From the Editor

Monday, July 7, 2025

On Todd Wilson's You da Dad daily calendar, he suggested that we say **sure** to what our wife and children want to do this weekend. So I tried. As in, I went swimming at 6:30 Friday morning, 8:30 Saturday night, and a few hours on Sunday afternoon. Life is good.

On Sunday evening we had our family night, and we got to discussing the accidents and happenings that we had on our farm growing up. My older brother Marion got his shoelace caught in the elevator chain in the fall of 1989 when he was 11 years old. He was in the hospital for six weeks while they had to amputate his leg and tried to heal it enough to go home. He was sick of hospital food and weighed a mere 40 pounds when he came home. He now has an artificial leg and gets around with only a slight limp.

In the spring of '90, Dad was ordained a minister in the church, and in the fall of '90 he got his arm caught in the corn picker and was pretty mangled up. He had to have multiple skin grafts but thankfully retained the full use of his arm and hand.

My dad has almost used up his nine lives. I don't remember all the dates of the happenings, but he has been through the threshing machine—almost literally on one occasion. He had just been ordained bishop in the church (2012) and was struggling to accept that responsibility. The neighbors had kind of a reminisce day with an old threshing machine and some old tractors set up. They asked Dad to be on top of the machine and watch the straw go through. Something knocked him off balance and he fell headfirst into the machine with his arms pinched beneath him. One of the other men yelled, and the one standing at the end of the machine turned around and grabbed his feet and pulled him out in the nick of time. The hay fork and his eyeglasses went through the straw chopper with a bang. He had a bruise on his nose and a scratch on his eye, which he had to lay face down in the dark for a few weeks to heal, but was otherwise okay. He was willing to fulfill his new church duties after that happening.

Mom and Dad also lost a set of twin boys (stillborn) in 1983. Dad got mangled by the bull in the early 2000s, and he had surgery on both rotator cuffs in the later 2000s. All this while managing seven children, church duties, and a 140-acre dairy farm.

Dad mentioned that every time something happened, the neighbors and the church would show up and help with chores, fieldwork, etc. Once he tried to shoo them away, thinking they had helped enough times, when one of the church men gave him something to think about. He said, "There is a blessing in helping others. What happens to that blessing if you don't accept the help?" He humbly accepted—and I am sure he would have done the same thing were the situation reversed.

I don't mention this to arouse pity—I just got a new perspective and respect for my parents and the hardships they endured. Funny how different things look in hindsight and how easy I let little things seem like big things.

Wonder what we'll be talking about in our own hindsight and reminiscing in 40 years from now. It's probably good that we don't know yet.

Have a great week. We will be camping. Leave a message.

Until next time.

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

The June 24 IronRing auction delivered the highest sell-through rate we've ever seen at one of these events, with 25 of the 27 lots selling to new buyers. The highlight was the 2021 Komatsu WA270 wheel loader, which went for \$90,000. Skid loaders and forklifts brought mostly average results while two out of the three trucks listed did not meet the reserve.

2021 Komatsu Loader - Sold for \$90,000

2016 JD Skidder- Sold for \$28,500

All in all, this was a smaller lineup, but a strong showing that reflected solid demand for the right equipment. There will not be a second IronRing event in July, with the next one now set for Tuesday, August 12. With the recent strength in bidding and the high sell rate, this is shaping up to be one you'll want to consign early for.

Just three days later, the June 27 Michiana auction kept up the momentum with another strong turnout. Forklifts once again brought mostly average prices, and the 2004 Kubota R420 wheel loader rang the bell at \$15,000, a respectable figure for that size and age of machine.

Passenger vehicles and trucks ran soft, a trend we've seen off and on throughout the summer. Trailers sold in the average to good range, with many buyers zeroing in on condition. Attachments also performed solidly, generally averaging out slightly above normal for this time of year.

Containers were the surprise of the day. Several new 40-foot shipping containers crossed the block, with the top one bringing in \$9,000—a strong price that reflects ongoing demand for storage solutions. The other four 40 footers were from \$6500-\$8500. Lawn mowers and garden tractors also did well in this summer auction.

2004 Kubota - Sold! \$15,000

40' Container - Sold! \$9000

2019 Wood-Mizer LT70 - Sold! \$30,000

2020 John Deere Gator - Sold! \$30,000

2017 Polaris - Sold! \$9250

Two recreational vehicles capped the auction with a bit of flair: the 2020 John Deere Gator brought \$30,000, making it the top lot of the day. A 2017 Polaris Ranger side-by-side followed behind at \$9,250. These numbers show that clean, late-model side-by-sides are still catching attention, especially when they're well cared for. The 2015 Open Range travel trailer that was still in good condition sold for \$14,000.

Looking ahead, we're gearing up for the August 8 Lakeview Cabinets auction in Kentucky. This one stands out for its wide range of inventory—from woodworking machinery to boats, buggies, and farm equipment. It's not often you see an auction with a Delta shaper, a hay rake, and a fishing boat in the same lineup.

Alongside the heavy equipment and trailers, there's also a large selection of Dewalt cordless tools, fans, and lights that appear to be in great shape. There are also new 2023 electric chest freezers, framing nails and nailers, a sewing machine, parts, and shop supplies of all kinds. Details and photos can be found in this issue's Bid Book section.

As we head into July, we're officially in the slower auction season for the year. It's a time when families take vacations, and buying equipment and selling often takes a backseat to other responsibilities. But we're already hearing rumblings of what's to come. Several good auctions are stacking up for August and September, and we expect a busy fall auction season.

If you're thinking about selling equipment this fall, now's the time to get your ducks in a row. Early marketing can make a big difference for your equipment.

From all of us here at Bright Star Auctions, may you and your family enjoy a safe and blessed Fourth of July holiday.

Sold! We'll see you at the next auction!

Embrace the Effortless Way of Buying and Selling Heavy Equipment Online

Benefits of Selling with IronRing

1. Affordable Flat Rate Commission

Enjoy our straightforward pricing - pay only \$500 in seller commission, with no hidden fees, regardless of what your pieces sell for.

2. Sell From Any Location

List your equipment from wherever you are. We've sold items from Washington to Maine, Texas to Canada, and everywhere in between. The buyer handles equipment pick-up, saving you significant time and effort.

3. Streamlined Selling Process

Our process is designed for your convenience. List, set a reserve price (if desired), and let us take care of the rest.

4. Reserve Price Option

Set a reserve to ensure you get the right price for your equipment, with no extra fees if the reserve isn't met. This is not a requirement, and we encourage you to sell your items without a reserve depending on your situation.

5. Advanced Marketing Strategies

Benefit from our comprehensive digital and print marketing campaigns, ensuring maximum visibility for your equipment. We put a lot of effort into staying abreast of current marketing trends and best practices to achieve or surpass auction value for your heavy equipment.

6. Global Buyer Network

Our platform reaches registered buyers worldwide, increasing your chances of a profitable result.

7. Expertise in All Heavy Equipment

We specialize in a wide range of heavy equipment, trucks, and trailers, ensuring your items find the right audience that is looking to buy quality equipment.

Why Choose IronRing?

IronRing stands out for its dedication to providing an exceptional auction experience. We are more than just a platform; we are a community dedicated to making heavy equipment trading as efficient and profitable as possible.

"It was a pleasure meeting and working with you ahead of the auction. You made the experience easy. Additionally, I've not seen any organization use today's technology more competently than what I've experienced with Bright Star. You are providing a needed service and doing it very well. Thanks again."

- Brad A. (An IronRing Customer)

REBUILT? REDEFINED.

The Showcase Rebuilt Difference

In the sawmill machinery industry, not all rebuilds are equal. Showcase Rebuilt stands out with uncompromising, high-quality, warrantied rebuilds. We rebuild your favorite brands of equipment and focus on making our Showcase Rebuilt equipment to consistently match- and occasionally surpass- new equipment. As our customers will attest, durability is just as robust as new equipment, providing long-term reliability.

Each machine we refurbish comes with a strong warranty, offering confidence in its performance. Our customers say that our rebuilt machines are as good as new, but more affordable. Choosing Showcase Rebuilt also means avoiding the long wait times associated with new equipment. With Showcase Rebuilt, you get exceptional quality, better prices, and quick access, ensuring your operations run smoothly.

