Taurus Craco is pleased to offer a course designed to enhance all aspects of **Moulder Set-up**. For today's short run — quick delivery business environment.

The program runs for 2 1/2 days the week of June 10th, 2013

8:30am - 4:30pm at our head office in Brampton.

Training begins at 8:30am sharp with a complimentary continental breakfast and lunch provided. We ask that all participants please arrive at 8:15am so that we may begin on time.

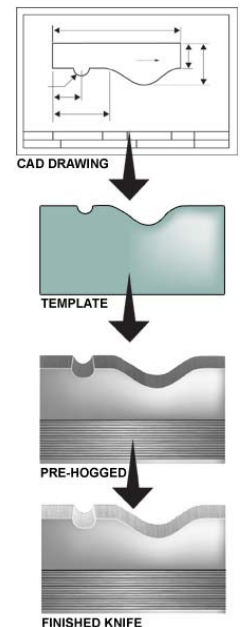

All participants will be given safety and training manuals. Upon completion of the course, graduates will receive a Certificate from Weinig.

Topics For Grinder Training:

- Template layout and grinding theory
- Alignment of grinder
- Hands on knife grinding
- Trouble shooting exercises
- Tool measuring
- Axial constant
- Safety overview

Topics For Moulder Training:

- Basic moulder theory
- Proven results for:
 - Decreased change-over time
 - Increased dimensional accuracy
 - Higher quality of finish
- Moulder diagnostics
- Safety overview
