From the Editor

Monday, July 28, 2025

We just wrapped up a really good week at Yogi Bear Campground. It felt like an actual vacation—with plenty of sitting in and by the pool. The kids had a great time, and I did as well. The camper we bought worked a-ok. I now have a camper for sale if you're looking for one or know someone who is.

Last week, we went to the National Auction Association's Conference and Show in Schaumburg, IL. I had the privilege of competing in the International Auctioneers Championship—going up against some of the best auctioneers in the world. It was a great experience and a good way to pick up tips and tricks to improve the auction chant. Tanner Roberts from TN was the crowned the world auctioneer champion. If you know him, send him a congratulations.

This week, I got to go to Bloomfield, IA to provide phone bidding for Ray Yoder's auction. The auction included lots of antiques, guns, steam engines, and farm equipment—plus lots and lots of people from all over the country. It was neat to see the steam engines in action—pulling old machines, threshing, sawing, and more. The one collector gun sold for \$80,000!

You'll find a 2-page survey in this issue on pages 12 and 13. We're celebrating our one-year anniversary with EquipmentEdge, and we'd love to hear what you think so far. If you get a chance, take a minute to fill it out and send it back—we'd really appreciate it.

The August IronRing has a very nice line up of equipment for your consideration. Check it out in this issue.

Next up: I'll be at boys camp for three days with our son Justin, who's 15. It's his last year to attend, so I agreed to go along. It's always a fun and inspiring time, and while I could find plenty of things to do at home, I want to go cheerfully and enjoy the moment.

Enjoy the rest of your week—and go catch lightning bugs with the kiddos.

Until next time.

Equipment Market Report

Brought to you by Bright Star Auctions
Eugene Hochstetler / Vice President / (574) 242-1100

The July 8 IronRing auction proved to be one of the most successful we've seen, with an impressive sell-through rate and strong bidding throughout the day. The event featured a well-rounded lineup of construction and forestry equipment, and the market responded positively.

2025 John Deere 548GIII - Sold for \$97,500

2012 Gehl Telehandler- Sold for \$30,000

Skid steers kicked off the auction with solid results. While prices weren't unusually high, they were steady across the board. The 2018 Cat 259D track skid loader sold for \$26,000. Telehandlers followed suit, with a 2012 Gehl fetching \$30,000. Forklifts saw steady interest and pricing, with a few deals mixed in, but most units sold respectably.

Excavators were a mixed bag with a few selling and a few not meeting the reserve. The 2017 Volvo sold for \$45,000. One of the top highlights of the day was the 2005 John Deere 548GIII skidder, which sold for \$97,500. These G3 series skidders continue to draw strong demand, and we have several more on deck for August auctions.

Both Caterpillar compactors sold strong—one for \$30,000 and the other at \$28,500. In the trailer category, the 2001 Fontaine detachable lowboy stood out, selling for \$25,500—a solid price for a 24-year-old piece of equipment.

Factory Direct hosted a virtual auction on July 11 in Middlefield, OH. This event exceeded expectations with steady prices throughout the day. Mini excavators and mini skid steers both performed consistently, though not as high as we've seen at some of the past auctions. Still, the auction met its goals and showed ongoing strength in the factory direct equipment segment.

2018 Cat 259D - Sold! \$26,000

2017 Volvo - Sold! \$45,000

2001 Fontaine Lowboy - Sold! \$25,500

2023 Timber Buddy - Sold! \$60,000

Keystone Cut Up Line Entirety - Sold! \$70,000

Another strong performer this month was the Custom Crates virtual liquidation sawmill held in Penn Yan, New York. It featured quality equipment and excellent results. The standout was a 2023 Timber Buddy band mill that sold for \$60,000—a nice bump from recent pricing in the band mill segment. A 2024 Kuier Kut-Grinder sold for \$24,000, and a compact 2014 Genie telehandler brought in \$23,000. All in all, this auction demonstrated the effectiveness of virtual sawmill liquidations, and demand remained healthy.

Superior Pallets in Ickesburg, PA, hosted another small but successful virtual event. The featured Keystone cut-up line sold as an entirety for \$70,000. That package included the gang saw, chop saw, and transfer equipment. The seller was well pleased, and the entirety sold to a buyer in South Texas. Someone got a deal on the Brewer dual head notcher, which sold for just \$3,000. The total auction results comfortably exceeded the seller's expectations.

Premium Cut Lumber's bi-weekly auction continues to show strength. While Aspen and other softwood items were a little light, hardwood lumber made up the difference. Kentucky fence boards were a deal at this one. Overall, though, buyers remain engaged and pricing holds steady.

Looking ahead, we're in discussions with several potential consignors to begin offering truckload quantities of assembled pallets in upcoming lumber auctions. This could open up a new opportunity for buyers and sellers alike. If you have lumber, cut stock, fence posts, railroad ties, or pallets to consign, now is a great time to reach out. These lumber auctions are gaining traction and show no signs of slowing down.

Lots of quality equipment coming across the auction block in the next few months! Plus plenty of consignment opportunities for you to move your equipment.

Sold! We'll see you at the next auction!

Lightning Bug Hunter

Hey Dad,

The lightning bugs were out in full force last night, but I know it won't be long before they retreat into the ground. It reminded me of a Sunday evening years ago, after a long, hard weekend. I was enjoying the peace and quiet. A gentle breeze blew through the house, refreshing the very bones within me... If only my wife had brought me a tall, icy glass of freshly squeezed lemonade, all would've been right with the world.

Enter Isaac, who we call Ike (5 at the time).

"Hey, Dad... remember, you said we'd catch lightning bugs tonight? Is it time?"

He smiled a sunny smile. The kind of annoying "sunny" that shines through the blinds in the morning and hits you right in the eye. I held my breath and thought about pretending I was dead.

He stood before me with the goofiest (and most adorable) grin on his face, waiting for my answer. Seconds ticked by, and I could hear the beat of my own heart as my mind scrambled for some kind... any kind... of reasonable excuse.

