers, have seen some fluctuation, overall demand remains consistent heading into the fall auction season.

2015 Kubota - Sold for \$24,000

2007 SkyTrak - Sold for \$20,000

The August 27 Elkin Factory Direct auction held steady, much as it typically does, with the market for imports continuing to hold. Containers were a bit soft in this one, with the top 40' bringing \$4,600. Pressure washers landed at \$1,500.

At the August 29 Lake Erie Equipment Auction, the crowd was there to buy and the lineup drew steady bidding all day. Prices held strong on key machines, with the 2015 Kubota skid steer selling for \$24,000, the big orange 2007 Sky Trak at \$20,000, and the 2019 wheel loader at \$10,000. Containers stayed consistent, with the top 40' bringing \$5,500 and the rest close behind.

The September 2 Lumber Auction was steady overall, with competitive bidding on pallet stringers. The pallets themselves, however, didn't draw much interest in the ring. No one bid during the auction, but after the close two buyers called in, and both loads were sold at \$6.50 per pallet. The lighter material used made these less desirable, but heavier pallets are expected to generate better demand in future auctions.

At the September 5 Factory Direct auction, imports again showed a stable market, and containers picked up some strength compared to the last round. The top 40' went for \$7,200, with several others landing at \$6,500 and the lowest at \$5,000. Smaller containers also moved well, with the 12' units selling in the \$2,250-\$2,750 range.

2015 Bobcat - Sold! \$16,000

2019 GCKM - Sold! \$10,000

2016 Kubota - Sold! \$8500

2013 Smicksburg Band Mill- Sold! \$7250

2010 Norwood- Sold! \$5250

Looking ahead, this issue's Bid Book is packed with quality equipment. The September 26 MEA auction features a strong lineup of rental fleet lifts, a mix of skid loaders, forklifts, and even a batch of retired police vehicles from the city of Goshen. As well as trailers, vehicles, tractors and hundreds of attachments.

Also featured in this book is another metalworking auction—DS Machine in Gordonville, PA—which will be offered with online and phone bidding only.

Beyond September, two newly announced auctions will be worth marking on the calendar. The Coomer Sawmill Surplus Equipment auction in Frankfort, IN is set for November 13, followed closely by the Midwest Equipment Auction in Rockville, IN on November 14. Both auctions are accepting consignments now, providing solid opportunities to move surplus equipment before the year's end.

As we move into the final quarter, the overall trend has been one of stability. Buyers are still active, consignors are finding steady demand, and container pricing has shown resilience despite some dips along the way. With several large auctions scheduled in the weeks ahead, we anticipate a busy close to the year as sellers look to reposition inventory and buyers seek to take advantage of opportunities before winter slows things down a bit.

Sold! We'll see you at the next auction!

Embrace the Effortless Way of Buying and Selling Heavy Equipment Online

Benefits of Selling with IronRing

1. Affordable Flat Rate Commission

Enjoy our straightforward pricing - pay only \$500 in seller commission, with no hidden fees, regardless of what your pieces sell for.

2. Sell From Any Location

List your equipment from wherever you are. We've sold items from Washington to Maine, Texas to Canada, and everywhere in between. The buyer handles equipment pick-up, saving you significant time and effort.

3. Streamlined Selling Process

Our process is designed for your convenience. List, set a reserve price (if desired), and let us take care of the rest.

4. Reserve Price Option

Set a reserve to ensure you get the right price for your equipment, with no extra fees if the reserve isn't met. This is not a requirement, and we encourage you to sell your items without a reserve depending on your situation.

5. Advanced Marketing Strategies

Benefit from our comprehensive digital and print marketing campaigns, ensuring maximum visibility for your equipment. We put a lot of effort into staying abreast of current marketing trends and best practices to achieve or surpass auction value for your heavy equipment.

6. Global Buyer Network

Our platform reaches registered buyers worldwide, increasing your chances of a profitable result.

7. Expertise in All Heavy Equipment

We specialize in a wide range of heavy equipment, trucks, and trailers, ensuring your items find the right audience that is looking to buy quality equipment.

Why Choose IronRing?

IronRing stands out for its dedication to providing an exceptional auction experience. We are more than just a platform; we are a community dedicated to making heavy equipment trading as efficient and profitable as possible.

"It was a pleasure meeting and working with you ahead of the auction. You made the experience easy. Additionally, I've not seen any organization use today's technology more competently than what I've experienced with Bright Star. You are providing a needed service and doing it very well. Thanks again."

