From the Editor

Monday, Oct 13, 2025

Such beautiful fall weather! Day after day we've had bright sunshine, soft breezes, chilly nights, and warm days. Most of the leaves are still green and on the trees, which seems a bit unusual for this time of year—but that's okay. The Lord has blessed us beyond measure with His goodness and grace. Let's just not forget to thank Him for it.

I received quite a few calls about the 25-18 issue not arriving in your mailbox on time—thank you for checking in! I'm not sure what happened. I confirmed with the printer that the magazines went to the post office on Wednesday, October 1, which means you should have had them by the 8th, 9th, or 10th. Mail didn't go out on Monday the 13th because of Columbus Day, but the books should have been delivered before then. For the last several months, I've hardly received any late-book calls, which tells me most everyone has been getting their issue on time. Hopefully, this was a one time hiccup of some sort

This is the smallest book we've done in quite a while—maybe ever. Bright Star decided to go with text-only listings (just the lot number and title) for the Factory Direct auctions in order to save on advertising costs. Most of the items are repeats, but the downside is that there won't be photos or full descriptions. I imagine they'd appreciate your feedback on that change.

The November 4th Lumber Auction will be the first with the reduced buyer's premium of 5%. Hopefully, that will be a benefit for everyone involved.

The Paul Bunyan Show was a well-attended event again this year. I spent most of my time at our booth and enjoyed meeting many of you—thanks for stopping by! The first day saw around 4,000 people through the gate, and even more came on the second day. The grandstands were packed for the competitions and show events. I'm sure the beautiful weather helped with that.

And finally, if you know Eugene personally, send him a note of encouragement—he was ordained Bishop in his church district this past weekend and would appreciate your prayers in his new calling.

Until next time,

Wayne Nisley, Editor

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

The September 26th Michian Equipment Auction delivered solid results across the board, exceeding expectations by a comfortable margin. Eugene shared that the lineup "felt very solid," and that results were "better than the market would have shown at the time."

2016 JLG - Sold for \$24,000

1985 John Deere - Sold for \$18,500

Skid steers kicked off the day and surprised everyone with stronger-than-expected prices, setting the tone for a steady auction. The 1985 John Deere skidder sold exceptionally well at \$18,500, leaving the seller happy. The lifts did well too, with most of them coming from the same consignor, who was well pleased with his totals. Ring 2 items held steady as well. By day's end, totals surpassed the goal by a couple hundred thousand dollars — a great outcome for consignors!

The Oct 1st DS Machine virtual auction ended with mixed results. Smaller lots and custom parts proved challenging, as expected, but the main machinery pieces brought good money and found ready buyers. The 2021 AccurPress brake sold for \$30,000, the Boss Laser Cutter went for \$17,000, and the 2020 Vectis Robot Welder sold for \$20,000. Overall, Eugene considered it a successful virtual metal working auction.

The October 3rd Baseline Mulch auction brought a fun day and strong results. The clear standout was a 2005 Vermeer horizontal grinder that sold for \$100,000. The Volvo off road truck and the Morbark Tub Grinder both sold for \$50,000. The seller, known for keeping his equipment in top-notch mechanical condition, didn't have the newest or flashiest lineup — but buyers noticed the care and maintenance behind the machines. His attention to detail paid off, and the auction wrapped up well above its goal, with the seller "extremely satisfied."

2012 John Deere - Sold! \$24,000

2019 Equipter - Sold! \$21,500

2021 AccurPress - Sold! \$30,000

2006 John Deere - Sold! \$40,000

2005 Vermeer - Sold! \$100,000

The Lumber Auction stayed steady this time, with precut pallet stock bringing fair, consistent prices. While prices ticked slightly below the last auction, the overall tone remained strong. Pallet demand was the real highlight, with Aspen pallets topping out at \$9 apiece — the best results yet in that category. Two loads of hardwood pallet lumber didn't move during the auction but were sold shortly after at fair prices, rounding out a solid finish.

The Wheat Ridge auction October 8th wrapped up this round of activity. As a surplus equipment auction, it reflected the current difficulty of moving second-hand machinery in today's market. "It's just tough," Eugene noted. Still, the seller was prepared for that reality and ended the day satisfied, especially since the power units sold well and helped balance out the lineup. While prices weren't strong, every piece found a new home — which still marks it a success in today's climate.

As we head into the final stretch of the year, the team has several promising auctions and new leads coming together. "We've got some good ones coming up," Eugene said. "It's shaping up to be a busy end of the year."

There is still time to consign to the Midwest Equipment Auction in Rockville, IN, on November 14th. We're expecting a nice line up of rolling stock in this one!