Too wet? Nope, dry as a bone. Maybe tomorrow night? Naw, I said that last night. I don't want to risk getting the West Nile Virus from a mosquito. It would take an hour to explain it to him.

"Sure, we'll catch lightning bugs tonight," I heard myself say before I could stop it. "Good," he answered cheerfully and was off like a shot.

An hour later, we were outside scooping up lightning bugs and putting them in a jar. The kids laughed and squealed in excitement during the hunt. Later that night, Ike and Abe fell asleep watching the lightning bug zoo that hung on their closet doorknob.

Before I went to bed, I peered in on the sleeping boys and the jar with the glowing bugs and remembered the jars of lightning bugs I took to bed as a kid.

You see, we did something eternal that night. Something that my children will never forget. They may not remember the lightning bug part, but they'll remember the "they did it with Dad" part. And to think it all took only ten minutes... and I almost said "No."

How many other things have I missed that would've only taken a few minutes or a few hours? I'd rather not think about it... But I'd better, because the stakes are high.

So, have you gone on a lightning bug safari yet? Tonight would be perfect. Maybe there's something else the kids have been asking you to do. Tonight would be perfect for that as well.

It won't be long before the lightning bugs have retreated for the winter... and your children will be grown and gone.

You 'da dad!

The Business Edge

Living on Purpose as a Business Leader

By Delbert Hoover, Symbiz Board Member

Some of you have taken your family's generational business or farm and improved and grown it, while others have taken a fledgling idea and nurtured it into a flourishing business. As we keep investing hard work, sweat, and even a few tears, our endeavors usually grow. Eventually, we find ourselves staring at the fruits of our labors and wonder, "For what?" What really is my purpose on earth?

We all know the Bible says we were born for a purpose, but somehow the daily grind of life has a way of dimming—and even snuffing out—our true calling and life purpose. I felt there should be more to life, but the harder I pursued success, the more I found myself in internal captivity. Eventually, I joined a local business peer group, which would later become the first Symbiz Growth Ring.

Today, almost four years later, Symbiz has more than 65 groups and 350 members in various states and Canada. Members come together locally once a month. They set goals, hold each other accountable using self-imposed penalties for missed goals, read and discuss a book, and share their struggles and challenges.

Surrounding myself with other godly men, I experienced a profound mindset shift. Having a steady diet of leadership development resources, coupled with accountability, changed the trajectory of my life.

Goal Setting—A Valuable Tool in Finding Your Purpose

The concept of setting monthly goals was new to me when I joined the peer group. But this proved to be a valuable tool in my journey. Rather than avoiding hard things in my life, I was now allowing myself to be stretched out of my comfort zone. However, as I made goals, I started asking myself, "Where am I really going? Are my goals taking me the direction God wants me to go, or are they taking me farther away?"

Believing God has a purpose for my life, I started asking Him to show me what His vision is for me. A mentor taught me the value of writing down our vision, as it is taught in Habakkuk 2:2–3:

"And the Lord answered me, and said, Write the vision, and make it plain upon tables, that he may run that readeth it. For the vision is yet for an appointed time, but at the end it shall speak, and not lie: though it tarry, wait for it; because it will surely come, it will not tarry."

Suddenly, setting goals made a lot more sense to me! Goals help us have specific actions that are time-sensitive and align with our long-term vision. Does having a vision mean things will turn out the way I expect? No, we expect detours, but I find that, with every detour, the Lord just takes me deeper into my purpose.

Following are some tools that benefit Symbiz members:

Goal Worksheets: When you join Symbiz, you receive a worksheet that guides you in identifying your Core Values, revealing what is close to your heart, what areas you are gifted in, and what brings a sense of meaning. Out of this, you can write your Life Vision, which is a picture of how you envision carrying out your purpose in a way that aligns with your God-given passions and gifts.

Knowing your vision helps keep your priorities in focus and affects how you process important decisions. It gives you a clearer picture of what areas in your life need development and growth so that you can set goals more effectively.

Resource Directory: Members receive a list of peer-reviewed books and resources based on the ratings from Growth Rings who have read the books. The categories, ratings, and reviews help other groups better determine what development resources to read that month. This way, you aren't wasting your time choosing books that are less than ideal or don't address your needs.

Networking: Members have access to a Member Directory with the names, business names, and contact information of all the Symbiz members. This is a huge networking tool that gives you the opportunity to connect with various types of businesses or individuals with similar interests as you.

Our prayer is that these tools can be springboards for fellow business leaders who want to rise to their God-given potential and leave a lasting impact that ripples out to their families, communities, and businesses.

If you feel stuck or alone in your leadership journey, surround yourself with individuals that can stretch you and encourage personal growth.

"As iron sharpens iron, so one person sharpens another." —Proverbs 27:17

Symbiz is a Christian business peer-group network that serves the conservative Anabaptist community. Our vision is to make godly symbiotic business a way of life and to foster Healthy Relationships, Personal Growth, and Generosity.

Efficiency Edge

Efficiency Tips for Sawmill Operations

John Yoder, General Manager / (260) 214-1481

Staying Ahead of the Breakdown: Preventative Maintenance in Your Sawmill

If there's one thing guaranteed to slow down a good day at the mill, it's unexpected downtime. A busted bearing, a worn-out belt, or a hydraulic leak can bring production to a halt—and often at the worst possible time. That's why more and more sawmill owners are leaning into a simple principle that pays off big: preventative maintenance.

While it's tempting to run hard and fix things when they break, a proactive approach to equipment care can save you money, improve safety, and boost overall efficiency. And truthfully, most maintenance tasks don't take as long as the cleanup after something fails.