Free Weekly Email for Dads

Do you ever wish a guy would come to your house, slug you in the arm, and tell you to straighten up, be a good dad, and be loving to your wife? Well, now your wildest dreams have come true, because I'll come to your home or office each week and do just that. Now, don't be expecting a theological treatise on husbanding, because the Familyman Weekly isn't that. Think of it more as one dad encouraging another over the backyard fence.

Lumber Prices Buoyed by Big Sawmill Curtailment

Lumber prices, which had fallen sharply through August, are showing signs of recovery after a major producer announced significant production cuts.

Interfor, one of North America's leading lumber companies, said it will reduce output by about 145 million board feet during the current quarter. The company plans to achieve this through shorter hours, restructured shifts, and extended maintenance downtime at its U.S. and Canadian mills.

The move follows a 20 percent drop in lumber futures last month, fueled by weak housing demand and the impact of new U.S. duties on Canadian imports. By scaling back supply, Interfor is sending a signal that producers are prepared to act in order to stabilize the market. Early signs suggest the strategy is having an effect, with prices rebounding shortly after the announcement.

Industry veterans note that production curtailments are not unusual in the lumber sector. Mills often adjust their output in response to rapid price swings or oversupply conditions. These pauses, while sometimes disruptive in the short term, can help restore balance when inventories pile up and demand softens.

Dealers and builders say a firmer price floor is welcome news after a turbulent summer. Elevated borrowing costs have slowed housing starts, leaving many buyers hesitant and causing uneven demand across regions. Stabilized pricing could encourage builders to move forward with projects, providing some much-needed momentum for mills and their suppliers.

The effects of Interfor's decision are likely to ripple across the broader market. Smaller sawmills, which are often squeezed hardest by price drops, may benefit from the firmer tone. Traders, meanwhile, will be watching closely to see if other producers follow suit with similar measures.

Looking ahead, questions remain about how long the current pause will last. If demand continues to lag into winter, further adjustments could be on the horizon. For now, though, the announcement has offered the lumber market a much-needed breather, easing concerns about oversupply and providing a measure of confidence as the industry heads into the fall season.

Small Mills, Big Results: **A New Path to Equipment Auctions**

By Loren Beachy, President, Bright Star Auctions

Daniel Borntrager had decided to relocate from Missouri to Kansas, which meant liquidating his sawmill operation. Like many smaller mill owners, he faced a common dilemma: His equipment value didn't justify the high commission rates that full-service auctions typically require, but trying to sell piece by piece was about as enjoyable as using a dull chainsaw.

Meanwhile in Pennsylvania, Sam Kauffman faced similar challenges. After four years of running his custom sawmill operation - specializing in hemlock post and beam, siding, and grade lumber - Sam had decided to focus more on his growing produce business. "Sawmill and produce just don't go together," he explains, with the kind of resignation that comes from trying to juggle two demanding operations. "Something had to give."

Both men found their solution through Bright Star Auctions' new seller-managed auction program. Think of it as getting access to a global marketplace of buyers without having to pay someone else to wash your equipment - which, let's face it, you might know how to do better than anyone else anyway.

A Tale of Two Mills

Daniel's story began when his father started their sawmill about six years ago in Brashear, Missouri, initially cutting grade and ties before transitioning to mat material for Hawkeye Mat in Seymour, Iowa. Daniel took over the operation in October 2023, but soon after, an opportunity arose that would take him to Kansas.

Sam's journey started with inspiration from his father's earlier pallet business. "I always kind of wanted to have a sawmill," he recalls. They bought their setup locally to their location in Newburg, Pennsylvania - complete with edger, saw, and slab racks. Beyond their custom cutting work, they also harvested their own timber, though Sam notes that buying small tracts of timber was one of their biggest challenges. "Without a forester, it was hard to try to come out on the plus side and make a good profit."

The post and beam work proved particularly demanding. "It always had to be perfect," Sam recalls, his voice taking on the serious tone that comes from years of exacting work. "There was no room for error on post and beam." Each piece had to be cut to exact specifications - the difference of even a quarter inch could cause major headaches for the builders assembling these architectural elements. But there was satisfaction in the precision required, knowing these beams would form the skeleton of buildings meant to last generations.

Both men had seen Bright Star's marketing materials before. "I used to get Bright Star's Bid Books and listen to sales," Daniel says. When it came time to sell, multiple people told him that for a total liquidation, Bright Star would have the best advertising reach.

The Seller-Managed Difference

Bright Star's traditional full-service auctions had earned a reputation for excellence, but they came with commission rates that could be prohibitive for smaller operations. The new seller-managed program changes that equation dramatically.

