

# MicroBlue®

## Performance

Max flow	Max head	Max suction lift
1.3 gallons/hour	16 feet	6 feet

## Sensing Options

with reservoir sensor

Dual voltage

110v-230v X87-003

# MaxiBlue®

## Performance

Max flow	Max head	Max suction lift
3.7 gallons/hour	23 feet	16.5 feet

## Sensing Options

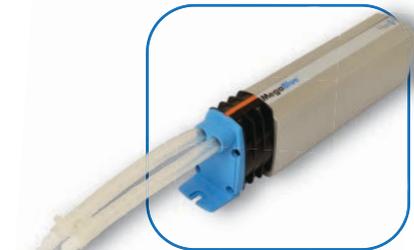

with reservoir sensor      with Drainstik®      with temperature sensor

110v X87-711      110v X87-712      110v X87-713

230v X87-721      230v X87-722      230v X87-723

# MegaBlue®

## Performance

Max flow	Max head	Max suction lift
13.2 gallons/hour	66.5 feet	23 feet

## Sensing Options

with reservoir sensor      with Drainstik®      with temperature sensor

Dual voltage      Dual voltage      Dual voltage

110v-230v X87-835      110v-230v X87-834      110v-230v X87-833

## BlueDiamond® technology

Not only are all BlueDiamond® pumps backed by a three year warranty, the entire range uses the BlueDiamond® patented rotary diaphragm technology. The condensate is drawn into the pump by vacuum and mechanically driven within a re-inforced elastomer diaphragm to the outlet under pressure. This system even tolerates suspended solids and light slurries whilst happily running dry.

## Accessories

Flexible stepped adapter C01-231      Ridged stepped adapter C01-226      Extension cable C13-103      MicroBlue® alarm extension cable C13-208

MaxiBlue®/MegaBlue® alarm extension cable C13-192      Mounting feet F10-011      MultiTank C21-014

## Why choose BlueDiamond®?

The complete BlueDiamond® range is:

- whisper quiet
- eliminates the need for check valves and siphoning
- tolerates suspended solids
- can run wet or dry
- is UL and Plenum Rated

**3** year warranty