What Preventative Maintenance Looks Like

Preventative maintenance isn't just greasing zerks and checking oil—though those are good places to start. It's a mindset that says, "We'd rather spend 10 minutes today than 10 hours tomorrow." That mindset plays out in several ways:

- Daily walk-arounds to spot early signs of wear, leaks, or loose bolts.
- Scheduled downtime to inspect bearings, replace filters, and clean debris out of hard-to-reach areas.
- Record keeping so you know when each machine was last serviced—and what was done.
- Employee training so that the people running the equipment know what to listen for and when to speak up.

If you don't have a maintenance calendar or checklist, now's a great time to start one. Even a simple clipboard with each machine's name and a list of monthly or quarterly tasks is better than relying on memory.

Downtime Is Expensive

A breakdown doesn't just cost parts—it costs time. And in a tight labor market, time is one of the most expensive things you can lose. We've heard more than one sawmill owner say, "I can't afford to shut down for maintenance." But the reality is this: you're already shutting down—you just don't get to choose when. Preventative maintenance gives you control. You can plan around it, schedule it during slower shifts, and avoid the fire-drill chaos of emergency repairs.

And then there's the ripple effect. One broken chain can stop the green chain, which backs up the head saw, which creates delays in the yard. Before long, half your crew is standing around waiting. Routine maintenance avoids that whole mess.

Extending Equipment Life

Sawmill equipment is a big investment. Whether it's a band mill, resaw, debarker, or edger, the longer it runs reliably, the better your return on it. Just like changing the oil in a truck helps it reach 200,000 miles, simple upkeep—lubricating chains, replacing worn teeth, cleaning radiators—can easily add years to the life of your machines. And those years add up to serious savings.

One small tip: Don't ignore the old equipment. Often, the older machines are the ones that need the most care—but they're also the ones we're least likely to check because they "just keep going." Give them the same attention you give to the new machines, and they'll keep earning their keep.

Safety Matters Too

Maintenance isn't just about efficiency—it's also about keeping your team safe. Loose guards, leaky hydraulics, and frayed belts are all hazards waiting to happen. A consistent maintenance routine gives you the chance to catch these problems before they become injuries. And while OSHA may not show up at your door tomorrow, your people matter. Keeping them safe should be reason enough to make maintenance a priority.

Listen to Your Crew

Don't forget: your employees often know what's wrong before the machine does. The guy feeding the edger might notice a squeak that wasn't there last week. The loader operator might feel a sluggish response before it turns into a blown hose.

Encourage your team to speak up when something feels off—and follow up when they do. Many successful mills keep a whiteboard or a simple maintenance log in the break room where workers can write down equipment issues as they come up. This kind of feedback loop builds trust and keeps your maintenance plan grounded in real-time observations.

A Small Investment with Big Returns

In the end, preventative maintenance isn't complicated—but it is powerful. It's a habit that separates efficient mills from the ones constantly chasing problems. The mills that commit to scheduled maintenance often run smoother, safer, and more profitably than their competitors.

Need a second opinion? The team at Showcase Equipment has years of hands-on experience with sawmill machinery and offers consulting services to help you set up an effective preventative maintenance plan. Whether you're starting from scratch or just need a fresh set of eyes, they're ready to help your mill run smoother.

These Bidder Terms and Conditions ("**Terms**") apply to auctions conducted by BRIGHT STAR REALTY AND AUCTIONS, LLC and constitute a legal, valid, binding, and enforceable contract between Auctioneer and the Bidder. These Terms also form the basis for the final contract of sale between the Seller and the Buyer.

1. **Auctions Conducted Under These Terms.** The Auction is conducted under and in accordance with these Terms, the Terms posted on Auctioneer's website, applicable law, and any announcements or corrections made by Auctioneer during the Auction. By participating in the Auction, whether at the auction site, online, telephonically, or through any other means (including Absentee Bid), Bidder agrees to be bound by, and to abide by, these Terms.

Auctioneer's Licensing and Bonding. Auctioneer is licensed and bonded where required.

2. **Definitions.** The following definitions apply to these Bidder Terms for each auction conducted by Auctioneer:

"Absentee Bid" means a bid submitted in advance by an Absentee Bidder for the execution during the Auction.

"Absentee Bidder" means a person or entity that submits an Absentee Bid.

"Absolute Auction" or "Absolute" applies only if and when expressly indicated and means that property is to be sold to the highest bidder regardless of the amount of the final bid, with no limiting conditions, restrictions, or reservations. UNLESS SPECIFICALLY AND EXPRESSLY STATED BY AUCTIONEER IN WRITING, NO PROPERTY IS BEING SOLD ABSOLUTE OR AT AN ABSOLUTE AUCTION.

"Auction" means the auction sale at which Auctioneer solicits bids, or is scheduled to solicit bids.

"Auction Site" means the physical location of the Auction, or, for an Auction conducted entirely online, the location at which Property may be inspected.

"Bidder Number" means the number or other identifier issued by Auctioneer to a Registered Bidder for the purposes of identifying bids to such Registered Bidder.

"Bidder Registration" means the information provided by a prospective Bidder, and the process of registering such prospective Bidder, to bid at the Auction, including the prospective Bidder's agreement to be bound by these Bidder Terms.

"Broker Participation Fee" means an amount that is paid to a broker who has participated in procuring a Buyer, or has otherwise assisted in facilitating the sale of Property at the Auction, under the Terms and in the amount established by Auctioneer.

"Buyer" means the Winning Bidder with respect to each Lot of Personal Property.

"Buyer's Premium" is an amount with respect to each Lot of Personal Property sold at the Auction, calculated as a percentage of the Hammer Price, that is payable by the Buyer to Auctioneer for Auctioneer's own account.

"Fall of the Hammer" means the point, after bids have been received, at which Auctioneer declares a Lot of Personal Property "sold" to Bidder acknowledged by Auctioneer as having made the Winning Bid. During an auction that is exclusively online, the Fall of the Hammer will occur electronically at the end of timed (or extended) bidding. In an auction that is Subject to Seller's Confirmation, the Fall of the Hammer will occur on Seller's Confirmation of the High Bid Subject to Confirmation.