Here's how it works:

- Sellers handle the cleaning and basic setup themselves
- Bright Star provides guidance on photos and videos needed and walks the sellers' photographer through the process.
- Bright Star handles all marketing across multiple platforms
- Bidders can participate online or via phone during the auction
- Bright Star manages payments and paperwork
- Sellers handle equipment pickup coordination

"I had Bright Star on speakerphone for a while just to walk through the first piece," Sam recalls about the documentation process. "It was very simple. I washed everything up, all the saws, and cleaned everything up. Then we did some videos while I was driving the equipment." The support doesn't stop with initial guidance. "Myron was a good guy to work with," Daniel notes about his Bright Star Equipment Specialist, Myron Nissley. "Any time I needed anything or had questions, I could just call."

Auction Day Success

For both sellers, auction day proved remarkably smooth. "I was working while the auction was going," Sam recalls. "I had nothing to do with it. It was just about like I didn't even sell anything. Then the phone calls came and they wanted to pick their stuff up."

Daniel's experience exceeded his expectations, especially regarding his Frick carriage. "I was tickled," he says, a smile entering his voice. "I always thought, oh man, if I get 10 out of that carriage, I'll do good. And it brought 16 thousand." The results weren't just about individual pieces though. Both sellers appreciated the overall outcomes. As Sam puts it, "They did a lot of good advertising - I saw the ad in a bunch of different places. And I was happy with the prices I got."

The Numbers Make Sense

The financial advantage of the seller-managed approach is clear. It was a reasonable commission, Daniel explains, and shared how his fees were less than half of what they would have been with a full-service auction. For operations valued under \$250,000, this difference can be substantial. "One extra day to wash up the equipment was not that big of a deal," Sam notes, comparing it to the commission savings.

Global Reach, Local Control

One of the key benefits of working with Bright Star, even in a seller-managed auction, is access to their global marketing network. The company's specialty niche in sawmill and forestry equipment means your items get in front of the right buyers.

The marketing includes:

- Traditional print advertising in industry publications
- Digital marketing campaigns
- Their signature Bid Book catalog
- Email blasts to targeted buyer lists
- Social media promotion
- Industry-specific website listings

Plus, on auction day, Bright Star synchronizes bids from online platforms and their phone bidding system, ensuring maximum exposure and competitive bidding.

Samuel Kauffman's 2012 Cooks AC 36 band mill that sold for \$25,000.

Daniel's older Prentice knuckleboom. \$14,500 was the selling price.

Continuing Operations

Another advantage? You can keep running right up until auction day. Daniel notes that he "could have probably cut 2x8 fourteens for I don't know how long" - though he was ready for his move to Kansas. There was no need to shut down early for auction setup. This flexibility is particularly valuable for businesses that need to maintain cash flow until the very end. You're not losing weeks of production time to auction preparation.

The Right Choice for Smaller Operations

"I definitely think that's the way to go if you're a smaller mill," Daniel advises. Sam agrees, adding that it was "definitely an easy way of liquidating." Both men have moved on to new chapters - Daniel working in concrete and construction in Kansas (though he's "thinking about getting back in it"), and Sam focusing on his produce business. But their experiences offer a valuable lesson for other small mill owners considering liquidation.

The seller-managed auction program offers a middle ground between trying to sell equipment piece by piece and paying full-service auction rates. It provides access to Bright Star's marketing reach and auction expertise while letting owners handle the parts they're perfectly capable of managing themselves.

So if you're considering liquidating your smaller operation but have been hesitant about auction costs, this might be worth exploring. "We are so tickled that we were able to help Daniel and Samuel," mentions Eugene Hochstetler, Bright Star's Vice-president and lead liquidation specialist. "For Daniel, his Frick mill is a prime example of the advantage of our global and niche marketing. It found a new home in Salesville, Ohio from its former home in Missouri- 650 miles away!"

"Samuel only had 10 items to sell" Eugene continues, "though they were high quality. We are also excited about the potential for other smaller operations such as construction companies, excavators, and metal-working shops. Those are all assets we have been blessed to consistently sell successfully in the past."

"We also want sellers to know," Eugene finished, "That we still offer the entire spectrum of liquidation auctions from a full-service option where we at Bright Star do it all, to a seller managed auction, and there are several options in between. It all depends on what is the best fit for the seller."

Just remember - while Bright Star can help you reach buyers worldwide, they can't help with that frozen water hose. That's still on you.

