STANDARD PIPE CLAMPS

Quality
ISO 9001
System

TECHNICAL SPECIFICATION: Oatey Standard Pipe Clamps provide fast and easy installation of all types of copper tube sized and drain, waste and vent sized piping. Standard Pipe Clamps are designed to permit quick pipe cooling and reduce water noise. The design allows the piping to be flush mounted to the wall and joists. Standard Pipe Clamps can be used with hydronic heating systems.

PHYSICAL/CHEMICAL PROPERTIES

Material   Polypropylene
Color   Gray

DIRECTIONS FOR USE

Open clamp and snap over pipe or tube. Slide into position and secure with barbed nail or screw. Check with local codes to ensure proper spacing requirements for piping support. NOTE: When using with DWV or Galvanized piping, use the next larger clamp size than the pipe.

PRECAUTIONS

Read cautions and directions on packaging carefully before using this product. KEEP OUT OF REACH OF CHILDREN.

COMMON APPLICATIONS

Standard Pipe Clamps provide fast and easy installation and support for all types of piping.

Consult Oatey Technical Department for applications not specifically referenced above.