TESTIMONIAL:

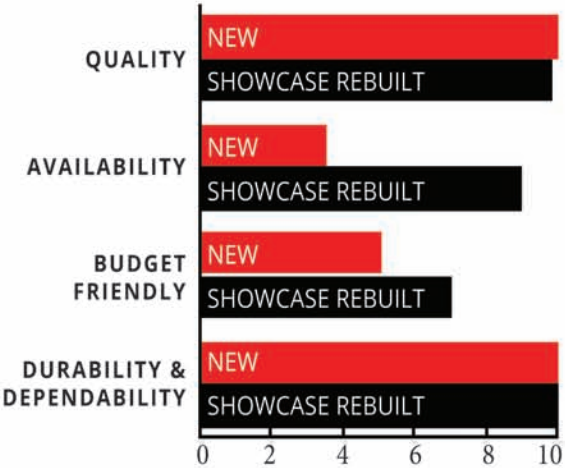

"Showcase Equipment delivered on its promise of excellence with the 'Showcase Rebuilt' Mellott debarker we procured. Not only did it come with a warranty, but the pricing was remarkably competitive compared to the new alternatives. The availability of the equipment precisely when needed has fortified our trust in Showcase. Sincerely pleased customer at Emlenton PA."

Brubacher Band Blade Sharpening Equipment

BLADE SHARPENER

- Standard equipment sharpens 1"-3" blades.
- Can be converted for CBN Stones.
- Coolant Pumps
- Pink Ruby Grindstone which gives you a razor-sharp tooth.
- Moving parts are ball-bearing equipped for precision sharpening.

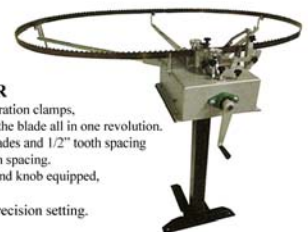

BLADE ROLLER

- Band Roller does 1"-3" blades.
- Both rollers are ball-bearing mounted for easier turning.

BLADE SETTER

- Single hand crank operation clamps, sets 2 teeth and index the blade all in one revolution.
- Will set 1"-3" wide blades and 1/2" tooth spacing through to 1-1/4" tooth spacing.
- All adjustments are hand knob equipped, no wrench required.
- Dial Indicators for precision setting.

BRIGHT STAR
AUCTIONS

Let's turn
your assets
into cash!

Free Weekly Email for Dads

Do you ever wish a guy would come to your house, slug you in the arm, and tell you to straighten up, be a good dad, and be loving to your wife? Well, now your wildest dreams have come true, because I'll come to your home or office each week and do just that.

Now, don't be expecting a theological treatise on husbanding, because the Familyman Weekly isn't that.

Think of it more as one dad encouraging another over the backyard fence.

Premium Cut Stock Lumber Twice Monthly Auction Series

This auction provides an excellent opportunity to purchase high-quality pallet stringers in bulk. Each sale will feature up to 10 semi loads of premium cut stock lumber, supplied by a trusted source and ideal for pallet manufacturers and regional distributors. While specific inventory will vary from sale to sale, buyers can expect notched #1-grade stringers with a 99% usability rate - perfect for restocking at competitive prices. Auctions are held twice monthly, and all items sell absolute with no reserves. For an updated catalog and full details, please call our office at (574) 825-0704, closer to the auction date.

We are also actively seeking additional consignments to meet growing buyer demand. If you have cut stock lumber or related materials to sell, we'd love to talk. Our team can help you reach a national audience and turn your inventory into cash - quickly and effectively.

**Got Lumber?
Consign Today!**

Already consigned to the July 15th auction:
Lot 25 - 1 Semi Load of Kentucky Board Fence

The Business Edge

The 5 Leadership Abilities

Here are 5 things great leaders do to keep growing.

1. Simplify

The first leadership ability is simplify. It is really quite simple. Now, never confuse simple with easy. Your job as a business owner is to reduce complexity and to simplify things. We have a natural tendency to complicate things and to make things look more complicated, which is the reason why we don't delegate—because I can do it. I can do it easily; it'll be too complicated to tell somebody else how to do it.

John Maxwell is one of the main leadership gurus of this time, and he has written about 100 books. If any of you have read John Maxwell's books, he writes all his books in 4th grade English. Think about that. How am I writing my SOPs? My job descriptions? Could a 4th grader come in and do my job? Am I simplifying things enough for my people? There's the old saying, "Keep it simple."

Here's a quote from a French writer: "If I had more time, I would have written a shorter letter." And another one from Dan Sullivan: "No further progress or growth is possible until a new state of simplicity is reached."

We have to take time to simplify things. And again, don't confuse simple with easy. Simple is not always easy. I don't want to make this more complicated than it is. What is one thing in your business that is too complex that you need to take time to simplify? Take 30 seconds and jot one thing down.

2. Delegate

The second leadership ability to break through that ceiling is to delegate. We need to be able to delegate. As the organization grows, you can't hang on to everything. You have to let some things go. This reminds me of a story that comes out of the Traction book.

There's this guy walking along a cliff, and I like to say he falls into business, right? He falls off over the cliff. He falls into business like some of us fall into business. As he's going down, he grabs onto a vine and when this vine gets tight, he looks down, and he is hanging 1,000 feet above the ground. And he looks up and it's 1,000 feet up and he has this little knot tied into his vine so he can hang on. And he's just kind of swinging back and forth. He's just clinging, hanging on. In a moment of religion, he looks up to the skies and he says, "Is anybody up there?" He's looking for help. "Is anybody up there?" And a voice from the cloud billows down and says, "Let go of the vine." And he looks up there again, and he says, "Anybody else?"

This story could go two ways in our Anabaptist culture. So what he was referring to in that story was, are we letting go of the things we now need to let go of? Are we training people? Are we letting go of that job that somebody else needs to do? Am I doing things that only I can do? In a more Anabaptist spiritual sense, are we sometimes clinging to things even when God tells us to let go? Are we clinging to the way we've done it and are clinging to it because we're afraid of letting go? Just something to think about.

This story comes from a totally secular viewpoint. He didn't think about that side of it, but I like to think about, do we pray to God? Do we ask God? Do we have God help us in our business, and do we follow His calling? Or when He tells us to do something, do we kind of say, "Anybody else?" Something to think about. How many of you have delegated a job and the next person has done a better job than you have? I've had that experience. Multiple people have had that experience.

René Boer is one of the authors of *How to Be a Great Boss*. He had this story. He owned a restaurant. And in the restaurant there was the grease trap that has to be cleaned out every once in a while. Nobody liked to clean it out. He thought, "I can't delegate this to anyone." So he was back there scraping it out and he was getting all oily. After a while, one of his workers comes in and is like, "René, why are you back here?" "Well, I can't delegate this to anybody. Nobody wants to do it."

His worker was like, "If you're back here doing something a \$12.00-an-hour guy could do, who's working on the big stuff? Who's up there working on the business, who's making us profit, who's getting the big stuff done?" It's OK to delegate.

Another story: a friend of mine had a roofing business and he had two crews and was running the whole show. He was doing the finance, paying the bills, doing the sales, and managing the crews. And his mentor said, "Sonny, you have to let go of something. What can you let go? What's eating up your time?" My friend said, "I really should have let go of sales, but I can't." "You can't. Why not?" asked the mentor.

He said, "Well, nobody could do sales like I can. I mean, I'm the owner. I need to do sales." The mentor replied, "Try it. Suppose your salesman did 75% of what you're doing and you'd still do 25%. Would that be worth it?" So he crunched some numbers. In the worst-case scenario, yeah, it would still be worth it. He hired a salesman, and guess what? The next year, the salesman did 110% of what he did. Why? The salesman was focused. The salesman had the time to do it right. He went after the customers.

Here's a question for you. Are you doing only the work that only you can do? Sometimes we think we need to do everything, but there are some things you can delegate. Here's another question for you. What do you need to delegate to get off your plate in the next 90 days? And while you're at it, how much time would that free up? What would you do with that extra time? Take 15 seconds and write down what you would do if you had that extra time.

"The essence of strategy is knowing what to say no to." —Michael Porter

3. Predict

We're going to go on to the next leadership ability, which is the ability to predict. The first one was simplify. We need to simplify things which will make it easier to delegate. Once we've simplified it, we can delegate. Now we need to have the ability to predict because we use predictions in two ways. In the US we say there is long-term predicting and short-term predicting.

Long-term predicting is when this business is going long term. Who am I internally? What are we good at? Where do we want to go long term? It's core values like, who are we at the core? What do we really stand for? What's our focus? What do we really need to hone in on? What are we the best in the world at? What do we love to do?

One thing I've seen with Anabaptist business, and it might be business as a whole, is that we run very reactive. Whatever comes in—if the economy slows down, we're going to slow down. If it goes up, we're going to go up. Some of us get really good at marketing and being proactive and getting us out there, but some of us are very reactive to whatever comes in. That can be OK, but there again, we need to be getting good at predicting if the market's going to go down, if the orders are going to go down. Are we just going to be reactive? How are we going to respond to that? What's it going to look like in a couple of years?

And then the other part of predicting is taking care of those 136 issues that come up every week. There's always something coming up. There's always something in front of us. There's always, how do we take care of these issues? Because we're always going to have issues. And depending how we do it, we are just wrapping duct tape around an issue. We're going to put twine around it. We're just going to push it back, but we need to just take care of it. Just don't worry about it. Unless we get really good at solving those issues, those issues are going to come back. We're going to have the same issues again and again and again. Do we want the same issues over and over again or do we want new issues?