Push to Revive Northwest Timber Sector Through Policy and Tariffs

In Washington's Skamania County, timber once formed the backbone of the economy. Today, only one of the six sawmills that lined the Columbia River Gorge in the 1980s still operates, and much of the surrounding community has shifted away from its logging roots.

Industry leaders say the decline is the result of two main forces: federal land restrictions that limit access to public forests and a steady stream of lower-cost lumber imports from Canada. Together, these pressures have eroded the once-dominant timber economy in the Pacific Northwest.

The Trump administration has sought to reverse this trend with a series of proposals designed to give mills a fighting chance. Among them are plans to roll back the "roadless rule," a Clinton-era policy that restricts logging and road-building on millions of acres of national forest land. Administration officials have also announced intentions to boost federal timber harvests by as much as 25 percent and to raise tariffs on imported Canadian lumber.

Supporters of these measures argue that increased access to public lands and stronger trade protections could help stabilize sawmill operations, create jobs, and ensure a more reliable domestic supply of wood products. "The industry has been in decline for decades, and these changes could finally bring some relief," one regional logger commented.

Yet critics caution that policy shifts alone may not be enough. The region continues to face challenges from environmental lawsuits, high operational costs, and a housing market still adjusting to elevated borrowing rates. While tariffs may help level the playing field, Canadian producers remain a strong presence in U.S. markets and are likely to adapt quickly to new trade barriers.

For many in the Northwest, however, even modest policy changes represent hope. Mills that have struggled for years see the possibility of renewed investment if federal harvest levels rise. Communities that were built around timber work are eager to see if these efforts can revive at least part of their local economies.

The coming months will show whether the combination of tariffs and forest access reforms can breathe new life into the region's timber sector—or if broader economic forces will keep recovery out of reach.

BRIGHT STAR REALTY AND AUCTIONS, LLC
11751 CR 12, Middlebury, IN 46540
("Auctioneer")

Bidder Terms and Conditions

There is a 13% online buyer's premium in effect for all purchases made online. Buyer's premium is 10% for onsite bidders. All items sell where is as is with no warranties or guarantees. Buyer is responsible to inspect all merchandise prior to placing bids. Payment terms: Cash, check, wire transfer. Cash Payments totaling \$10,000 or more will not be accepted. Credit cards are only accepted on invoices with a total of less than \$2500. All payments are due immediately upon receipt of your invoice. Onsite buyers, payment is due the day of the auction. If onsite bidders wish to send a wire and still be assessed only the onsite buyer's premium, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. All items are pick-up only. Smalls must be removed within 2 days. All items must be removed within 30 days unless otherwise noted. Loadout available day of auction, after that by appointment. Please call agent for more info. Buyer shall assume responsibility of all property when auctioneer says sold. Auction company is not responsible for any missing or stolen items.

These Bidder Terms and Conditions ("**Terms**") apply to auctions conducted by BRIGHT STAR REALTY AND AUCTIONS, LLC and constitute a legal, valid, binding, and enforceable contract between Auctioneer and the Bidder. These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

1. **Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. By participating in the Auction, whether at the auction site, online, telephonically, or through any other means (including Absentee Bid), Bidder agrees to be bound by, and to abide by, these Terms.

Auctioneer's Licensing and Bonding. Auctioneer is licensed and bonded where required.

2. **Definitions.** The following definitions apply to these Bidder Terms for each auction conducted by Auctioneer:

"Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.

"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Buyer" means the Winning Bidder with respect to each Lot of Personal Property.

"Buyer's Premium" is an amount with respect to each Lot of Personal Property sold at the Auction, calculated as a percentage of the Hammer Price, that is payable by the Buyer to Auctioneer for Auctioneer's own account.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

"Lot" means each individual item or grouping of Personal Property offered at one time by Auctioneer.

"No Sale" occurs if Property is put up at the Auction but is not Knocked Down or sold, and Auctioneer passes on such Property or declares a No Sale.

"Online Auction Platform" means the hardware and software utilized to conduct the Auction online and to facilitate online bidding, including any associated, adjunct, and/or complementary websites, services, premiums and promotions.

"Online Auction Platform Provider" means the provider of the Online Auction Platform and related services to conduct Auction online.

"Online Bidding Period" means, with respect to an Auction conducted in whole or in part online, any established period during which bids may be tendered.

"Participant" means any person who attends, or otherwise participates in, the Auction (in person or remotely). The term Participant includes, but is not limited to, Registered Bidders, Bidder, and Buyers.

"Personal Property" means all tangible and moveable property, including fixtures, designated as Property.

