Terms of Use for the Portfolio Analysis Feature

U.S. Bancorp Investments, Inc. ("USBI") is distributing these Terms of Use (these "Terms") and making the USBI Portfolio Analysis Feature available to current and prospective customers of USBI's Automated Investor service ("Automated Investor" or the "Service"). These Terms, as they may be amended from time to time, are the general terms and conditions governing users' access to and use of the Portfolio Analysis Feature through one or more websites or mobile applications maintained by USBI or its designees (collectively, the "Site"). By accessing and using the Portfolio Analysis Feature, the user, and user's spouse or spousal equivalent if jointly accessing and using the Portfolio Analysis Feature ("User"), agree to all such terms and conditions. Use of the Site and Service by persons who open an advisory account with the Service will be governed by a separate Investment Advisory Agreement. FutureAdvisor (the "Service Provider"), a wholly-owned subsidiary of BlackRock, Inc., develops and provides the algorithm that generates the Portfolio Analysis Feature's financial and/or retirement projections and asset allocation, subject to certain constraints and oversight by USBI.

By using the Portfolio Analysis Feature, a user consents to the electronic delivery of all current and future communications delivered or provided by the Service or the Portfolio Analysis Feature. Users also authorizes Automated Investor to deliver such communications to a user's e-mail address of record. User's consent is effective immediately and a user agrees that his or her access to Automated Investor is conditioned upon a user's consent to electronic delivery, notwithstanding any other agreement a user has entered into with U.S. Bancorp Investments or its affiliates providing otherwise, or e-mail opt out request to U.S. Bancorp Investments or its affiliates user may have made.

If user has a customer relationship with U.S. Bancorp Investments or its affiliates at the time he or she uses the Portfolio Analysis Feature, the Portfolio Analysis Feature will automatically aggregate a user's asset information as it relates to those financial accounts held at U.S. Bancorp Investments and U.S. Bancorp Investment's affiliates, in addition to joint accounts, linked accounts, and other accounts over which User has legal title or power of attorney. To authorize U.S. Bancorp Investments (or its designee) to aggregate those accounts and other a user's accounts held at third party financial institutions, after beginning to use the Portfolio Analysis Feature, a user will need to enter on the Site the User ID, Password, and other login information and credentials necessary to access

account information for such accounts. Aggregated account information is an input into the Portfolio Analysis Feature relied upon for its goal projections and evaluation of a user's implementation of its suggested guidance. User can disable the aggregation of any and all account information from external financial institutions at any time, through the Site. The Portfolio Analysis Feature will not automatically aggregate accounts held solely in the name of User's spouse or spousal equivalent.

The Portfolio Analysis Feature is provided for individual and personal use and not for any other purpose. This feature is strictly an educational and informational aid that provides goal projections and suggested asset allocation guidance intended to help User realize his or her goals, but does not provide investment, legal, tax, accounting, financial planning, or any other advice. A user understands and agrees that he or she is responsible for his or her own financial research and decisions, that a portfolio analysis is only one of many educational and informational resources that User may use as part of a comprehensive and robust investment analysis process, that a user should not and will not rely on this feature as the primary basis of his or her investment decisions. A user understands and acknowledges that he or she may accept, reject, or modify any or all of the suggested guidance and has complete control over the implementation of such guidance.

Because the Portfolio Analysis Feature only provides goal projections and suggested guidance based on a user's stated financial situation, investment time horizon, and risk tolerance, including a suggested asset allocation, rather than recommending individual securities, U.S. Bancorp Investments will not undertake an individualized user suitability determination in connection with the Portfolio Analysis Feature. Further, the Portfolio Analysis Feature's suggested guidance does not constitute, nor should a user understand it to constitute, investment advice or recommendations, and U.S. Bancorp Investments is not acting as a fiduciary investment adviser in communicating or developing that information, as applicable. In light of the foregoing, a user understands and acknowledges that in making the portfolio analysis feature available, none of USBI, Service Provider, or their respective affiliates are offering or providing any advice, opinion, or recommendation regarding the suitability, value, or profitability of any investment guidance, including an allocation to a particular asset class or an asset allocation strategy. In addition, if the Portfolio Analysis Feature is used by User (an "ERISA User") as a trustee or other fiduciary including, but not limited to, a person meeting the definition of "fiduciary" under the Employee Retirement Income Security Act of 1974 ("ERISA") of a plan within the meaning of ERISA Section 3(3) or Section 4975(e) of the Internal Revenue Code of 1986, ERISA User understands, acknowledges, and agrees that: (i) the Portfolio Analysis Feature is provided to ERISA User solely and exclusively for general educational and informational purposes, is not intended to constitute a recommendation, and that U.S. Bancorp Investments is not acting as a fiduciary investment advisor within