"Hammer Price" means the high bid amount recognized by Auctioneer with the Fall of the Hammer.

"High Bid" means the high bid amount recognized by Auctioneer at the conclusion of bidding on a Lot.

"High Bid Subject to Confirmation" means the High Bid amount recognized by Auctioneer at the conclusion of bidding on the Lot put up at Auction Subject to Seller's Confirmation. If the High Bid Subject to Confirmation is confirmed by Seller, it will be the Hammer Price.

"High Bidder" means the Bidder recognized by Auctioneer as having made the High Bid with respect to a Lot.

"Knocked Down" or "Knock Down" means, with respect to any Property put up at the Auction, that Auctioneer has acknowledged the Winning Bid with the Fall of the Hammer, or by announcing "sold", or by giving a similar such indication. Property may be Knocked Down electronically at the conclusion of a timed online auction event.

"Lot" means each individual item or grouping of Personal Property offered at one time by Auctioneer.

"No Sale" occurs if Property is put up at the Auction but is not Knocked Down or sold, and Auctioneer passes on such Property or declares a No Sale.

"Online Auction Platform" means the hardware and software utilized to conduct the Auction online and to facilitate online bidding, including any associated, adjunct, and/or complementary websites, services, premiums and promotions.

"Online Auction Platform Provider" means the provider of the Online Auction Platform and related services to conduct Auction online.

"Online Bidding Period" means, with respect to an Auction conducted in whole or in part online, any established period during which bids may be tendered.

Bidder Terms and Conditions Continued...

“Personal Property” means all tangible and moveable property, including fixtures, designated as Property.

“Pick-up” means the act of picking up or removing sold Lots by respective Winning Bidders at the date(s), time(s), and location indicated for such during the Auction or as later agreed to by Seller and Buyer.

“Private Sale” means an event in which Property is sold by Seller, or on Seller’s behalf, other than at the Auction (including a sale at an auction conducted by a person or entity other than Auctioneer).

“Private Sale Price” means the fair market purchase price of the Property paid, or agreed to, at a Private Sale in an arms-length transaction between Seller and the purchaser of the Property. If the Property is sold through a Private Sale for less than its fair market value, or in a transaction that is not an arms-length transaction, or is gifted by Seller, the Private Sale Price will be an amount equal to the fair market value of the Property in an arms-length transaction.

“Property” means the Real Property and the Personal Property.

“Purchase Price” means an amount equal to the Hammer Price or High Bid Subject to Confirmation, as the case may be, plus the Buyer’s Premium.

“Registered Bidder” means a person or entity that has registered to bid at the Auction.

“Registration Deposit” means, if required by Auctioneer, the deposit, in certified funds, made by a Registered Bidder in order to register for the Auction.

“Reserve” or “With Reserve” means that the Auctioneer may Withdraw Property put up at Auction and/or bids may be rejected prior to the Fall of the Hammer. UNLESS SPECIFICALLY AND EXPRESSLY STATED OTHERWISE BY AUCTIONEER IN WRITING, ALL PROPERTY IS BEING WITH RESERVE.

“Reserve Price” means the minimum price that Seller is willing to accept for specific Property.

“Seller’s Confirmation” means Seller’s confirmation, approval, and acceptance of the High Bid Subject to Confirmation acknowledged and recorded by Auctioneer.

“Subject to Seller’s Confirmation” means, with respect to any Property expressly identified in this Agreement as being sold Subject to Seller’s Confirmation, that after the High Bid Subject to Seller’s Confirmation has been received and acknowledged by Auctioneer, Seller may determine, in Seller’s sole and absolute discretion, to (i) accept such bid or (ii) reject such bid.

“Winning Bid” means the highest bid received and accepted (and if Subject to Seller’s Confirmation, confirmed by Seller).

“Winning Bidder” means the Bidder who is recognized by Auctioneer as having made the Winning Bid.

“Withdraw” refers to the circumstance in which the Property is removed from the Auction, or in which it is determined that such Property will not be offered or sold at the Auction.

3. **Bidder Registration.** All persons desiring to bid at the Auction, must register to bid and be issued a Bidder Number. In order to register to bid, each potential Bidder must provide such information (including identifying information and qualifications) as requested by Auctioneer. Auctioneer may refuse to accept a Bidder Registration from any potential Bidder, may refuse to issue a Bidder Number to any potential Bidder, and, if a Registered Bidder breaches any Bidder Terms or engages in improper conduct, Auctioneer may revoke any Bidder Number. By registering to bid at the Auction, each Registered Bidder acknowledges and agrees that such Registered Bidder has read, understands, and agrees to be bound by, these Bidder Terms. In Auctioneer’s discretion, bids may be received from a person who has not registered to bid, and by placing a bid accepted by Auctioneer such unregistered Bidder will be bound by these Bidder Terms and will immediately complete a Bidder Registration.

4. **Governing Law.**

1.1 **For Auctions in the State of Indiana and Online.** Unless otherwise indicated, all Property is offered for sale in the State of Indiana, and will be sold in the State of Indiana. Notwithstanding the physical location of the Bidder or any Participant, these Terms are deemed to be entered into in the State of Indiana, all bids and payments are deemed to be received in the State of Indiana, and the contract, if any, will be deemed to be formed and entered into in the State of Indiana.

5. **Buyer’s Premium.** All Property offered at the Auction is subject to a Buyer’s Premium, which will be paid by the Buyer to Auctioneer for Auctioneer’s own account. The Buyer’s Premium will be calculated as a percentage of the Hammer Price, and will be added to the Hammer Price to determine the final Purchase Price. Buyer agrees to pay the Winning Bid plus the applicable Buyer’s Premium.

6. **Access to Auction Site.** Participants assume all risks associated with their presence at the Auction Site or their access to the online bidding platform utilized by Auctioneer. Any person may be denied access to the Auction, the Auction Site, and the online bidding platform utilized by Auctioneer, and may be removed at Auctioneer’s discretion.