"Pick-up" means the act of picking up or removing sold Lots by respective Winning Bidders at the date(s), time(s), and location indicated for such during the Auction or as later agreed to by Seller and Buyer.

"Private Sale" means an event in which Property is sold by Seller, or on Seller's behalf, other than at the Auction (including a sale at an auction conducted by a person or entity other than Auctioneer).

"Private Sale Price" means the fair market purchase price of the Property paid, or agreed to, at a Private Sale in an arms-length transaction between Seller and the purchaser of the Property. If the Property is sold through a Private Sale for less than its fair market value, or in a transaction that is not an arms-length transaction, or is gifted by Seller, the Private Sale Price will be an amount equal to the fair market value of the Property in an arms-length transaction.

"Property" means the Real Property and the Personal Property.

"Purchase Price" means an amount equal to the Hammer Price or High Bid Subject to Confirmation, as the case may be, plus the Buyer's Premium.

"Registered Bidder" means a person or entity that has registered to bid at the Auction.

Bidder Terms and Conditions Continued...

“Registration Deposit” means, if required by Auctioneer, the deposit, in certified funds, made by a Registered Bidder in order to register for the Auction.

“Reserve” or “With Reserve” means that the Auctioneer may Withdraw Property put up at Auction and/or bids may be rejected prior to the Fall of the Hammer. **UNLESS SPECIFICALLY AND EXPRESSLY STATED OTHERWISE BY AUCTIONEER IN WRITING, ALL PROPERTY IS BEING WITH RESERVE.**

“Reserve Price” means the minimum price that Seller is willing to accept for specific Property.

“Seller’s Confirmation” means Seller’s confirmation, approval, and acceptance of the High Bid Subject to Confirmation acknowledged and recorded by Auctioneer.

“Subject to Seller’s Confirmation” means, with respect to any Property expressly identified in this Agreement as being sold Subject to Seller’s Confirmation, that after the High Bid Subject to Seller’s Confirmation has been received and acknowledged by Auctioneer, Seller may determine, in Seller’s sole and absolute discretion, to (i) accept such bid or (ii) reject such bid.

“Winning Bid” means the highest bid received and accepted (and if Subject to Seller’s Confirmation, confirmed by Seller).

“Winning Bidder” means the Bidder who is recognized by Auctioneer as having made the Winning Bid.

“Withdraw” refers to the circumstance in which the Property is removed from the Auction, or in which it is determined that such Property will not be offered or sold at the Auction.

3. **Bidder Registration.** All persons desiring to bid at the Auction, must register to bid and be issued a Bidder Number. In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer’s discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.

4. **Governing Law.**

1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. Notwithstanding the physical location of the Bidder or any Participant, these Terms are deemed to be entered into in the State of Indiana, all bids and payments are deemed to be received in the State of Indiana, and the contract, if any, will be deemed to be formed and entered into in the State of Indiana.

5. **Buyer’s Premium.** All Property offered at the Auction is subject to a Buyer’s Premium, which will be paid by the Buyer to Auctioneer for Auctioneer’s own account. The Buyer’s Premium will be calculated as a percentage of the Hammer Price, and will be added to the Hammer Price to determine the final Purchase Price. Buyer agrees to pay the Winning Bid plus the applicable Buyer’s Premium.

6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer’s discretion.

7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.

8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. By bidding, each Registered Bidder acknowledges and agrees that such Registered Bidder has had a full and fair opportunity to read, and understands, these Bidder Terms, and affirms that such Registered Bidder is subject to and bound by these Bidder Terms.

9. **No Bid Retraction.** Bidder may not retract a bid that has been acknowledged by Auctioneer or that has been submitted online. Bidder acknowledges and agrees that Auctioneer is acting in reliance on tendered bids in the conduct of the Auction, and that bid retraction is disruptive and interferes with the Auction, and that, as an inducement for Auctioneer to accept such Bidder’s Bidder Registration and for such Bidder to bid at the Auction, Bidder agrees not to withdraw or to attempt to withdraw any tendered bid that has been acknowledged by Auctioneer.

10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:

10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.

10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer’s Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer’s website.

10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer’s sole and absolute discretion.

10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer’s sole and absolute discretion.

10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer’s records will be deemed final and conclusive.

10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder’s internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.

10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.

10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.

10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.

10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.

10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.

10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer’s discretion, reopen the bidding.

Bidder Terms and Conditions Continued...

- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY, ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTEE MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.
17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.

Bidder Terms and Conditions Continued...

26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.
28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana.; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.