Here's a thought question. Is my business headed the way I want it to? And after that, if you have a "no," what is the one tweak in direction I need to make? And on the short-term side, write down what is the one little nagging issue that keeps annoying me that I need to put on my calendar and take care of it for good. Is it organizing part of the shop? Is it implementing Kanban? Is it getting a new calendar system? Is it training someone in right? Is it writing SOPs? What is that one little issue that keeps nagging me that I need to take care of? Write it down.

4. Systemize

The next leadership ability is systemize. Great companies learn how to systemize their things so they get consistent, predictable results. Studies show the average worker spends 30 to 60 minutes every day looking for lost items and information. Why do they look for lost items and information? Because there's not a proper system. There's not a proper place. There's not a place for everything and everything in its place, so they have to look for it. They're wasting time because the system isn't there to tell them exactly when, how, and where. Implementing better systems, decluttering spaces, and developing consistent habits can reduce the waste of time.

I have a good friend from Alabama. He used to work in an Army tank. And we can learn things from the Army. The one guy said, "What works in life and death also works in life and business." Army tanks were so systemized that they could take any gunner from any tank and put them together.

Gunner, driver, director, captain—they could throw any of those combinations together. All the buttons were in the same place, all the ammo was in the same place, everything was in the same place. So in the event of an emergency, somebody dies on the tank, anybody else with that training can jump in and things keep flowing smoothly.

What if our businesses were like that? Where we had systems and processes in place, and we had people trained that follow these systems, where if somebody was off, somebody else could jump in and the job would be consistently done? We don't like to think of systems.

Our wives are geniuses at this. Our wife can pull the recipe book off the shelf, open it up, follow the system and she has cupcakes, right? Put in all the ingredients, put them in the oven, and pull it out—cupcakes. She gives it to an 8-year-old, the 8-year-old follows the ingredients, pulls it out, and has cupcakes. She gives it to her husband. Guess what? If he follows directions, he has cupcakes. What do we so often do? We like certain things, right? We like applesauce, we like black pepper, we like garlic. We like whatever. And we pour some chili in here and we pour some black pepper in here and we have cupcakes, right? Maybe not. Maybe it's something that isn't half as good.

If we have a system that works and we can follow that system and we can get consistent results, guess what? Our business is more scalable now. We can train easier. There's going to be more profit because there's less people looking for things, standing around, and less people doing things. It's going to be more fun because people feel more fulfilled with their job. They get more done, they're more productive. There are so many upsides of having great systems and doing things like that. It can be as simple as balancing the checkbook.

So here's another thing. Don't make it too complicated, right? A system can be simple. Look at the fast-food restaurants. We don't see it a lot, but sometimes if you go in the back, you'll see a picture of the burger. It's the bun, the burger, the lettuce, and the pickles. And it's like, this is how it looks when it's done and then everything's in a row. It can be a simple picture, but it has to be simple or people won't follow it. We're not talking about a 700-page manual. We're talking about what are the simple, basic steps we need to do to get from point A to point B and get the best results.

Systemize the predictable and humanize the exceptional. We need that exceptional human. Fast food restaurants—Chick-fil-A is a great example of that—they systemize everything so they can offer that exceptional customer service, so they can say, "My pleasure." So they can go the extra mile, and take care of their customers because they systemized it.

What is one process in your business that would save time if you documented it? What is one process in your business that you need to document? Think about it. Write it down.

5. Structure

The fifth leadership ability is structure. When we say structure, we're looking at what is the right structure for your organization. And when I say structure, I'm talking about, do we have the right people in the right place, doing the right things?

When we start a business, that's all us. We're accountable. We're responsible for everything. At some time, we're going to create a seat, we're going to create an opening, we're going to create a job for someone. And do we have the right structure for what he needs to do? He's responsible for X, Y, and Z. That's why we hired him to do this job. And then at some point, we're going to hire a sales guy and he's responsible for sales and that's his role, his job. That's what we're paying him to do. Do I have the right structure in my business?

So often we build our business around ego and friends and personalities. We like this guy so we're going to hire him and then we'll find something for him to do. If you can flip-flop that, you're going to be miles ahead. If you can flip-flop that from, "I got this nice guy, I'm going to hire him," to, "I need a guy that can do sales. I need a friendly guy. I need somebody who can hit the sales numbers. I need the guy that is able to travel for two hours. I need him to have his own vehicle." I have his job description. I need a guy that matches this. And then go out and hire the guy that is as close to that as you can find. Versus here is a warm body, "Come on in. We love you. We'll find something for you to do."

So getting that right structure, building out those seats, building out that accountability chart, holding people accountable for that—that's what we're talking about when we're talking about having the right structure.

Conclusion

So let's recap. What can I simplify? What do I need to delegate? What issue do I need to take time to take care of? What process do I need to systemize? Do I have the right structure? Those are the five leadership abilities. Take this list, highlight one and start working on it.

Optimal Learning Strategies

By Toby Miller—Nappanee, IN

He sat at the desk with his head resting on his hands and the book lying before him. The deadline was approaching, and he felt like he remembered so little. He needed to learn more. His mind started to wander. Why did interest rates have to go up so high? Last month's payment took almost everything they had saved up.

"Daddy!" Four-year-old Lily cried, running into the room. "Eric won't let me on the pony cart, and I asked him three times!" With a small sigh, he stood up and walked over to Lily. "Where is Eric now?" he asked. "He just went back the lane that leads to the woods," Lily exclaimed. Little tears were coming out of her soft brown eyes and running down her red cheeks. "Can you tell me when he comes back so I can come out to talk to him?" he asked. "Now go watch for him."

Sitting back down, his eyes went back to his page. Where was he...? He started back at the top. A couple minutes later the sound of the cart rattling outside corresponded with Lily bursting through the door. "Eric is coming back, Daddy! Come outside right away!"

Five minutes later he was back in the chair. Finally, some quiet time where he might be able to finish this chapter. As he began to read, his mind started to drift again. He struggled to concentrate. He turned the page and stopped, trying to remember what all he had read in the last thirty minutes, but his mind remained blank... nothing stood out.

"Dinner is on the table and waiting," his wife called out. He let out another sigh and closed his book. Maybe tomorrow night he could study more.

By the above example, we can acknowledge that learning can be difficult. As adults, we have responsibilities that can make learning challenging. On top of this, we no longer retain information as easily as we did when we were children. What can we do to enhance our learning ability while we are actively learning? We know that learning new things is critical for brain health and if we make this part of our lifestyle, it can help prevent chronic diseases like Alzheimer's and Dementia.

Let us first take a moment to admire this wonderful organ that is most involved in learning. Our brain can be compared to the universe and deserves just as much awe. It is estimated that we have 86-100 billion neurons (brain cells) with each of them having an average of seven thousand different connections. We think an average of 70,000 thoughts per day, and even though the brain only weighs three pounds, it uses twenty percent of our body's energy. Even when we sleep, our brain is at work.

So how does the brain learn? It does this through a process called neuroplasticity. Neuroplasticity is three things: (1) when a neuron makes a new connection with another neuron (2) the strengthening of existing connections between neurons (3) the weakening of current connections.

Yes, even the weakening of these connections is an important process of neuroplasticity.... Imagine remembering every detail of what you ate a year ago or being able to recall exactly all the bad experiences you had in your lifetime. That would not be much fun.

We also learn by the formation of new neurons which is called neurogenesis. While this contributes to a much smaller impact on learning new things, it currently is getting a lot of attention since we did not believe neurogenesis was possible until after it was first discovered in the late 1990s.

How do we learn faster or more efficiently? Learning is state dependent, meaning that the state we put ourselves in can have a huge impact on how we retain information. What are some tips to get into an optimal state?

Sleep

Getting good quality sleep is non-negotiable if we want to optimize our learning. While studying or actively learning does trigger the start of neuroplasticity, the actual rewiring of these neuro circuits occurs only during sleep or sleep-like states.

What does brain activity look like during the actual rewiring process? To keep it simple, imagine walking into a room full of hundreds of people that are visiting with each other. You cannot really hear what anyone is saying but you can see people are making connections with other people close to them. This is the same way our neurons behave when we are in light or dream sleep. They are busy chatting with each other to make new and better connections.

Now imagine that in this same room, someone starts a song. Suddenly, all these people that were busy making connections with people close to them are now all thinking alike and on the same page, singing together. This is comparable to how our neurons act when we go down into deep sleep... all pulsing together and on the same page. We can then transfer the information we took in that day which was stored in our hippocampus (short term memory) and transfer it to other areas of the brain and into long term memory.