7. **Nature of the Auction.** This Property is being sold at the Auction in the manner indicated on the first page of this Agreement.

8. **Bidding.** Registered Bidders may only bid at the Auction by agreeing to be bound by these Bidder Terms. By bidding, each Registered Bidder acknowledges and agrees that such Registered Bidder has had a full and fair opportunity to read, and understands, these Bidder Terms, and affirms that such Registered Bidder is subject to and bound by these Bidder Terms.

9. **No Bid Retraction.** Bidder may not retract a bid that has been acknowledged by Auctioneer or that has been submitted online. Bidder acknowledges and agrees that Auctioneer is acting in reliance on tendered bids in the conduct of the Auction, and that bid retraction is disruptive and interferes with the Auction, and that, as an inducement for Auctioneer to accept such Bidder’s Bidder Registration and for such Bidder to bid at the Auction, Bidder agrees not to withdraw or to attempt to withdraw any tendered bid that has been acknowledged by Auctioneer.

10. **Online Auction.** The following terms and conditions apply if the Auction is conducted, in whole or in part, online:

10.1. **Online Bidding Registration.** Anyone desiring to bid online, or to establish the possibility of bidding online, will be required to create an online bidding account by completing all necessary forms and providing required information.

10.2. **Bidder Terms and Conditions; Notices and Announcements.** The Auction will be conducted in accordance with Auctioneer’s Terms and any notices or announcements by Auctioneer and/or posted on Auctioneer’s website.

10.3. **Posted Times.** All times are based on the Eastern Standard Time zone unless stated otherwise. Posted closing times and time displays are approximate. Auctioneer reserves the right to close early or extend the Auction at any time at Auctioneer’s sole and absolute discretion.

Bidder Terms and Conditions Continued...

- 10.4. **Online Bidding Increments.** Auctioneer may establish bid increments, and may modify or change bid increments, in Auctioneer's sole and absolute discretion.
- 10.5. **Records of Online Activity.** Absent clerical errors, Auctioneer's records will be deemed final and conclusive.
- 10.6. **Technology Disruptions.** Auctioneer will not be responsible for technology disruptions, errors, or failures (including disruptions to bidding or the failure to execute, recognize, or record online bids), whether caused by (i) loss of connectivity, breakdown, disruption, or failure of the Online Auction Platform, (ii) breakdown, disruption, or failure of a Bidder's internet connection, computer, or system, (iii) viruses or software malfunction, or (iv) otherwise. Auctioneer may, but will not be required to, continue, suspend, delay, extend, reschedule, or close the Auction because of disruptions caused by technology failures, even after bidding has commenced.
- 10.7. **Failures by Online Auction Platform Provider and its Affiliates or Contractors.** Auctioneer may use an Online Auction Platform Provider to facilitate the Auction. Under no circumstances will Auctioneer be liable for any failure of the Online Auction Platform Provider to perform all or any of its obligations, or for the failure of any affiliates, employees, agents, representatives, or contractors of the Online Auction Platform Provider to perform their obligations.
- 10.8. **Auto Extend Feature.** Any Online Bidding Period may include an auto extend feature. This means that, if an online bid is entered within a set time period approaching the end of the established Online Bidding Period, the Online Bidding Period will automatically be extended for an additional amount of time in increments established by Auctioneer, and will continue to be so extended until there is a set period of time that lapses during which no online bids are received, after which bidding will close.
- 10.9. **Disclaimer.** Auctioneer makes no representations or warranties, and disclaims any representations or warranties, (i) that the Online Auction Platform or any related website or technology will be uninterrupted, error free or virus free, (ii) as to the results that may be obtained by using the Online Auction Platform or any related website or technology, or (iii) as to the accuracy, completeness, reliability, security, or current nature of the Online Auction Platform or any related website technology.
- 10.10. **Responsibility for Online Bids.** If a Winning Bid is sent to Auctioneer from the computer of a Registered Bidder, and is, thereafter, confirmed by Seller, such Registered Bidder will be the Buyer.
- 10.11. **No Reduction or Retraction of Online Bids.** Online bids may not be reduced or retracted.
- 10.12. **Competing Online and Onsite Bids.** In the event of contemporaneously made online and onsite bids, Auctioneer will determine which bid is the successful bid, and may, in Auctioneer's discretion, reopen the bidding.
- 10.13. **Winning Bidders Subject to Certification by Auctioneer.** The final determination of the Winning Bidder is subject to certification by Auctioneer; and any email or electronic message (whether generated manually or automatically) is subject to such certification.
11. **Absentee Bids; Remote Bidding.** In Auctioneer's discretion, Auctioneer may receive Absentee Bids and/or bids tendered by remote Bidders (whether telephonically or otherwise). All prebids and maxbids placed online are considered absentee bids. Auctioneer pledges complete integrity in the treatment of absentee bids and absentee bids may be initiated and advanced in accordance with Auctioneer's policies and procedures. Auctioneer has the right to initiate any absentee bids at 25% to 50% of their maximum amount. Auctioneer will make reasonable efforts to execute Absentee Bids, but Auctioneer will have no liability to any Absentee Bidder for the failure to execute any Absentee Bids for any reason whatsoever. Each Absentee Bidder acknowledges and agrees that Property may be sold to another Bidder for the maximum amount of the Absentee Bid based on a bidding sequence that causes another Bidder to reach such amount first. If the execution of an Absentee Bid at its maximum amount would require Auctioneer to accept a bid that is less than a full bidding increment, Auctioneer has the sole and absolute discretion to accept or reject such bid. An Absentee Bidder may provide instructions to the Auctioneer to advance the bid by one or more bidding increments after the maximum amount of the Absentee Bid is, or would be, reached. Auctioneer acts only as the agent of the Seller, and the receipt and/or execution of Absentee Bids will not create an agency relationship between Auctioneer and any Absentee Bidder.
12. **Bid Increments.** Bid increments are established and controlled by Auctioneer, and may be adjusted or modified in Auctioneer's sole and absolute discretion.
13. **Registered Bidders Responsible for Bids Placed on Bidder Number.** Each Registered Bidder is responsible for the Bidder Number issued to such Registered Bidder. Auctioneer is not responsible for monitoring or policing the use of Bidder Numbers, and each Registered Bidder is responsible for all bids made on the Bidder Number issued to such Registered Bidder even if the Registered Bidder claims that the Bidder Number was lost, stolen, or misappropriated, unless notice of a lost, stolen, or misappropriated Bidder Number was provided to Auctioneer prior to an unauthorized bid being made. Absent a clerical error, Auctioneer's recording of bids against a Bidder Number will be conclusive as to the making of such bid by, or on behalf of, the Registered Bidder.
14. **Withdrawal of Property.** Auctioneer has the absolute right to withdraw any Property from the Auction prior to the Fall of the Hammer, unless the Property is explicitly provided that the Property is being sold at an Absolute Auction.
15. **Winning Bid; Buyer.** Pursuant to these Bidder Terms, the Bidder making the Winning Bid for any Lot of Personal Property will be the Buyer of such Property.
16. **All Property Sold "AS IS", "WHERE IS", and "WITH ALL FAULTS".** ALL PROPERTY IS BEING OFFERED AND SOLD IN ITS AS IS/WHERE IS CONDITION AT THE TIME OF THE AUCTION, WITH ALL FAULTS, INCLUDING ANY HIDDEN DEFECTS OF ANY NATURE. NEITHER AUCTIONEER NOR SELLER MAKES ANY REPRESENTATIONS, WARRANTIES, OR GUARANTEES WHATSOEVER, EXPRESS OR IMPLIED, REGARDING THE NATURE, VALUE, SOURCE, AUTHENTICITY, FITNESS, MERCHANTABILITY, AND/OR ANY OTHER ASPECT OR CHARACTERISTICS OF SUCH PROPERTY. NO STATEMENT ANYWHERE, WHETHER EXPRESS OR IMPLIED, INCLUDING VERBAL STATEMENTS MADE BY AUCTIONEER, WILL BE DEEMED A WARRANTY OR REPRESENTATION BY AUCTIONEER OR SELLER. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THERE ARE NO WARRANTIES OF TITLE, NON-INFRINGEMENT, AUTHENTICITY,