Watch for ads for the December 12 McKay Gross liquidation auction in Apple Creek, OH. We're accepting consignments to this auction and expect this to be a big auction with quality equipment from McKay Gross.

Sold! We'll see you at the next auction!

Do you ever wish a guy would come to your house, slug you in the arm, and tell you to straighten up, be a good dad, and be loving to your wife? Well, now your wildest dreams have come true, because I'll come to your home or office each week and do just that.

Now, don't be expecting a theological treatise on husbanding, because the Familyman Weekly isn't that.

Safe Rigging Practices

We always used the term “cable the tree.” I believe a lot more goes on than just attaching the cable to the tree. What we actually apply is rigging. The definition of rigging is: the ropes, chains, etc., of equipment.

While there are many different ways of rigging a tree, I’m just going to touch on a few basics used in normal logging with a skidder.

Most times the tree is felled beside the skidder due to the length of the winch cable, terrain, obstacles, and other factors. This requires a skilled chainsaw and skidder operator. The skidder must always be parked on the opposite side from the way the tree leans—in the direction it is to be felled. Experienced loggers know about where to place the cable or rigging on the tree. Too high, and the skidder may not be able to pull fast enough. Too low, and there may not be enough leverage for the winch to pull it—or even worse, it may pull the tree off the stump.

Use clear signals that everyone understands. Sometimes it’s necessary to have a third person directing the skidder operator if his view is obstructed. Two-way radios work well too. The skidder operator should never engage the winch unless instructed by the chainsaw operator to do so.

It’s also very important to use certain cutting techniques according to the way the tree leans, the species, and other conditions.

Check for frayed cable or stretched choker links on a daily basis. Replace or repair damaged rigging before pulling or felling a tree near buildings or other hazards. It’s absolutely terrifying to watch your rigging fail. If you’ve never experienced it—good. I hope you never will.

Use strong tow straps for recovering vehicles, tractors, and other equipment. Chains can have a rubber-band effect when they break. Chains and hooks have killed bystanders and equipment operators. At least wrap the end of the chain that’s not being used around itself. This forces the chain to bunch and slows it down if it breaks. Tow straps are less cumbersome and easier to store.

Always respect the weight and pressures you’re dealing with. Take a second and third look. Could anything slip, roll over, break, fail, or come undone in some way? Get a second opinion if you’re skeptical.

Sometimes, when recovering a vehicle or machine in an unusual event, there can be some excitement that creates an unsafe environment. It’s important that everyone clearly understands the planned procedure. Repeat the plan several times. Don’t move too fast. One hasty move at the wrong time and place could be fatal.

So there you go, loggers—you never knew you were professional riggers, did you?

The Business Edge

Book Review: Good to Great

By Jim Collins

Review by Nate Nisley

"Good to Great," authored by Jim Collins, explores why some companies transition from being merely good to truly great, outperforming their competitors over the long term. The book is based on a comprehensive study of companies that made the leap and sustained it, contrasting them with others that did not. The basics boil down to disciplined people, disciplined thought, and disciplined action. Combine that with the flywheel effect of consistent, positive pressure in the same direction for a period of time, and you get great results.

Some of the key concepts discerned in the study, comments Collins, fly in the face of modern business culture and will upset some people.

One concept of the book that is appreciated is that he is not trying to sell anything or push anything on you; he is merely stating the findings of his seven-year study.

Key concepts:

Level 5 Leadership: *"You can accomplish anything in life, provided that you don't mind who gets the credit."* – Harry S. Truman.

Great companies are led by humble yet driven leaders who focus on the success of the organization rather than their own. When things go well, they look out the window and say, "We have great people; that is why things are going well." When things are not so well, they look in the mirror and ask, "What am I doing wrong, and what can I do to make it better?" Level 4 leaders may look great on the job but fail to set up their successors for success.

First Who, Then What: Successful companies prioritize getting the right people on board before deciding what to do. Surround yourself with the right people before you hone in on where you are going. If you are on board with the right people, you will go with them wherever they go. Level 5 leaders build a cohesive, healthy team of people, then figure out the best path to greatness. Level 4 leaders set the vision of where the bus is going and then enlist a crew of highly capable people to make the vision happen.

Confront the Brutal Facts: *"There is no worse mistake in public leadership than to hold out false hopes soon to be swept away."* – Winston Churchill.

Organizations must face harsh realities without losing faith in their ability to succeed. Every company, every industry, every person faces challenges. Good-to-great companies had faith that the current situation was going to make them better and, at the same time, faced the brutal facts of their current reality. They stripped away all the noise and clutter and focused all their energy on what made the biggest impact, while the optimists always thought it would be better next year.