How do we know if we are getting good quality sleep? If we sleep more than seven hours per night and wake up feeling refreshed, we are most likely on the right path. If we wake up feeling tired, then we have work to do. We can also use NSDR (Non-Sleep-Deep-Rest) as a powerful tool to enhance neuroplasticity. To do this, find a comfortable spot to lie down, close your eyes, and get into a super relaxed state by slowing down your breathing, but still maintaining consciousness. Ten—twenty minutes of NSDR on days you did not get your sleep the night before can be an effective way to help offset some of the negative effects that poor sleep has on learning.

Alertness and Focus

Being alert is also non-negotiable if we want to optimize our learning. We must be alert to trigger neuroplasticity. One great way we can increase our alertness is by getting exercise. Did you know that twenty minutes of exercise will improve your attention and make you more alert for two hours afterwards?

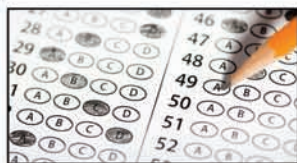

Exercise also stimulates our body to release the protein BDNF (Brain Derived Neurotrophic Factor) which is like Miracle Gro for the brain. Not only does BDNF help neurons connect with each other, it is vital for the survival of new neurons. Getting exercise before a learning session can be an effective way to help us retain more information.

We can also consume caffeine or take a cold shower to increase our alertness, and this can work well if we want to learn new things in the morning. Some of us have used reading material as a sedative and read in bed. Be aware that this is not a great way to retain information.

What if we are having problems with focus? An effective way to improve our focus is to take five minutes before a learning session and close our eyes and bring focus to our breath. Just imagine the air going in and out. If your mind starts to wonder, bring it back. This can be tough for those who have focus and attention problems, but with a little practice, this can really make a difference.

Mistakes and Breaks

Most of us have done something without thinking, only to realize that we made a big mistake. This caused stress and anxiety that served as an important part of opening our brain to whatever comes next. We learned rapidly to not make that same mistake again.

Optimal Learning Strategies

Continued

How can we use mistakes to optimize learning? Most of us probably have been taught that if we want to learn something quickly, we should study multiple times and then be tested to see how well we retained the information. The exact opposite appears to be true on this one. We learn much faster and retain more information if we study the material only one time and then test multiple times. We can test ourselves by asking ourselves questions about the material we just read and see if we can remember important details by writing them down. Better yet is having a friend or partner question us on the material. By making mistakes, this can give our brain the chance to serve us better in the future.

Breaks during learning sessions are also important to help retain information. After twenty-five minutes of learning, just take a five-minute break and sit back, close your eyes, and meditate on the material. This helps us retain more information. As hard as it sometimes is when a deadline is approaching, two shorter sessions of learning are better than one long one.

There is also a method called gap learning where we take fifteen to thirty seconds every couple of minutes and just stop to think about the material. When we stop, our neurons play back the information at ten times the speed and help us retain more.

Emotion

Emotion + information = long term memory. Take a moment to think back to your childhood. There is a chance that whatever memories come to your mind have strong emotions tied to them. Maybe that emotion was love or joy... or it could be fear.

We can use the power of emotion to tie together current information to help remember things. This works great if we want to remember a list of items without writing them down. For example, let us pretend someone tells you to go to town to get lettuce, olives, a gallon of milk, a bag of grapes, and some salmon.

We can now take these five items and create a picture that triggers emotion. Let us use wonder as the emotion and imagine a monkey using a lettuce leaf as a hat, shooting olives from his sling shot at a gallon of milk on a shelf. The milk bottle has holes in it from the shots and is leaking down into the bag of grapes underneath it. You look inside the bag of grapes, and you see fish swimming around.

By creating this picture with emotion, we can then head to the grocery store and the chances of coming back home with everything goes way up. Tying emotion to information can be a great way to enhance learning and memory. The stronger the emotion, the stronger it links to the information we tied it with.

Hopefully these tips can help you in your learning journey. Socrates said, "There is no learning without remembering." To show our brain some love, let's give it some exercise by learning new things.

USPS Moves to Speed Up Delivery in Second Phase of Reform

The U.S. Postal Service launched the next phase of its delivery overhaul on July 1 as part of its ambitious 10-year plan, Delivering for America. This new phase is focused on improving delivery times in many parts of the country, bringing more ZIP codes into a faster delivery schedule. It's a continuation of the Postal Service's long-term strategy to modernize operations, reduce costs, and eliminate a projected \$36 billion deficit by 2035.

One of the biggest changes behind the scenes is a shift in how mail is routed. Rather than being processed through a wide network of local centers, mail is now funneled through a hub-and-spoke model, where it travels longer distances to centralized sorting facilities before heading to its final destination. While this sounds like it might slow things down, USPS says the new system is designed to actually speed up deliveries for most customers, thanks to better logistics and more efficient sorting.

As part of this reform, the Postal Service has introduced a new ZIP-to-ZIP tracking system that replaces the older method based on broader three-digit zones. This allows for more accurate estimated delivery times and gives customers better visibility into where their packages are at any given point.

Many urban and suburban areas will notice the benefits right away, with improved delivery speeds for First-Class Mail, Marketing Mail, ground packages, and even Priority Mail. But not everyone is coming out ahead—some rural and remote areas may experience slower service due to the consolidation of regional processing centers. Regulators have voiced concerns about this, pointing out that the changes could have a long-term impact on small-town America. Still, USPS maintains that the effects in those areas are limited and that the overall goal is to improve service for as many customers as possible.

The July 1 changes are the second major step in a larger rollout. A third phase of reforms is expected later this summer. In addition to delivery standard changes, the Postal Service is also planning a rate increase effective July 13, with ground and Priority Mail services rising by roughly 6 to 7 percent.

In the meantime, USPS encourages customers to use the new tracking system and to allow a bit of extra time for deliveries, especially in areas outside major metro hubs. While the reform isn't without growing pains, the Postal Service believes this new model is necessary to secure its future and deliver better service in the long run.

Flash Floods Submerge Central Texas, Leaving Families in Crisis

Independence Day turned tragic for central Texas as unprecedented flash floods swept through communities along the Guadalupe and Llano rivers. Beginning July 4, torrential rains unleashed a wall of water that engulfed homes, cars, and even bridges, triggering mass evacuations and chaos. As of July 6, officials confirmed at least 79 fatalities and reported dozens more missing — including children swept away by raging waters.

In Kerr and Llano counties, rivers swelled to record heights, uprooting trees, destroying properties, and stranding residents atop debris-filled rooftops. Entire neighborhoods were left underwater, and roadways became impassable within minutes. Emergency crews worked around the clock, conducting high-water rescues and desperately searching for survivors amid muddy wreckage.

On July 6, President Trump signed a major disaster declaration for the affected areas, opening the door to federal relief and FEMA assistance for families and communities reeling from the damage. Officials are continuing rescue and recovery efforts and have urged residents in low-lying areas to remain prepared as more rain may be on the way.

Sawmill Equipment Absolute Auction

August 19th - 12 PM EDT

Seller: Jericho Wood Products

Call Eugene:
(574) 498-7238

2023 Crosscut Solutions Chop Saw

— Specifications — Year: 2023. Make: Crosscut Solutions. Model: CS18PRH. Serial #: 230813. Blade Size: 18". Cut Capacity: 4" x 8". — Features — Blade Drive: 7.5 elec. motor. Blade Up/Down: air upcut. Drive: Electric. Infeed: none. Outfeed: 14" x 4' dead rolls. — Seller Statement — Foot pedal switch, excellent condition

LOT 127

2023 Elemezzure S400 Series Material Stop

— Specifications — Year: 2023. Make: Elemezzure. Model: 2408-RU. Serial #: 5044-114-2. — Seller Statement — Computerized material stop, control panel, motor type encoder, 110V, powered stop will move to programmed settings up to 8' long.

LOT 128

Delta Shaper

— Specifications — Make: Delta. Model: 43-431X. Serial #: 06D13079. — Seller Statement — 3/4" spindle, 230V single ph., nut on spindle is missing, seller hasn't used this machine.

LOT 129

Bayley Dust Blower

— Specifications — Make: Bayley. Model: 70. Serial #: 55168. Size: 60". — Features — Drive Type: Electric. Includes Pipe: yes. Inlet Size: 26". Outlet Size: 24". — Seller Statement — Includes pipe to baghouse only, Lincoln 50 hp electric motor that has been rebuilt 6 month ago, blower had fire damage 3 yrs ago but is ok and being used since.

LOT 130

2022 World Start Soft Starter

— Description — 50 hp electric motor soft start, 480V 3 ph. No wire, good condition, used on blower motor.

LOT 131

Dust Collector Filter Bag House

— Description — 102" x 13' x 40', new 188 filter tubes 15' long, had some fire damage but is ok and being used since, electric motor for shaker not set up.