Bidder Terms and Conditions Continued...

ORIGIN, MERCHANTABILITY, OR FITNESS FOR A PARTICULAR PURPOSE, ALL OF WHICH ARE EXPRESSLY DISCLAIMED. EACH BIDDER ACKNOWLEDGES AND AGREES THAT HE, SHE, OR IT CANNOT RELY, AND HAS NOT RELIED, ON ANY REPRESENTATION, WARRANTY, OR GUARANTY MADE BY THE SELLER OR ANYONE ACTING AS AGENT OF THE SELLER, ORALLY OR IN WRITING, ABOUT THE PROPERTY, OR ANY OF IT. BY BIDDING, EACH BIDDER ACKNOWLEDGES AND AGREES THAT SUCH BIDDER HAS HAD A FULL AND FAIR OPPORTUNITY TO INSPECT THE PROPERTY, AND IS RELYING SOLELY ON, OR HAS WAIVED, SUCH BIDDER'S INSPECTION AND INVESTIGATION (i) IN DETERMINING WHETHER TO BID, (ii) IN DETERMINING THE AMOUNT OF A BID, AND (iii) IN BIDDING.

17. **Announcements.** Subject to the limitation set forth in these Bidder Terms, all terms and conditions and other announcements made by Auctioneer on the day of the Auction are binding and take precedence over any advertisements or listings.
18. **Bidder's Inspection.** By bidding, each Bidder acknowledges and agrees that such Bidder has had a full and fair opportunity to inspect the Property, and is relying solely on, or has waived, such Bidder's inspection and investigation (i) in determining whether to bid, (ii) in determining the amount of a bid, and (iii) in bidding. Bidder accepts any and all risks associated with the purchase and/or use of the Property. Bidder agrees to defend, hold harmless, indemnify, and protect both Auctioneer and Seller from any all claims of injury arising out of or relating to the purchase or use of the Property.
19. **Description of Property.** Unless otherwise expressly stated otherwise in writing, any description of Property is based solely on visual impression, and is given solely for identification purposes, and does not create any warranty, expressed or implied, or representation by Auctioneer.
20. **Contract of Sale for Personal Property.** By operation of these Terms, no additional or further writing will be required to evidence the existence of a contract of sale for any Personal Property Knocked-Down at the Auction regardless of the Purchase Price, and these Bidder Terms, together with Auctioneer's clerking sheets or other physical or digital notation identifying the Lot, the Hammer Price, and the Buyer, will be conclusive evidence as to the terms of the sale. These Bidder Terms will be incorporated into the contract between each Buyer and Seller.
21. **Bidding by or on Behalf of Seller.** At an Absolute Auction there is no Seller bidding. The Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Absolute Auction. At a Reserve Auction, the Seller or anyone acting on the Seller's behalf will not bid (directly or indirectly) on any Property put up at Reserve Auction, unless the Auctioneer announces and discloses that the Seller (or someone on behalf of the Seller) will be bidding at the Auction.
22. **Conduct of the Auction.** Auctioneer will regulate all matters relating to the conduct of the Auction and Auctioneer's decisions will be final and binding. Auctioneer will have control over bidding, and Auctioneer will resolve any and all disputes. If (i) a bid is made while the hammer is falling in acceptance of a prior bid or while bidding is otherwise being terminated, or (ii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware of a bid that was unnoticed prior to the Fall of the Hammer or other termination of the bidding, and it is demonstrated to Auctioneer's satisfaction that such bid was, in fact, timely made, or (iii) promptly after the Fall of the Hammer or other termination of the bidding Auctioneer is made aware that Auctioneer and a bid assistant or ringman, or multiple bid assistants or ringmen, have acknowledged bids in the same amount bid from different bidders, or (iv) some other bid dispute arises, Auctioneer may, in Auctioneer's sole and absolute discretion, reopen the bidding (but will not be required to). Any contract formed with the Fall of the Hammer will be subject to the conditions set forth in this Section. If bidding is reopened pursuant to this Section, the bid recognized by Auctioneer prior to the reopening of the bidding will be held, and may not be retracted, and, if no further bids are received, such bid will be the Winning Bid.
23. **Motor Vehicles and Equipment.** Any and all motor vehicles and motorized equipment (including, without being limited to, automobiles, trucks, vans, recreational vehicles, motor cycles, motor scooters, tractors, earth moving equipment and other heavy equipment) must be paid in full prior to removal from the Auction Site; and, if any vehicles or equipment is paid for with a check, the vehicle or equipment will not be released unless and until the check clears the drawee bank and the funds have been received by Auctioneer.
24. **All Sales Final.** ALL SALES ARE FINAL. NO REFUNDS OR RETURNS.
25. **Sales Tax.** Subject to applicable exemptions, if any, each Buyer is responsible for the payment of sales tax for each Lot Knocked-Down at the Auction, which sales tax will be collected by Auctioneer at the time payment is made.
26. **Payment.** All Personal Property must be paid for in-full by onsite Buyers on the day of the Auction, at or before the conclusion of the Auction, and before any Property is removed from the Auction Site by or on behalf of the Buyer. Online purchases are due upon receipt of your invoice. Onsite purchases may be paid in cash or approved check, and, when authorized by the Seller and made available by Auctioneer, by credit card or debit card. Cash payments totaling Ten Thousand Dollars (\$10,000) or more will not be accepted. If onsite bidders wish to send a wire, they must present a bank letter of credit (with limit stated equal to or higher than the amount owed by bidder) and wire must be sent no later than one business day after the auction. Online purchases must be paid by credit card or approved check; provided, however, that any online purchases in excess of Two Thousand Five Hundred Dollars (\$2,500.00) must be paid by wire transfer or certified funds unless other arrangements are made with Auctioneer in Auctioneer's sole and absolute discretion.
27. **Wire Transfer Payments.** Buyer shall obtain verbal verification of all bank account information from Bright Star Auctions prior to initiating transfer. Bidder Terms and Conditions Continued...

Upon authorization to collect payment from Buyer's account and prior to transfer, Buyer is responsible to notify their financial institution of the impending transaction. Buyer agrees to notify Bright Star Auctions of any changes in account information.