the meaning of U.S. Department of Labor Regulation 2510.3-21(b)(1) with respect to any of ERISA User's assets that are subject to ERISA; and (ii) neither USBI nor Service Provider will comply with any U.S. Department of Labor Prohibited Transaction Exemption in connection with the Portfolio Analysis Feature.

All content provided with the Site, including the Portfolio Analysis Feature, is provided "As Is" and "As Available" and is without warranty of any kind, express or implied, including, but not limited to, the implied warranties of title, non-infringement, merchantability, and fitness for a particular purpose, and any warranties implied by any course of performance or usage of trade, all of which are expressly disclaimed by USBI and Service Provider.

The Portfolio Analysis Feature relies on the accuracy and completeness of user information. A user agrees to supply any information that is requested in order to use the Portfolio Analysis Feature. A user is solely responsible for providing true, accurate, and complete Information. If User supplies false, incomplete, or materially inaccurate information, the Portfolio Analysis Feature's goal projections and suggested guidance may not be accurate or meet the users' needs or expectations. In addition, the Portfolio Analysis Feature does not consider in its analysis accounts and assets that User does not aggregate or input.

If you have any questions or concerns, contact us to consult with an investment professional at (866) 758-8655. The illustrative portfolios cannot account for the impact that economic, market, and other factors may have on an actual investment portfolio. Unlike actual portfolios, the asset allocations shown in the Automated Investor Service do not reflect actual trading, liquidity constraints, fees, expenses, taxes and other factors that could impact your realized future returns.

The Automated Investor Service's automatic tax-loss harvesting should not be interpreted as tax advice and there is no representation that the tax consequences detailed will be obtained or that the tax-loss harvesting strategy will result in any particular tax outcome. Investors should consult with their personal tax advisors regarding the tax consequences of investing through the Automated Investor Service and engaging in this tax-loss harvesting strategy, based on their particular circumstances. The Automated Investor Service assumes no responsibility for the tax consequences to any investor of any transaction.

Diversification and asset allocation strategies do not guarantee low volatility, profit or protection against loss.

Past performance is no guarantee of future results.

GUARANTEED ▪ NOT INSURED BY ANY FEDERAL GOVERNMENT
AGENCY**

U.S. Wealth Management - U.S. Bancorp Investments is a marketing logo for U.S. Bancorp Investments.

A portfolio analysis is a free financial education feature offered through U.S. Bancorp Investments as broker-dealer. Users of the portfolio analysis feature should understand that if they choose to implement the education, they will incur additional costs and expenses associated with investing, including the underlying fees and expenses of the funds in which they invest, trading costs and taxable gains/losses associated with their investments.

Automated Investor is a U.S. Bancorp Investments advisory program. Investment products and services are available through U.S. Bancorp Investments, the marketing name for U.S. Bancorp Investments, Inc., member [FINRA](#) and [SIPC](#), an investment adviser and brokerage subsidiary of U.S. Bancorp and affiliate of U.S. Bank. U.S. Bank is not responsible for and does not guarantee products,

IMPORTANT: The projections or other information generated by Automated Investor regarding the likelihood of various investment outcomes are hypothetical in nature, do not reflect actual investment results and are not guarantees of future results. Results may vary with each use and over time.

Investing involves risk, including possible loss of principal.

Past performance is not indicative of future results. The tax loss harvesting and other tax strategies discussed should not be interpreted as tax advice and there is no representation that such strategies will result in any particular tax consequence. Users should consult with their personal tax advisors regarding the tax consequences of investing.

Tax-efficient investing is designed to help optimize your portfolio by allocating less tax-efficient assets to tax-advantaged accounts.

FINRA Rule 2267 provides for BrokerCheck to allow investors to learn about the professional background, business practices, and conduct of FINRA member firms or their brokers. To request such information, contact FINRA toll-free at 1.800.289.9999 or via [BrokerCheck](#). An investor brochure describing BrokerCheck is also available through FINRA.