LOT 132

Power Generation Genset

— Specifications — Amps: 180. Capacity (KW): 67 @ 1 ph, 100 @ 3 ph. Engine Make: Cummins. Engine Model: 5.9 L. Engine Number: 46240725. Engine Year: 2002. Fuel: Diesel. Generator Make: Power Generation. Generator Model: DGDB-5566010. Generator SN: H020398410. Meter Reads: 3,318 hours. Overall Dimensions: 40" x 9' x 4". — Features — Hertz: 60. Phase: 3 Phase. Voltage: 400. — Seller Statement — 155 hp, engine, good working unit.

LOT 133

2024 Ingersoll Rand Air Compressor

— Specifications — Year: 2024. Make: Ingersoll Rand. Model: TS4N5. Serial #: CBV904459. — Seller Statement — 80 gal vertical tank, 5 hp, 230V 1 ph, compressor model TS5, SN: NAR10856719, excellent condition.

LOT 134

Fuel Tank

— Description — 38" x 5' tank on stand, hose with nozzle

LOT 135

2022 Sames Kremlin Finish Sprayer

— Description — Model Airmix 15C25, Used for Clear Precat Sealer only, air sprayers, suction hose for 5 gal bucket, 50' sprayer hose, good condition

LOT 136

2022 Sames Kremlin Finish Sprayer
— Description — Model Airmix 15C25, Used for Clear Laquer only, air sprayers, suction hose for 5 gal bucket, 50' sprayer hose, good condition

LOT 137

2022 Sames Kremlin Finish Sprayer
— Description — Model Airmix 15C25, Used for white sealer only, air sprayers, suction hose for 5 gal bucket, 50' sprayer hose, good condition

LOT 138

2022 Sames Kremlin Finish Sprayer
— Description — Model Airmix 15C25, Used for white laquer only, air sprayers, suction hose for 5 gal bucket, 50' sprayer hose, good condition

LOT 139

2022 Sames Kremlin Finish Sprayer
— Description — Model Airmix 15C25, Used for different colors stain, air sprayers, suction hose for 5 gal bucket, 50' sprayer hose, good condition

LOT 140

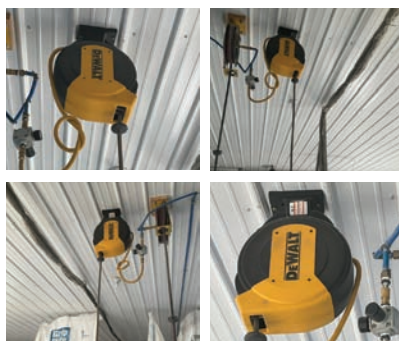

Central Pneumatic Paint Sprayer
— Description — 1 quart cup air sprayer

LOT 141

3M Air Sprayer
— Description — 1 quart plastic cup, stain sprayer with some supplies

LOT 142

DeWalt Retractable Hose Reel
— Description — 3/8" x 25' hose and pressure regulator, swivel wall mount

LOT 143

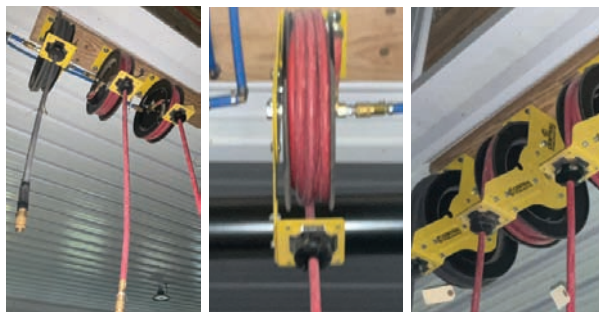

Central Pneumatic Retractable Hose Reel
— Description — Wall mount, 3/8"x 25' hose with Advantage palm air sander

LOT 144

Central Pneumatic Retractable Air Hose Reel
— Description — 3/8" x 50' black hose, wall mount

LOT 145

Central Pneumatic Retractable Air Hose Reel
— Description — 3/8" x 25' hose, wall mount

LOT 146

Central Pneumatic Retractable Air Hose Reel
— Description — 3/8" x 25' hose, wall mount

LOT 147

Nosh Battery Powered Respirator
— Description — Rechargeable battery with charger

LOT 148

Jet Air Filtration System
— Description —
Model: AFS-1000B, SN: 708620 B,
1/5 hp electric motor, 120V,
works good

LOT 149

Shop Fox Dust Collector
— Description — 1 hp single ph.
electric motor, 3450 rpm, 800 cfm
suction capacity, bag capacity
2.1 cubic feet, good condition

LOT 150

Central Machinery Bandsaw
— Description —
14" wood cutting bandsaw,
electric motor

LOT 151

Chicago Electric
Compound Miter Saw
— Description —
12" double bevel, sliding
compound miter saw,
works, has broken guard

LOT 152

Pipe Clamps
— Description —
5 pc. 48" x 3/4" pipe
clamps

LOT 153

Pipe Clamps
— Description —
6 pc. 48" x 3/4" pipe
clamps

LOT 154

2002 Grizzly Power
Feeder
— Description —
Model: G4179, SN:
200211, 3 wheels,
one is missing, 220V 1 ph
1/2 hp electric motor

LOT 155

Delta Industrial Power
Feeder
— Description —
Electric motor, may need
new drive sprocket

LOT 156

Air Compressor
— Description —
Condition unknown

LOT 156A

Air Clutch
— Description —
6" pulley, 1 1/4" shaft

LOT 157

GE Motors
— Specifications — Make:
GE. Frame Size: 324T.
Horsepower: 40. RPM:
1770. Phase: 3 Phase.
— Seller Statement —
Good motor

LOT 158

Electric Motors
— Description —
1 to 7.5 hp electric motors,
7 motors,
condition unknown

LOT 159

Marathon Electric Motor
— Specifications — Make:
Marathon. Frame Size:
182JM. Horsepower: 5.
RPM: 3500. Phase: 3
Phase. — Seller Statement
— Inverter duty, new motor

LOT 160

Chamberlain Garage Door
Opener
— Description — 1.25 hp
electric, smart garage door
opener, 2 -3 button
remotes, safety sensors,
new unit

LOT 161

Dayton Floor Stand Fan
— Description —
24 inch two speed,
circulator fan, 110V electric

LOT 162

Banding Cart
— Description —
Holds 6 inch wide rolls

LOT 163

Central Machinery Metal
Cutting Bandsaw
— Description —
6" capacity,
110V electric motor,
like new unit

LOT 164

Amron Metal Cutting Bandsaw
— Specifications — Make:
Amron. Model: WB600.
Serial #: 21892. — Seller
Statement — Horizontal and
vertical cutting bandsaw,
4.5" round and 4" x 6"
rectangle capacity, no motor

LOT 165

Vulcan Welder and Cabinet
— Description — Vulcan
Omnipro wire, SN: 371312307,
wire feed welder, gas tank does
not sell, 34.5" x 20.25" cabinet
on wheels, 120V has 20 amp
max welding capacity,
240V has 25 amp, like new unit

LOT 166

Drywall Lift Jack

LOT 167

Electric Meter Box and
Pipe
— Description — 9' pipe

LOT 168

Sibley Drill Press
— Description —
Tapered shank, includes
some bits, no power

LOT 169

Hydraulic Pack
— Description —
5 hp electric motor,
18" x 16" x 12" tank,
solenoid valve

LOT 170

Construction Scaffolds
— Description —
4 end pieces 32" x 6',
8 pc. 32" x 90",
side braces

LOT 171

Tufner Weighing System
— Specifications — Make:
Tufner. Model: TM. Serial #:
3442205115. — Seller
Statement — 5' x 5' platform,
10,000 lb capacity, model
T900A, digital readout
controller, good condition

LOT 175

DeWalt Cordless
Oscillating Multitool
— Description —
Model No. DCS356,
Includes 4 amp battery,
Brushless

LOT 176

DeWalt Impact Screw Drivers
and Battery Charger
— Description — 2 Impact
Screwdrivers, Model No.
DCF787 and DCF887,
Includes two 2 amp batteries,
Charger Model No. DCB1106

LOT 177

DeWalt Brad Nailer
— Description — Model
No. DCN680, 18 ga.
Brushless, 2 amp battery

LOT 178

DeWalt Cordless Variable
Speed Jigsaw
— Description — Model
No. DCS334, Brushless,
Does not include blade,
Includes 2 amp battery,
Tilttable table

LOT 179

DeWalt Cordless 5"
Grinder
— Description — Model
No. DCG415, Does not
include grinding wheel,
Includes 4 amp battery,
Brushless

LOT 180

DeWalt Orbital Cordless
Sander
— Specifications — Make:
DeWalt. Model: DCW210.
— Seller Statement —
Brushless,
Includes 2 amp battery

LOT 181

DeWalt 1/4 Sheet Palm
Sander
— Specifications — Make:
DeWalt. Model: DCW200.
— Seller Statement —
Includes 2 amp battery,
Brushless