29. **Returned Checks.** Any checks that are returned unpaid will be subject to a returned check fee in the amount of Fifty and 00/100 Dollars (\$50.00). In addition to the foregoing, Auctioneer will be entitled to recover, from the issuer of a returned check, all costs and expenses, including attorneys' fees, for the collection of payment made in the form of a check that has been returned unpaid.
30. **No Stop Payment Orders or Credit Card Chargebacks.** Each Bidder agrees that such Bidder will not, under any circumstances, (i) issue a stop payment order with respect to any checks issued at or in connection with the Auction, or (ii) initiate a credit card chargeback with respect to any purchases at the Auction. Each Bidder further agrees that if, in violation of these Terms, a stop payment order is issued or a credit card chargeback is initiated, these Terms will be conclusive evidence of the Bidder's (i) waiver of any rights to issue a stop payment order or to initiate a credit card chargeback, and (ii) agreement not to issue a stop payment order or to initiate a credit card chargeback; and each Bidder acknowledges and agrees that on Auctioneer's presentation of these Terms to the bank, credit card company, or other financial institution against which a check was drawn or that issued the credit card on which charges were made, such bank, credit card company, or other financial institution will reverse any stop-payment order and/or deny any credit card chargeback, and will re-credit all amounts to or for the account of Auctioneer. If, in violation of these Terms, a Bidder issues a stop payment order or initiates a credit card chargeback, such Bidder, even if successful, will remain liable for all purchases made at the Auction, and will be responsible for all costs and expenses, including attorneys' fees, incurred by or on behalf of Auctioneer and/or Seller in challenging the stop payment order or credit card chargeback and in collecting payment. Each Bidder acknowledges and agrees that the covenant not to issue a stop payment order or to initiate a credit card chargeback is a condition to the issuance of a Bidder Number to such Bidder, and is being made as an inducement for Auctioneer to accept such Bidder's Bidder Registration and to issue a Bidder Number. Each Bidder acknowledges and agrees that Auctioneer is relying on the covenant not to issue a stop payment order or to initiate a credit card chargeback in accepting such Bidder's Bidder Registration and in issuing a Bidder Number.
31. **Pick-up and Removal; Shipping.** Each Buyer is responsible for removal of Lots purchased at the Auction, including shipping to remote Buyers. Pick-up and removal dates and times will be as posted on Auctioneer's website or announced at the Auction. Unless otherwise agreed, each Buyer is solely responsible for the disassembly, removal, shipping, and transportation of each Lot purchased by such Buyer. Tools, packing material, and/or assistance will not be supplied at Pickup, so Buyer must plan accordingly. Disassembly and removal shall be done in a quiet and workmanlike manner, and each Buyer, in making its bid, shall thereby indemnify and hold harmless both Auctioneer and Seller against any and all damage caused by the acts of the Buyer, or such Buyer's employees, agents, representatives, or independent contractors in connection with the Pickup. Any and all damages to the Pickup site, including, without being limited to damages to land or buildings, caused by a Buyer or by an employee, agent, representative, or independent contractor of a Buyer, will be repaired by, or at the expense of, such Buyer to the satisfaction of Auctioneer and Seller. Each Buyer must show a copy of the invoice (digital or hard copy) and government-issued photo identification before Lots will be released. No Buyer shall bring pets or young children to the Pickup, as the movement of Lots presents an extremely high-risk environment that could result in injury or death.
32. **Insurance.** Any work performed by Purchaser(s) or Purchaser Representative (including sub-contractors) shall be insured and provide proof of coverage against all claims for injuries against persons or damages to property which may arise from or in connection with the removal of items or equipment. Insurance coverage requirements are as follows: General Liability \$1,000,000/\$2,000,000 and Worker's Compensation \$1,000,000 or as required by State Law. Seller shall be listed as additionally insured, if required.
33. **Abandoned Items.** Any Lots not paid in full, not picked up and removed in the time provided (but, under any circumstances, within thirty (30) days after the Auction), or for which payment has not cleared (within five (5) days after the Auction), will be considered abandoned and may be offered for sale at a later auction or subject to other disposition. Such abandonment does not, however, relieve the Buyer or the Buyer's obligation to make payment in full. Any payments made by or on behalf of a Buyer are non-refundable, and Buyers will remain responsible for the full purchase price of all Lots sold to them. In addition, Buyer's bidding privileges may be suspended at future auctions.
34. **Claims.** With respect to Lots removed from the Auction Site by or on behalf of a Buyer, no claims or returns will be allowed and no claim will be allowed for adjustments or rescission of any sales based on the failure of a Lot to correspond with any standard and/or expectation of the Buyer.
35. **Risk of Loss for Personal Property.** Risk of loss with respect to Personal Property passes to the Buyer with the Fall of the Hammer. Neither Auctioneer nor Seller will be liable for any loss or damage to a Lot after such Lot is sold at the Auction, other than as may be directly and solely caused by Auctioneer's negligence, gross negligence, or intentional misconduct in handling and safeguarding the Lot while in Auctioneer's sole and exclusive possession.
36. **Buyer's Remedies; Bidders/Buyers Not Entitled to Incidental or Consequential Damages.** To the extent that any Bidder or Buyer may be entitled to damages or remedies, the sole and exclusive remedy available to Bidders and Buyers is a return of the Purchase Price actually paid. Under no circumstances will Auctioneer or the Seller be liable for incidental or consequential damages, including, without being limited to lost profits or reduced productivity. Each Bidder acknowledges and agrees that no Bidder or Buyer is entitled to specific performance or other equitable relief.
37. **Seller's Remedies.** If any Buyer breached such Buyer's obligations under these Terms or under a sale contract with the Seller of Property sold at the Auction, in addition to all other legal and equitable remedies, such property may be resold and the breaching Buyer will be responsible for any and all damages, including any deficiency or reduction in the Purchase Price, along with incidental damages.