The Hedgehog Concept: Great companies focus on what they can be the best at, what drives their economic engine, and what they are passionate about—a trio known as the Hedgehog Concept. It is essential to know what you are best at in the world. What are you best at? Providing a Christian workplace? Building mini barns? Construction? Sawing walnut planks? Solving issues? Building boys? What do you love to do, and what makes money?

Culture of Discipline: A culture of discipline is not just about action; it is about getting disciplined people who engage in disciplined thought and who then take disciplined action. Have a to-do list—but just as important, have a stop-doing list! We are more likely to die of indigestion from too many opportunities than from starvation from not enough.

Technology Accelerators: My first thought was not to touch on this chapter in my review. But it is just as important in our circles as in the world for a few reasons:

- Technology can be any tool.
- We think we "must have" a thing when, in reality, we may be able to do what we need to do with what we have—and it may even be better in the long run.
- Take the phone, for instance. As handy as it may be to have a cell phone, a lot of time is wasted and a lot of interruptions happen if we carry one. We are far more effective and productive if we have designated call times and use voicemail.

How it looks in your world:

You were a troubled boy in your youth. Now that you are older and more established, you talk with a few men in your community, and you all have a passion for helping young boys get started in life (first who, then what). You decide that a shed shop is the best economic engine for your passion—building something nice—and you can be the best at helping boys get started in life.

When you have this Hedgehog Concept, you will be able to make decisions in your business a lot better. There may be campouts, hunting, or Boundary Waters trips. You will need to confront the brutal facts that there will be challenges with youth. You set the standards for the culture of discipline: no smoking, no drinking, no foul language, no phones. And you may be able to use technology decelerators to teach the boys how to live off the land.

As you push, little by little, the organization will grow. Soon, you will have boys from another community coming over to work at your shop. Then, even from another state or nation, your Hedgehog Concept will not change—you are the best in the world (your little community) at building boys.

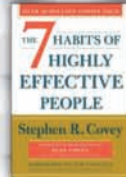

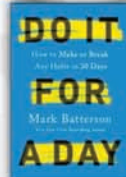

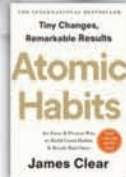

Overall, Collins emphasizes that achieving greatness requires sustained effort, discipline, and a clear strategy. The principles laid out in "Good to Great" provide a framework for organizations aiming to elevate their performance and impact.

Why Fall is the Best Season to Buy and Sell Heavy Equipment at Auction

As the leaves begin to change, so do the opportunities in the auction market. For both buyers and sellers, fall presents a unique window to make strategic moves in heavy equipment auctions. At Bright Star Auctions, we understand the significance of timing, and the fall season is an ideal time to maximize your buying or selling efforts. Whether you're upgrading your fleet before the winter or looking to sell off unused assets, now is the perfect moment to participate in an auction.

Market Opportunities in the Fall

The fall season ushers in a surge of market activity for heavy equipment auctions. Construction projects are wrapping up, farms are preparing for the next season, and many businesses are looking to acquire new equipment before the end of the year. For sellers, this means heightened interest and more competition among buyers. For buyers, this is the perfect time to find deals on high-quality equipment that sellers are eager to move before the winter months.

Benefits for Sellers

Selling your heavy equipment during the fall offers distinct advantages. With many businesses gearing up for winter operations or preparing their 2026 budgets, there's a strong demand for equipment in excellent condition. Fall auctions often see robust participation, as buyers want to close deals before the end-of-year slowdown. At Bright Star Auctions, we help you present your equipment to a highly engaged audience, ensuring maximum visibility and competitive bidding.

Advantages for Buyers

For buyers, fall is a golden opportunity to find exceptional deals on heavy equipment. Sellers often list equipment during this time to offload excess inventory before year-end, making it possible to secure high-quality machinery at attractive prices. Whether you're looking for construction, forestry, or farming equipment, Bright Star Auctions offers a wide range of machinery from motivated sellers looking to move inventory before the winter season.

Fall Auction Preparation Tips

For sellers, now is the time to prepare your heavy equipment for auction. Ensure your machinery is in top condition, complete with all necessary repairs and maintenance. Providing detailed descriptions and clear photos can also help attract serious buyers. If you're unsure how to prepare, our team at Bright Star Auctions can guide you through the process.

For buyers, fall auctions require a strategic approach. Set clear budgets and prioritize the types of equipment you need for upcoming projects. Research the history and condition of the equipment you're interested in, and don't miss out on preview events or online listings. With a well-thought-out plan, you can leave a fall auction with exactly what you need at a great price.

As the year begins to wind down, fall auctions offer both buyers and sellers an excellent chance to meet their equipment needs. Whether you're buying to expand your fleet or selling to clear inventory, Bright Star Auctions is here to help you maximize the value of your heavy equipment transactions.

"Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.

"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

"Lot" means each individual item or grouping of Personal Property offered at one time by Auctioneer.

"Property" means the Real Property and the Personal Property.

Bidder Terms and Conditions Continued...

“Registration Deposit” means, if required by Auctioneer, the deposit, in certified funds, made by a Registered Bidder in order to register for the Auction.

“Reserve” or “With Reserve” means that the Auctioneer may Withdraw Property put up at Auction and/or bids may be rejected prior to the Fall of the Hammer. **UNLESS SPECIFICALLY AND EXPRESSLY STATED OTHERWISE BY AUCTIONEER IN WRITING, ALL PROPERTY IS BEING WITH RESERVE.**

“Reserve Price” means the minimum price that Seller is willing to accept for specific Property.

“Seller’s Confirmation” means Seller’s confirmation, approval, and acceptance of the High Bid Subject to Confirmation acknowledged and recorded by Auctioneer.

“Subject to Seller’s Confirmation” means, with respect to any Property expressly identified in this Agreement as being sold Subject to Seller’s Confirmation, that after the High Bid Subject to Seller’s Confirmation has been received and acknowledged by Auctioneer, Seller may determine, in Seller’s sole and absolute discretion, to (i) accept such bid or (ii) reject such bid.

“Winning Bid” means the highest bid received and accepted (and if Subject to Seller’s Confirmation, confirmed by Seller).

“Winning Bidder” means the Bidder who is recognized by Auctioneer as having made the Winning Bid.

“Withdraw” refers to the circumstance in which the Property is removed from the Auction, or in which it is determined that such Property will not be offered or sold at the Auction.

3. **Bidder Registration.** All persons desiring to bid at the Auction, must register to bid and be issued a Bidder Number. In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer’s discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.

4. **Governing Law.**

1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. Notwithstanding the physical location of the Bidder or any Participant, these Terms are deemed to be entered into in the State of Indiana, all bids and payments are deemed to be received in the State of Indiana, and the contract, if any, will be deemed to be formed and entered into in the State of Indiana.

5. **Buyer’s Premium.** All Property offered at the Auction is subject to a Buyer’s Premium, which will be paid by the Buyer to Auctioneer for Auctioneer’s own account. The Buyer’s Premium will be calculated as a percentage of the Hammer Price, and will be added to the Hammer Price to determine the final Purchase Price. Buyer agrees to pay the Winning Bid plus the applicable Buyer’s Premium.

6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer’s discretion.

7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.

8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. By bidding, each Registered Bidder acknowledges and agrees that such Registered Bidder has had a full and fair opportunity to read, and understands, these Bidder Terms, and affirms that such Registered Bidder is subject to and bound by these Bidder Terms.

9. **No Bid Retraction.** Bidder may not retract a bid that has been acknowledged by Auctioneer or that has been submitted online. Bidder acknowledges and agrees that Auctioneer is acting in reliance on tendered bids in the conduct of the Auction, and that bid retraction is disruptive and interferes with the Auction, and that, as an inducement for Auctioneer to accept such Bidder’s Bidder Registration and for such Bidder to bid at the Auction, Bidder agrees not to withdraw or to attempt to withdraw any tendered bid that has been acknowledged by Auctioneer.

10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:

10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.

10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer’s Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer’s website.

10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer’s sole and absolute discretion.

10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer’s sole and absolute discretion.

10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer’s records will be deemed final and conclusive.

10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder’s internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.

10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.

10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.

10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.

10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.

10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.

10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer’s discretion, reopen the bidding.

Bidder Terms and Conditions Continued...

- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY, ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTEE MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.
17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.

Bidder Terms and Conditions Continued...

26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Except as otherwise provided by law, we shall not be liable for any loss or damage due to misplaced, unauthorized or fraudulent fund transfers.
28. **ACH/eCheck Payments.** By providing account information to Bright Star Auctions, buyer gives permission for Bright Star Auctions to retain payment information on file and represents they are the authorized account holder. Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused by Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana.; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.

I want to take a moment to personally thank you and your wonderful staff for an extremely successful auction of our sawmill assets. From the moment I was asked to manage this sale I feared the amount of work that was involved for me and my team but in fact, we did very little as your team did all the work for us. The advertising of the auction brought a strong group of bidders. Your team's expertise in lumber assets helped push the bidding to higher levels than we had forecast. And when it was complete your team's professionalism in getting the process of shipping the sold equipment made our lives here at Missouri Walnut so simple. And as icing on the cake we exceeded our price expectations as well.

Please extend my thanks to your team and we will highly recommend Bright Star to anyone looking to sell industrial assets in the future. - Timothy Mohs - CFO, Missouri Walnut Group