LOT 182

DeWalt Orbital Sander
— Specifications — Make:
DeWalt. Model: DCW210.
— Seller Statement —
Brushless,
Includes 2 amp battery

LOT 183

DeWalt Orbital Sander
— Specifications — Make:
DeWalt. Model: DCW210.
— Seller Statement —
Brushless,
Includes 2 amp battery

LOT 184

DeWalt Orbital Sander
- Specifications — Make:
DeWalt. Model: DCW210.
— Seller Statement —
Brushless,
Includes 2 amp battery

LOT 185

DeWalt Planer
— Specifications — Make:
DeWalt. Model: DCP580. —
Seller Statement —
3" planer, Includes no extra
blades, Includes 5 amp
battery, Also Includes DeWalt
DCB107 battery charger

LOT 186

DeWalt Cordless 5" Grinder
— Specifications — Make:
DeWalt. Model: DCG415. —
Seller Statement —
Includes 4 amp battery,
Brushless, Does not include
grinder wheel,
Identical to lot 179

LOT 187

DeWalt Variable Speed
Reciprocating Saw
— Specifications — Make:
DeWalt. Model: DCS367.
— Seller Statement —
Includes 5 amp battery,
Brushless,
Does not include blade

LOT 188

DeWalt Circle Saw and
Charger
— Specifications — Make:
DeWalt. Model: DCS573.
— Seller Statement —
Brushless, Includes 5 amp
battery, Includes double
battery charger, 7 1/4" blade

LOT 189

DeWalt Fan and LED Light
— Description — Fan
includes 6 amp battery,
Model No. DCE512,
Light includes
9 amp battery

LOT 190

DeWalt Fan and LED Light
— Description — DeWalt
Fan, Model No. DCE511,
Includes 5 amp battery,
Light includes 9 amp
battery

LOT 191

DeWalt Drill, Impact Driver,
and Charger
— Description — Includes two
2 amp batteries, Impact Model
No. DCF840, Drill Model No.
DCD790, Charger Model No.
DCB118, Brushless Impact
and Drill

LOT 192

DeWalt Drill, Impact Driver, and
Battery Charger
— Description — DeWalt Impact:
Model No. DCF887, Includes
2 amp battery, DeWalt Drill: Model
No. DCD996, 3 speed, Includes
5 amp battery, Battery charger:
Model No. DCB118, Impact and
Drill are both brushless

LOT 192A

DeWalt Impact Driver
— Description — DeWalt
1/4" Cordless Impact
Driver, Model No. DCF850,
Does not include battery,
Brushless

LOT 193

DeWalt Circle Saw and
DeWalt 4 Battery Charger
— Description — DeWalt
Circle Saw: Model No.
DCS565, 6 1/2" blade,
Includes 5 amp battery,
Charger Model No. DCB104,
Only 3 charging stations work

LOT 194

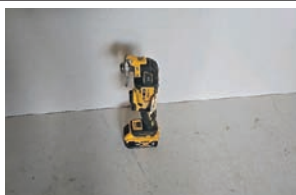

DeWalt Cordless Blower
— Specifications — Make:
DeWalt. — Seller State-
ment — Model DCE100,
Includes 4 amp battery

LOT 195

DeWalt Cordless Cutout
Tool
— Specifications — Make:
DeWalt. Model: DCS551.
— Seller Statement —
Includes 2 amp battery

LOT 196

DeWalt Cordless Oscillat-
ing Multitool
— Specifications —
Make: DeWalt. Model:
DCS356. — Seller
Statement — Includes
4 amp battery, Brushless

LOT 197

Metabo Stapler
— Specifications — Make:
Metabo. Model:
N 3804AB3.
— Seller Statement —
1.5" air stapler

LOT 198

Metabo Stapler
— Specifications — Make:
Metabo. Model:
N 3804AB3(S).
— Seller Statement —
1.5" air stapler

LOT 199

DeWalt Fan
— Specifications — Make:
DeWalt. Model: DCE512.
— Seller Statement —
Includes 5 amp battery

LOT 200

LED Hanging Lights
— Description —
EZ 360 Lights, Each Light
includes 9 amp battery

LOT 201

LED Hanging Lights
— Description —
EZ 360 lights, Each light
includes 9 amp battery

LOT 202

DeWalt Air Compressor
— Specifications —
Make: DeWalt.
— Seller Statement —
6 gallon tank, 165 PSI,
electric drive

LOT 203

Bostitch Flooring Nailer
— Description —
Model MIII, air powered,
includes mallet

LOT 204

Bostitch Flooring Nailer
— Description —
Includes Mallet and
accessories

LOT 205

DeWalt Electric Hammer
Drill
— Description —
Model No. D25263,
Includes various
concrete bits

LOT 206

Kobalt Impact, Batteries, Charger,
and Socket Set
-- Description -- Kobalt Impact
Driver: Model No. KCW 5024B-
03, Brushless, Includes (1) 4 amp
and (1) 6 amp battery, Includes
Kobalt battery charger, Model No.
KRC 2490-03, Includes
incomplete socket set

LOT 207

Central Pneumatic Air
Nailer/Stapler
— Description —
18 Gauge 2 in 1

LOT 208

Central Pneumatic Air
Nailer/Stapler
— Description —
18 Gauge 2 in 1

LOT 209

Bosch Electric Router
— Description —
Serial No. 22615

LOT 210

Grex Cordless Pinner
— Description —
23 Gauge, Includes extra
fuel cartridges, Includes
headless pins,
Model No. GCB650

LOT 211

Kobalt Circle Saw
— Description — Model
No. K15CS-06AC,
7 1/4" blade, 15 Amp,
Serial No. 006619

LOT 212

Grip Rite Coil Roofing
Nailer
— Description —
Model No. GRTRN45,
Pneumatic

LOT 213

Metabo HPT Air Framing
Nailer
— Description —
Model No. NR 90AD(S1),
3 1/2" Strip nailer

LOT 214

Metabo HPT Air Framing
Nailer
— Description —
Model No. NR 90AD(S1),
3 1/2" Nails

LOT 214A

Metabo Nailer
— Description —
Model MR 90AD(S1),
3 1/2" nails

LOT 215

Grabo Pro Lifter 20
— Description —
Electric Vacuum Lifter,
Model No.
NG-Pro-14.8-2Li

LOT 216

Grabo Pro Lifter 20
— Description —
Portable electric vacuum
lifter, Model No.
NG- Pro-14.8-2Li

LOT 217

Porta-Band 2 speed
Portable Band Saw
— Description —
Does not include blade,
electric drive

LOT 218

Duralast Battery Charger
— Description —
Model No. BC40DL,
40 amp engine start,
15 amp rapid charge,
3 amp maintainer

LOT 219

Intelligent Charger
— Description —
Model: H82-36V15A,
Input: 110-245VAC 45-65
Hz, Battery:
LiFePo4 12 cells

LOT 220

Intelligent Charger
— Description —
Model: H82-36V15A,
Input: 110-245VAC 45-
65Hz, Battery:
LiPo4 12 cells,
Cord is loose

LOT 221

Intelligent Charger
— Description —
Model: H82-36V15A,
Input:
110-245VAC 45-65Hz,
Battery: LiFePo4 12 cells

LOT 222

Intelligent Charger
— Description —
Model: H82-36V15A,
Input: 110-245VAC 45-65
Hz, Battery:
LiFePo4 12 cells

LOT 222A

Schumacher Battery
Charger
— Description —
Elec multi-rate manual
charger, model SE 1072,
10 amp, one clamp is
missing

LOT 223

Bosch Self Leveling Laser
— Description —
Model No. GRL1000-20HV

LOT 224

Bauer Electric
Jackhammer
— Description —
35 pound hammer,
Serial No. 370452207

LOT 225

Bauer Laser Level, Ames Laser
Measuring tool, and Energizer Battery
Charger
— Description — Bauer 30' Self
Leveling Cross Line Laser Level:
Serial No. 376232107, Ames Laser
Level and Measuring tool, Energizer
Battery Charger: Model No. CHVC5
Serial No. 0322PJ13H Includes
3 rechargeable double A batteries

LOT 225A

Construction Calculator
— Description — Con-
struction Master 5, Model:
4050, new unit

LOT 225B

Used Construction
Calculator
— Description —
Used but works perfectly

LOT 226

Digital Indicators and
Calipers
— Description —
Pittsburgh 1" Digital
Indicator: Mounted on
magnetic base, Pittsburgh
6" digital caliper, Wixey
Digital Readout

LOT 227

New Air Regulators, Fittings,
and parts
— Description — 6 new Air
Regulators, One Air hose
connected to Air Unit:
Model No. MACP300-10A,
Assorted quick coupler
Fittings and Parts

LOT 228

Chains Saw Chains
— Description — 1 pc 3/8" x 81 link, 1 pc, 3/8" x 74 link, new Chain Saw Chains

LOT 229

Bicycle Tubes
— Description — Two Concord 700c tubes and two slime self sealing 26" tubes

LOT 300

Toyota 7FGCU30 Forklift
— Specifications — Year: NA. Make: Toyota. Model: 7FGCU30. Serial #: 66153. Engine: Toyota. Engine Family: 4TIEB02. Fuel: LP. Load Capacity: 5,200 lbs. Mast Height: 86". Meter Reads: 19,538 hours. Reach Height: 187". — Features — Fork Positioner: Yes. ROPS: Open. Side Shift: Yes. Stage Mast: 3. Tire Size: Front: 21x8x15, Rear: 16x6x10 1/2. Tires: Solid. — Seller Statement — Forks: 5"x48", includes gas tank. Runs and operates.