Bidder Terms and Conditions Continued...

38. **Indemnification.** Each Bidder agrees to indemnify, defend, and hold Auctioneer and Seller harmless from any current or future claim regarding the Auction or the Property, including, without being limited to, fitness, use, damage, safety, or injuries to persons or property.
39. **Private Sale.** No Participant or Registered Bidder may offer to enter into a Private Sale for the purchase of any of the Property prior to, during, or after the Auction. If any of the Property is not Knocked Down at the Auction and Bidder enters into an agreement to buy (i) any of the Personal Property from the Seller within ten (10) days after the Auction, and/or (ii) any of the Real Property within ninety (90) days after the Auction, Bidder shall pay to Auctioneer an amount equal to Auctioneer's full commission and Buyer's Premium.
40. **Waiver.** Certain provisions of these Bidder Terms are for the exclusive benefit of Auctioneer and/or Seller(s). Such provisions, including, without being limited to, Bidder registration and qualification requirements, deposit and payment terms (including the method, form, and timing of payment), removal and delivery terms, and Property inspection terms), do not create, and will not be deemed to create, any benefits or rights in favor of any other persons, including competing Bidders, and may not be enforced by any other persons. Either globally or on a case by case basis Auctioneer and/or Seller may (but will not be required to) waive any provisions of these Terms that are intended for the benefit of Auctioneer and/or Seller.
41. **Compliance with the Law.** Bidder shall not engage in any illegal conduct on the Auction Site and shall comply with all federal, state, and local laws. Bid pooling occurs when Bidders collude to regulate, and artificially suppress, bidding in an effort to reduce the Hammer Price. Anyone participating in bid pooling will be removed from the Auction Site and referred for prosecution. Theft is a serious offense, and, if discovered, will be prosecuted to the fullest extent of the law. Instances of theft will result in immediate termination of bidding and removal from the Auction Site.
42. **Governing Law; Jurisdiction; Venue; Waiver of Jury Trial.** These Bidder Terms will be governed by and construed in accordance with the laws of the State of Indiana, including its statutes of limitations, but without regard to its rules governing conflict of laws. All claims, disputes, and other matters between the parties will be brought in the state or federal courts sitting in and for Elkhart County, Indiana, which courts will have exclusive jurisdiction, and will be the exclusive venue, for any and all such claims, disputes, and other matters. By submitting a Bidder Registration and accepting a Bidder Number each Registered Bidder irrevocably and unconditionally (i) agrees that any claim or suit relating to these Bidder Terms, or the transactions contemplated hereby, will be brought in the state or federal courts sitting in and for Elkhart County, Indiana; (ii) consents to the jurisdiction of such courts for any such claim, suit or cause of action; (iii) waives any objection that such party may have to the laying of venue of any such claim, suit or cause of action in such courts; and (iv) waives any objection to the bringing of such claim, suit or cause of action in such courts on the grounds of *forum non conveniens*. Each Bidder, Buyer, and other Participants waive the right to a jury trial.
43. **Attorneys' Fees.** If any Participant breaches such Participant's obligations under these Terms, Auctioneer and/or Seller will be entitled to recover all costs and expenses, including attorneys' fees incurred in enforcing their rights.