LOT 300A

Propane Tank
— Description — Type 3U Propane tank for forklift

LOT 301

1999 Toyota 5FBCU15 Electric Forklift
— Specifications — Year: 1999. Make: Toyota. Model: 5FBCU15. Serial #: 62815. Load Capacity: 2,650 lb. Mast Height: 82". Meter Reads: NA. Reach Height: 131". — Features — Fork Positioner: no. ROPS: Open. Side Shift: Yes. Stage Mast: 2. Tire Size: Front: 18x6x12 1/8, Rear: 14x4 1/2x8. Tires: Solid. — Seller Statement — Needs new batteries, Forks: 4"x42"

LOT 302

Nissan CYM02L20S Electric Forklift

— Specifications — Year: NA. Make: Nissan. Model: CYM02L20S. Serial #: NA. Engine: Batteries. Load Capacity: 3,065 lbs. Mast Height: 75". Meter Reads: 4,569 hours. Reach Height: 170". — Features — Fork Positioner: no. ROPS: Open. Side Shift: Yes. Stage Mast: 3. Tire Size: Front: 21x7x15, Tires: Solid. — Seller Statement — Needs new batteries, Has power steering in only one direction, Forks: 4"x42"

LOT 303

1989 Toyota 5FGC20 Forklift

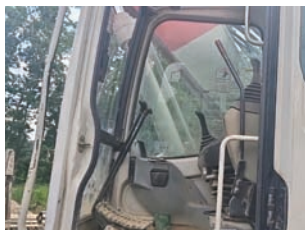

— Specifications — Year: 1989. Make: Toyota. Model: 5FGC20. Serial #: 5FGC25-13521. Fuel: LP. Load Capacity: 3,750 lbs. Mast Height: 81". Meter Reads: 15,423 hours. Reach Height: 185". — Features — Fork Positioner: No. ROPS: Closed. Side Shift: yes. Stage Mast: 3. Tire Size: Front: 21x7x15. Tires: Solid. — Seller Statement — Forks: 4"x40", could not start due to low battery.

LOT 304

2005 Link-Belt 225 Excavator

— Specifications — Year: 2005. Make: Link-Belt. Model: 225. Serial #: ECAJ6-1821. Engine: Isuzu. Fuel: Diesel. Meter Reads: 7,310 hours. — Features — Bucket: 42"x39"x48" deep. Hydraulic Thumb: no. Air Conditioner: yes. Heat: yes. — Seller Statement — Chains only 1 year old, Batteries only a couple months old, good running and operating machine.

LOT 306

JCB 67C-1 Excavator
 — Specifications — Year: NA. Make: JCB. Model: 67C-1. Serial #: JCB067C1C01912991 .Fuel: Diesel. Meter Reads: 2312. — Features — Bucket: 22" wide. Hydraulic Thumb: Yes. — Seller Statement — Angling Blade: 79 1/2"x16", good operating condition

LOT 307

2017 Mustang 3200VT Skid Steer
 — Specifications — Year: 2017. Make: Mustang. Model: 3200VT. Serial #: MMC320VTK00060319. Engine: Deutz, Model No. TCD 3.6 L4. Fuel: Diesel. Horsepower: 114. Hours: 1,680 hours. — Features — Attachment: none. Controls: Joystick. ROPS: Closed. 2 Speed: Yes. — Seller Statement — Electronic Powered Quick Attach, Has Backup camera, Engine SN: 12037939. Good operating condition

LOT 307A

Skid Steer Bucket
— Description — 90"x20"x33" deep

LOT 307B

Skid Steer Forks
— Description — Forks: 4"x48"

LOT 307C

Skid Steer Drive Sprockets
— Description — New drive sprockets for Mustang skid steer, compatible with some other machines as well

LOT 308

Skid Steer Bucket
— Description — 82" bucket, quick attach, cutting edge is slightly bowed

LOT 309

Skid Steer Crane Attachment
— Description — Quick attach, hyd power extending boom, up to 30'

LOT 310

Skid Steer Auger Attachment
— Description — Quick attach, 12" auger, hyd. powered

LOT 311

Skid Steer Brush Hog
— Description — Quick attach,
78" brush hog attachment, hyd. powered

LOT 312

6' Tiller
— Description — Skid steer quick attach,
hyd. powered

LOT 313

Forklift Forks
— Description — 4" x 40" forks

LOT 314

Skid Steer Hitch Adapter
— Description — 2" hitch adapter, top is slightly bend

LOT 315

Sickle Bar Mower
— Description — Model SBM-12-72-W. SN: ZW-01703.
6' bar, hyd drive, skid steer quick attach mounted,
bar holding shaft has slight bend.
Remote controls for bar lift.

LOT 316

Lowe Auger Attachment
— Description — Auger: 10" wide. Hydraulic hose

LOT 316A

Wolverine Auger Bit
— Specifications — Make: Wolverine.
Model: BC-13-72. Serial #: ZW-08696. , 18" bit

LOT 316B

2024 Wolverine Brush Hog Attachment
— Description — 6' Skid steer Quick attach,
hydraulic drive, good condition

LOT 317

Brush Hog Attachment
— Description — 70"x70" brush hog attachment,
unknown make and model, Gearbox leaking at the
bottom, Brush hog is mainly for parts

LOT 318

Skid Steer Forks
— Description — Quick attach, 4" x 48" forks.

LOT 341

2019 John Deere 661RGT Mower
— Specifications — Year: 2019. Make: John Deere.
Model: 661RGT. Serial #: 1TC661RMTKT075303.
Engine: John Deere. Fuel: Gas. Horsepower: 23.5.
Meter Reads: 1,663 hours. — Seller Statement —
Stand on Mower, 60" deck. Runs and operates good.

LOT 342

1984 Trailmobile Van Trailer
— Description — VIN: 1PT011NHOE9010256. 96" x 45'
storage unit only, not road worthy, has Thermo king unit,
insulated trailer, no contents included. This item is sold with a
Bill of Sale as proof of purchase. No Title will be issued. It is
the sole responsibility of the buyer to obtain any necessary
titles and registrations required by their state or local
authorities.

BRIGHT STAR REALTY AND AUCTIONS, LLC
11751 CR 12, Middlebury, IN 46540
("Auctioneer")

Bidder Terms and Conditions

There is a 13% online buyer's premium in effect for all purchases made online. Buyer's premium is 10% for onsite bidders. All items sell where is as is with no warranties or guarantees. Buyer is responsible to inspect all merchandise prior to placing bids. Payment terms: Cash, check, wire transfer. Cash Payments totaling \$10,000 or more will not be accepted. Credit cards are only accepted on invoices with a total of less than \$2500. All payments are due immediately upon receipt of your invoice. Onsite buyers, payment is due the day of the auction. If onsite bidders wish to send a wire and still be assessed only the onsite buyer's premium, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. All items are pick-up only. Smalls must be removed within 2 days. All items must be removed within 30 days unless otherwise noted. Loadout available day of auction, after that by appointment. Please call agent for more info. Buyer shall assume responsibility of all property when auctioneer says sold. Auction company is not responsible for any missing or stolen items.

These Bidder Terms and Conditions ("**Terms**") apply to auctions conducted by BRIGHT STAR REALTY AND AUCTIONS, LLC and constitute a legal, valid, binding, and enforceable contract between Auctioneer and the Bidder. These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

1. **Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. By participating in the Auction, whether at the auction site, online, telephonically, or through any other means (including Absentee Bid), Bidder agrees to be bound by, and to abide by, these Terms.

Auctioneer's Licensing and Bonding. Auctioneer is licensed and bonded where required.

2. **Definitions.** The following definitions apply to these Bidder Terms for each auction conducted by Auctioneer:

"Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.

"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Buyer" means the Winning Bidder with respect to each Lot of Personal Property.

"Buyer's Premium" is an amount with respect to each Lot of Personal Property sold at the Auction, calculated as a percentage of the Hammer Price, that is payable by the Buyer to Auctioneer for Auctioneer's own account.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

"Lot" means each individual item or grouping of Personal Property offered at one time by Auctioneer.

"No Sale" occurs if Property is put up at the Auction but is not Knocked Down or sold, and Auctioneer passes on such Property or declares a No Sale.

"Online Auction Platform" means the hardware and software utilized to conduct the Auction online and to facilitate online bidding, including any associated, adjunct, and/or complementary websites, services, premiums and promotions.

"Online Auction Platform Provider" means the provider of the Online Auction Platform and related services to conduct Auction online.

"Online Bidding Period" means, with respect to an Auction conducted in whole or in part online, any established period during which bids may be tendered.

"Participant" means any person who attends, or otherwise participates in, the Auction (in person or remotely). The term Participant includes, but is not limited to, Registered Bidders, Bidder, and Buyers.

"Personal Property" means all tangible and moveable property, including fixtures, designated as Property.

"Pick-up" means the act of picking up or removing sold Lots by respective Winning Bidders at the date(s), time(s), and location indicated for such during the Auction or as later agreed to by Seller and Buyer.

"Private Sale" means an event in which Property is sold by Seller, or on Seller's behalf, other than at the Auction (including a sale at an auction conducted by a person or entity other than Auctioneer).

"Private Sale Price" means the fair market purchase price of the Property paid, or agreed to, at a Private Sale in an arms-length transaction between Seller and the purchaser of the Property. If the Property is sold through a Private Sale for less than its fair market value, or in a transaction that is not an arms-length transaction, or is gifted by Seller, the Private Sale Price will be an amount equal to the fair market value of the Property in an arms-length transaction.

"Property" means the Real Property and the Personal Property.

"Purchase Price" means an amount equal to the Hammer Price or High Bid Subject to Confirmation, as the case may be, plus the Buyer's Premium.

"Registered Bidder" means a person or entity that has registered to bid at the Auction.

Bidder Terms and Conditions Continued...

“Registration Deposit” means, if required by Auctioneer, the deposit, in certified funds, made by a Registered Bidder in order to register for the Auction.

“Reserve” or “With Reserve” means that the Auctioneer may Withdraw Property put up at Auction and/or bids may be rejected prior to the Fall of the Hammer. **UNLESS SPECIFICALLY AND EXPRESSLY STATED OTHERWISE BY AUCTIONEER IN WRITING, ALL PROPERTY IS BEING WITH RESERVE.**

“Reserve Price” means the minimum price that Seller is willing to accept for specific Property.

“Seller’s Confirmation” means Seller’s confirmation, approval, and acceptance of the High Bid Subject to Confirmation acknowledged and recorded by Auctioneer.

“Subject to Seller’s Confirmation” means, with respect to any Property expressly identified in this Agreement as being sold Subject to Seller’s Confirmation, that after the High Bid Subject to Seller’s Confirmation has been received and acknowledged by Auctioneer, Seller may determine, in Seller’s sole and absolute discretion, to (i) accept such bid or (ii) reject such bid.

“Winning Bid” means the highest bid received and accepted (and if Subject to Seller’s Confirmation, confirmed by Seller).

“Winning Bidder” means the Bidder who is recognized by Auctioneer as having made the Winning Bid.

“Withdraw” refers to the circumstance in which the Property is removed from the Auction, or in which it is determined that such Property will not be offered or sold at the Auction.

3. **Bidder Registration.** All persons desiring to bid at the Auction, must register to bid and be issued a Bidder Number. In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer’s discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.

4. **Governing Law.**

1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. Notwithstanding the physical location of the Bidder or any Participant, these Terms are deemed to be entered into in the State of Indiana, all bids and payments are deemed to be received in the State of Indiana, and the contract, if any, will be deemed to be formed and entered into in the State of Indiana.

5. **Buyer’s Premium.** All Property offered at the Auction is subject to a Buyer’s Premium, which will be paid by the Buyer to Auctioneer for Auctioneer’s own account. The Buyer’s Premium will be calculated as a percentage of the Hammer Price, and will be added to the Hammer Price to determine the final Purchase Price. Buyer agrees to pay the Winning Bid plus the applicable Buyer’s Premium.

6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer’s discretion.

7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.

8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. By bidding, each Registered Bidder acknowledges and agrees that such Registered Bidder has had a full and fair opportunity to read, and understands, these Bidder Terms, and affirms that such Registered Bidder is subject to and bound by these Bidder Terms.

9. **No Bid Retraction.** Bidder may not retract a bid that has been acknowledged by Auctioneer or that has been submitted online. Bidder acknowledges and agrees that Auctioneer is acting in reliance on tendered bids in the conduct of the Auction, and that bid retraction is disruptive and interferes with the Auction, and that, as an inducement for Auctioneer to accept such Bidder’s Bidder Registration and for such Bidder to bid at the Auction, Bidder agrees not to withdraw or to attempt to withdraw any tendered bid that has been acknowledged by Auctioneer.

10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:

10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.

10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer’s Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer’s website.

10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer’s sole and absolute discretion.

10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer’s sole and absolute discretion.

10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer’s records will be deemed final and conclusive.

10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder’s internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.

10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.

10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.

10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.

10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.

10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.

10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer’s discretion, reopen the bidding.

Bidder Terms and Conditions Continued...

- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY, ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE. ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTEE MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.
17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.

Bidder Terms and Conditions Continued...

26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.
28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana.; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.

Phone Bidding instructions for Bright Star Auctions

If you can't make the auction, Bright Star is happy to accommodate you over the phone. By following the instructions below, you will be able to listen to the auctioneer and announcer and enjoy the crystal clear audio on the Bright Star Auction line.

Registration:

- Call the office at (574) 825-0704 ext 5 to register and get a bidder number. Preferably do this before auction day. Share your fax or email to receive the updated catalog the day before the auction.

Joining the Auction:

- **Ring 1: Call (419) 677-0715 and enter ID#: 904 359 662#.**
 - Ring 2 (if applicable): Call (832) 680 -1799 and enter ID#: 464 897 846#.
- You'll be placed in the auction audience upon calling.

Bidding Process:

- To bid, press *6 to unmute, state your bidder number and "yes" (e.g., "bidder 2532, yes").
- The ringman communicates your bid to the auctioneer.
- Press *6 to mute yourself when you are done bidding.
- Be sure to speak your bidder number first, loudly, and clearly.

Post-Auction Payment:

- Call (574) 825-0704 ext 4 within two hours after the auction to arrange payment.
- Credit cards are only accepted on invoices with a total of less than \$2500. Cash payments are only accepted on invoices with a total of less than \$10,000.
- Payments are due immediately post-auction.
- If you don't have fax or email, you'll be notified of your total by phone.
- Mail checks to: Bright Star Auctions, 11751 CR 12, Middlebury, IN 46540.

Additional Tips:

- Buyer's Premium for phone bidders is 13%.
- Please do not try to bid on speaker phone.
- Hundreds of photos in the online catalog.
- Log into the conference line 15 minutes early to avoid missing your lot.
- If you have trouble getting logged in, please call the office at 574-825-0704.

Trucking Services:

- US Logistics
 - Contact Nathaniel Stoltzfus
 - Phone: (570) 660-4246

- **Enjoy the convenience of bidding from home with Bright Star!**

Auction recordings are again available on the conference line:

Call: (712) 432-8774 - Conference id: 274448 # - Recording id: [6-digit date of auction] For example Williamsfield Valley Veneer was on September 21st, 2022. So, the recording id is 092122.

Press 1 to **pause or restart**, press 4 to **rewind** 2 minutes, press 6 to **fast forward** 2 minutes.

DO YOU NEED TO SELL?
Are you thinking about an auction
but don't know if it is the right fit?

Call Eugene for a free consultation: (574) 498-7238

He will give you options:

1. An auction proposal, or
2. A cash offer, and
3. A recommendation of which would net you the most money and be the best fit for you, or
4. All of the above and let you decide

Everything is done with your best interests in mind and with the highest level of integrity and professionalism. We want you to recommend us to your friends when it is all over and your money is in the bank.

Whether you have one piece to sell or a multi-million dollar operation, we can help you and would love to.

\$90,000

IronRing - 6.24.25

\$87,500

Trinity Lumber - 6.17.25

\$67,500

Trinity Lumber - 6.17.25

I want to take a moment to personally thank you and your wonderful staff for an extremely successful auction of our sawmill assets. From the moment I was asked to manage this sale I feared the amount of work that was involved for me and my team but in fact, we did very little as your team did all the work for us. The advertising of the auction brought a strong group of bidders. Your team's expertise in lumber assets helped push the bidding to higher levels than we had forecast. And when it was complete your team's professionalism in getting the process of shipping the sold equipment made our lives here at Missouri Walnut so simple. And as icing on the cake we exceeded our price expectations as well.

Please extend my thanks to your team and we will highly recommend Bright Star to anyone looking to sell industrial assets in the future. - Timothy Mohs - CFO, Missouri Walnut Group
